CHAPTER NO. 438

[HB 380]

AN ACT ESTABLISHING THE EXTENDED JURISDICTION PROSECUTION ACT; PROVIDING THAT A YOUTH COURT MAY IMPOSE AN ADULT CRIMINAL SENTENCE THAT IS STAYED ON CERTAIN CONDITIONS; PROVIDING THAT A YOUTH COURT JUDGE MAY SENTENCE A YOUTH TO A STATE YOUTH CORRECTIONAL FACILITY; PROVIDING THAT A YOUTH COURT JUDGE MAY RETAIN JURISDICTION IN CERTAIN DISPOSITIONS; PROVIDING FOR THE TRANSFER OF A YOUTH COURT CASE TO DISTRICT COURT AFTER DISPOSITION IN YOUTH COURT; AMENDING SECTIONS 41-5-206 AND 41-5-523, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Extended Jurisdiction Prosecution Act".

Section 2. Extended jurisdiction prosecution defined — jurisdiction extended. (1) A youth court case involving a youth alleged to have committed an offense that would be a felony if committed by an adult is an extended jurisdiction prosecution if:

(a) the youth was at least 14 years of age at the time of the alleged offense, the prosecutor requests that the case be designated an extended jurisdiction prosecution, a hearing is held under [section 3], and the court designates the case as an extended jurisdiction prosecution; or

(b) the alleged offense is transferable under 41-5-206 or the youth was at least 12 years of age at the time of the alleged offense and allegedly used a weapon.

(2) To enforce the court's disposition in an extended jurisdiction prosecution, the court shall retain jurisdiction until the case is transferred to district court under [sections 1 through 5] or jurisdiction is terminated under the provisions of 41-5-205.

Section 3. Hearing — court designation. (1) When a prosecutor requests that a case be designated as an extended jurisdiction prosecution under [section 2(1)(a)], the court shall hold a hearing to consider the request.

(2) The hearing must be held within 30 days of the filing of the request unless good cause is shown by the prosecutor or the youth that the hearing should be held later, in which case the hearing must be held within 90 days of the request.

(3) If the prosecutor shows by clear and convincing evidence that designating the case as an extended jurisdiction prosecution serves public safety, the court may, within 15 days after the hearing, designate the case as an extended jurisdiction prosecution.

(4) An order designating a case as an extended jurisdiction prosecution is not appealable until after disposition under [section 4].

Section 4. Disposition in extended jurisdiction prosecutions. (1) If a youth in an extended jurisdiction prosecution pleads guilty to or is found guilty of an offense described in [section 2(1)(b)], the court shall:

(a) impose one or more juvenile dispositions under 41-5-523; and

(b) impose an adult criminal sentence, the execution of which must be stayed on the condition that the youth not violate the provisions of the disposition order and not commit a new offense. If the youth violates the conditions of the stay or commits a new offense, the adult criminal sentence must be executed as provided in [section 5].

(2) Except as provided in subsection (3), if a youth in an extended jurisdiction prosecution is convicted of an offense not described in [section 2(1)(b)], the court shall adjudicato the youth delinquent and order a disposition under 41-5-523.

(3) If a youth in an extended jurisdiction prosecution pleads guilty to an offense not described in [section 2(1)(b)], the court may impose, with the youth's consent, a disposition provided under subsection (1)(b). If the youth does not consent to disposition under subsection (1)(h), the court shall impose a disposition as provided under subsection (2).

Section 5. Execution of adult sentence — exception — transfer to district court. (1) If a court has imposed on a youth an adult criminal sentence stayed under [section 4(1)(b)] and the youth violates the conditions of the stay or is alleged to have committed a new offense, the court may, without notice, direct that the youth be taken into immediate custody and revoke the stay. The court shall notify the youth in writing of the reasons for the revocation.

(2) (a) If the youth challenges the reasons for the revocation, the court shall hold a summary hearing at which the youth is entitled to be heard and represented by counsel.

HeinOnline -- 1995 vol. II 2050 1995

(b) After the hearing, if the court finds by a preponderance of the evidence presented that the conditions of the stay have been violated, the court shall:

(i) order execution of the sentence imposed under [section 4(1)(b)]; or

(ii) continue the stay and make written findings regarding the mitigating factors that justify continuing the stay.

(3) If the stay of an adult sentence is revoked under this section, jurisdiction must be transferred to district court for execution of the sentence, subject to 41-5-206(8) and (9).

Section 6. Transfer to district court after prosecution — disposition in district court — limitation on jurisdiction. (1) To ensure continued compliance with the court's disposition under 41-5-523, at any time after a youth reaches 18 years of age but before the youth reaches 21 years of age, the youth court judge may transfer jurisdiction to district court and order the department to transfer supervisory responsibility and the youth's case files to the department of corrections and human services.

(2) If a youth whose case has been transferred to district court under this section violates a disposition imposed under 41-5-523, the district court may impose conditions as provided under 46-18-201 through 46-18-203.

(3) If, at the time of transfer, the youth is incarcerated in a state youth correctional facility, the district court may order that the youth, after reaching 18 years of age:

(a) be incarcerated in a state adult correctional facility, boot camp, or prerelease center; or

(b) be supervised by the department of corrections and human services.

(4) The district court's jurisdiction over a case transferred under this section terminates when the youth reaches 25 years of age.

Section 7. Section 41-5-206, MCA, is amended to read:

"**41-5-206. Transfer to criminal court *prior to prosecution*.** (1) After a petition has been filed alleging delinquency, the court may, upon motion of the county attorney, before hearing the petition on its merits, transfer the matter of prosecution to the district court if:

(a) (i) the youth charged was 12 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act would constitute sexual intercourse without consent as defined in 45-5-503, deliberate homicide as defined in 45-5-102, mitigated deliberate homicide as defined in 45-5-103, or the attempt, as defined in 45-4-103, of either deliberate or mitigated deliberate homicide if the act had been committed by an adult; or

(ii) the youth charged was 16 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

(A) negligent homicide as defined in 45-5-104;

(B) arson as defined in 45-6-103;

(C) aggravated or felony assault as defined in 45-5-202;

(b) a hearing on whether the transfer should be made is held in conformity with the rules on a hearing on a petition alleging delinquency, except that the hearing will be conducted by the youth court without a jury;

(c) notice in writing of the time, place, and purpose of the hearing is given to the youth, his *the youth's* counsel, and ~~his~~ *the youth's* parents, guardian, or custodian at least 10 days before the hearing; and

(d) the court finds upon the hearing of all relevant evidence that there is probable cause to believe that:

(i) the youth committed the delinquent act alleged;

(ii) the seriousness of the offense and the protection of the community require treatment of the youth beyond that afforded by juvenile facilities; and

(iii) the alleged offense was committed in an aggressive, violent, or premeditated manner.

(2) In transferring the matter of prosecution to the district court, the court may also consider the following factors:

(a) the sophistication and maturity of the youth, determined by consideration of the youth's home, environmental situation, and emotional attitude and pattern of living;

(b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.

(3) The court shall grant the motion to transfer if the youth was 16 years old or older at the time of the conduct alleged to be unlawful and the unlawful act would constitute deliberate homicide as defined in 45-5-102, mitigated deliberate homicide as defined in 45-5-103, or the attempt, as defined in 45-4-103, of either deliberate or mitigated deliberato homicide if the act had been committed by an adult.

(4) Upon transfer to district court, the judge shall make written findings of the reasons why the jurisdiction of the youth court was waived and the case transferred to district court.

(5) The transfer terminates the jurisdiction of the youth court over the youth with respect to the acts alleged in the petition. A youth may not he prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been transferred as provided in this section. *A case may be transferred to district court after prosecution as provided in [section 5] or [section 6].*

(6) Upon order of the youth court transferring the case to the district court *under subsection (5)*, the county attorney shall file the information against the youth without unreasonable delay.

(8) If a youth is found guilty in district court of any of the offenses transferred by the youth court and is sentenced to the state prison, the commitment must be to the department of corrections and human services. The department shall confine the youth in whatever institution it considers proper, including a state youth correctional facility under the procedures of 52-5-111; ~~however~~ *However*, ~~no~~ *a* youth under 16 years of age may *not* be confined in the state prison.

(9) A youth whose case is transferred to district court may not be detained or otherwise placed in a jail or other adult detention facility before final disposition of ~~his~~ *the* case unless:

Section 8. Section 41-5-523, MCA, is amended to read:

(5) A partner who becomes a limited partner as a result of the conversion remains liable as a partner for an obligation, incurred by the partnership before the conversion takes effect, *for which the partner is personally liable under 35-10-307 and 35-10-629.* If the other party to a transaction with the limited partnership reasonably believes when entering the transaction that the limited partner is a general partner, the partner is liable for an obligation incurred by the limited partnership within 90 days after the conversion takes effect *but only to the extent that the limited partner would have been personally liable for the partnership under 35-10-307 or 35-10-629 immediately prior to the conversion.* The partner's liability for all other obligations of the limited partnership incurred after the conversion takes effect is that of a limited partner as provided in Title 35, chapter 12."

Section 17. Section 35-10-636, MCA, is amended to read:

"**35-10-636. Conversion of limited partnership to partnership.** (1) A limited partnership may be converted to a partnership pursuant to this section.

(2) Notwithstanding a provision to the contrary in a limited partnership agreement, the terms and conditions of a conversion of a limited partnership to a partnership must be approved by all the partners.

HeinOnline -- 1995 vol. II 2101 1995

(3) After the conversion is approved by the partners, the limited partnership shall cancel its certificate of limitsd partnership pursuant to 35-12-603.

(4) The conversion takes effect when the certificate of limitsd partnership is canceled.

(5) A limited partner who becomes a partner as a result of the conversion remains liable only as a limited partner for an obligation incurred by the limited partnership before the conversion takes effect. The limited partner is liable as a partner for an obligation of the partnership *for which the partner is personally liable under 35-10-307 or 35-10-629 and which arises or is* incurred after the conversion takes effect."

Section 18. Registration of limited liability partnerships. (1) To become a limited liability partnership, a partnership shall file with the secretary of state an application for registration of an assumed business name, on a form furnished by the secretary of state, that indicates an intention to registsr as a limited liability partnership under this section. The registration of a limited liability partnership under this section is subject to all of the terms and conditions otherwise applicable te the registration of an assumed business name pursuant to Title 30, chapter 13, part 2.

(3) The secretary of state shall register as a limited liability partnership any partnership that substantially complies with Title 30, chapter 13, part 2, and this section.

(4) A partnership's registration under this section is effective when the secretary of state files the partnership's application for registration of an assumed business name under subsection (1) and remains in effect until it is canceled by the secretary of state pursuant te Title 30, chapter 13, part 2.

(5) The fact that an application for registration of an assumed business name under this section or any renewals of the assumed business name is on file with the office of the secretary of state is notice that the partnership is a limited liability partnership and is notice of all other facts set forth in the application.

(6) The secretary of state shall provide necessary forms for the registration of a limited liability partnership under subsection (1) or any renewals of registration.

Section 19. Effect of registration — entity unchanged. (b) all debts, obligations, or liabilities of and chargeable to the partnership continue as debts, obligations, or liabilities of the partnership; and

(c) any actions or proceedings pending by or against the partnership may be continued as if the registration under [section 18] had not occurred.

(3) If a partnership dissolves and its business continues without liquidation of the partnership affairs, the registration of the limited liability partnership must be considered continued and must continue to he applicable to the partnership continuing the business. The partnership continuing the business is considered to have filed any documents required or permitted under this section that were filed by the dissolved partnership. The partnership continuing the business shall renew its registration at the time the dissolved partnership would have been required to file an application for renewal pursuant to Title 30, chapter 13, part 2.

(4) If a partnersbip dissolves, winds up its affairs, and liquidates, the registration of the limited liability partnership must be considered continued and must remain in effect as to the partnership and the partners during the period of dissolution, winding up, and liquidation and as to the partners subsequent to dissolution, winding up, and liquidation as to debts, obligations, or liabilities for which a partner was not personally liahle under 35-10-307 or 35-10-629.

STATEMENT OF INTENT

(1) A statement of intent is required for this bill because [section 16] grants the department of revenue authority to adopt rules for the implementation and administration of the new production taxes imposed on oil and natural gas.

(2) The legislature contemplates that rules adopted by the department should, at a minimum, address the following:

(a) the forms and other documents required for the reporting and payment of the oil and natural gas production tax;

(b) the definition and clarification of the categories of oil and natural gas subject to taxation;

(c) the requirements for the maintenance of records and other documents required to ensure proper payment of oil and natural gas production taxes;

HeinOnline -- 1995 vol. III 2105 1995

(d) the process for the estimation and collection of delinquent or unpaid taxes; and

(e) the procedures for the efficient collection of the oil and natural gas production tax.

(3) [This act] takes effect before taxes on the oil and gas net proceeds tax, the local government severance tax, the state oil and gas severance tax, the resource indemnity and ground water assessment tax, and the oil and gas privilege and license tax for certain production periods will have been paid. The legislature intends that the department establish procedures to ensure that all tax liabilities for production occurring before January 1, 1996, are satisfied. The legislature also intends that the department establish procedures for the proper distribution of this tax revenue to all affected governmental entities and funds.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 20] may be cited as the "Montana Oil and Natural Gas Production Tax Act".

Section 2. Legislative findings and declaration of purpose. (1)(a) The legislature finds that the extraction taxes imposed on the production of oil and natural gas have been exceedingly complex and confusing. Oil and natural gas producers have been required to file several tax forms and to pay taxes at different times on the same production.

(b) The legislature further finds that it is in the best interest of the state and in the best interest of oil and gas producers to simplify the taxation of oil and natural gas production.

(2) The legislature declares that the purposes of [sections 1 through 20] are:

(a) to replace all net proceeds taxes, severance taxes, privilege and license taxes, and other extraction taxes on oil and natural gas production with a single production tax based on the type of well and type of production;

(b) to ensure that the distribution of tax revenue to the state, counties, and school districts from the new production taxes is consistent with the distribution of tax revenue from the former extraction taxes;

(c) to simplify the procedures for compliance with and the administration of the taxation of oil and natural gas production;

(d) to provide an incentive for oil and natural gas producers to pay 1995 local government severance taxes on an accelerated basis; and

(e) to provide discretionary authority to counties and school districts for the use of the accelerated payments of the local government severance tax.

Section 3. Definitions. As used in [sections 1 through 20], the following definitions apply:

(1) "Board" means the board of oil and gas conservation provided for in 2-15-3303.

(2) "Department" means department of revenue provided for in 2-15-1301;

(4) "Existing enhanced recovery project" means an enhanced recovery project that began development before January 1, 1994.

(5) "Expanded enhanced recovery project" or "expansion" means the addition of injection wells or production wells, the recompletion of existing wells as horizontally completed wells, the change of an injection pattern, or other operating changes to an existing enhanced recovery project that will result in the recovery of oil that would not otherwise be recovered. The project must be developed after December 31, 1993, and before January 1, 2002.

(6) "Gross taxable value", for the purpose of computing the oil and natural gas production tax, means the gross value of the product as determined in [section 5].

(7) "Horizontal drain hole" means that portion of a well bore with 70 degrees to 110 degrees deviation from the vertical and a horizontal projection within the common source of supply, as that term is defined by the board, that exceeds 100 feet.

(a) a well with one or more horizontal drain holes; and

(b) any other well classified by the board as a horizontally completed well.

(9) "Incremental production" means:

(i) the commencement of the recompletion of a well as a horizontally completed well;

(ii) expansion of the existing enhanced recovery project; or

(iii) commencing a new enhanced recovery project; or

(b) in the case of any project that had no taxable production prior to commencing the enhanced recovery project, all production of oil from the enhanced recovery project.

(12) "Nonworking interest owner" means any interest owner who does not share in the exploration, development, and operation costs of the lease or unit, except for production taxes.

HeinOnline -- 1995 vol. III 2107 1995

(13) "Oil" means crude petroleum or mineral oil and other hydrocarbons, regardless of gravity, that are produced at the wellhead in liquid form and that are not the result of condensation of gas after it leaves the wellhead.

(14) "Operator" or "producer" means a person who produces oil or natural gas within this state or who owns, controls, manages, leases, or operates within this state any well or wells from which any marketable oil or natural gas is extracted or produced.

(15) "Post-1985 well" means an oil or natural gas well drilled after June 30, 1985, other than horizontally completed or recompleted oil wells drilled after December 31, 1993, that produces oil or natural gas or a well that has not produced oil or natural gas during the 5 years immediately preceding the first month of qualifying as a post-1985 well.

(16) "Pre-1985 well" means an oil or natural gas well that was drilled before July 1, 1985.

The approved production decline rate must be certified in writing to the department by the board. In that certification, the board shall identify the project area and shall specify the projected rate of future oil production by calendar year and by calendar quarter within each year. The certified rate of future oil production must he used to determine the volume of incremental production that qualifies for the tax rate imposed under [section 4(4)(d)].

(19) "Secondary recovery project" means an enhanced recovery project, other than a tertiary recovery project, that commenced or was expanded after December 31, 1993, and before January 1, 2002, and meets each of the following requirements:

(a) The project must be certified as a secondary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated according to the specifications required by the board.

(c) The project must involve the application of secondary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of oil that may potentially be recovered. For purposes of [sections 1 through 20], secondary recovery methods include but are not limited to:

(i) the injection of water into the producing formation for the purposes of maintaining pressure in that formation or for the purpose of increasing the flow of oil from the producing formation to a producing well bore; or

HeinOnline -- 1995 vol. III 2108 1995

(ii) any other method approved by the board as a secondary recovery method.

(20) "Stripper natural gas" means the natural gas produced from any well that produces less than 60,000 cubic feet of natural gas a day during the calendar year immediately preceding the current year. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and hy dividing the resulting quotient by 365.

(21) "Stripper oil" means the oil produced from any well that produces less than 10 barrels a day for the calendar year immediately preceding the current year. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365.

(22) "Tertiary recovery project" means an enhanced recovery project, other than a secondary recovery project, using a tertiary recovery method that meets the following requirements:

(a) The project must be certified as a tertiary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated in the certification according to the specifications required by the board.

(c) The project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of crude oil that may potentially be recovered. For purposes of [sections 1 through 20], tertiary recovery methods include but are not limited te:

(i) miscible fluid displacement;

(ii) steam drive injection;

(iii) micellar/emulsion flooding;

(i) first 12 months of qualifying production	3.35%	15%
(ii) after 12 months	15.35%	15%
(c) stripper natural gas pre-1985 and post-1985 wells	11.2%	15%

(3) The reduced tax rate under subsection (2)(b)(i) on natural gas production for the first 12 months of natural gas production from a post-1985 well begins following the last day of the calendar month immediately preceding the month in which natural gas is placed in a natural gas distribution system, provided that notification has been given to the department.

(4) Oil is taxed on the gross taxable value of production based on the type of well and type of production according to the following schedule for working interest and nonworking interest owners:

	Working Interest	Nonworking Interest
(a) primary recovery production		
(i) pre-1985 wells	14.1%	17.1%
(ii) post-1985 wells		
(A) first 12 months of qualifying production	5.7%	15%

(ii) after 18 months	12.7%	12.7%

(5) (a) The reduced tax rate under subsection (4)(a)(ii)(A) on oil production for the first 12 months of oil production from a post-1985 well begins following the last day of the calendar month immediately preceding the month in which oil is pumped or flows, provided that notification has been given to the department.

(b) The reduced tax rate under subsection (4)(c)(i) on oil production from a horizontally completed well and the reduced tax rate under subsection (4)(e)(i) on oil production from a horizontally recompleted well for the first 18 months of production begins following the last day of the calendar month immediately preceding the month in which oil is pumped or flows, provided that the well has been certified as a horizontally completed well or as a horizontally recompleted well to the department by the board.

(c) Incremental production is taxed as provided in subsection (4)(d) if the average price per barrel of oil as reported in the Wall Street Journal for west Texas intermediate crude oil during a calendar quarter is less than $30 a barrel. If the price of oil is equal to or greater than $30 a barrel in a calendar quarter

HeinOnline -- 1995 vol. III 2111 1995

as determined in subsection (5)(d), incremental production is taxed at the rate imposed on primary recovery production under subsection (4)(a)(i) for production occurring in that quarter.

(d) For the purposes of subsection (5)(c), the average price per barrel must be computed by dividing the sum of the daily price for west Texas intermediate crude oil as reported in the Wall Street Journal for the calendar quarter by the number of days on which the price was reported in the quarter.

Section 5. Determination of gross value of product. The total gross value of all oil or natural gas produced and sold each quarter must be detormined by taking the total number of barrels or cubic feet of oil or natural gas produced and sold each month at the average value at the mouth of the well during the month that the oil or natural gas is produced and sold, as determined by the department. However, in computing the total number of barrels of oil or cubic feet of gas produced and sold, there must be deducted the amount of oil or gas used by the person in connection with the operation of the well from which the oil or gas is produced or for pumping the oil or gas from the well to a tank or pipeline.

Section 6. Certain royalties exempt. Exempt from taxation are royalties received by:

(1) an Indian tribe with respect to on-reservation oil and gas production pursuant to a lease entered into under the Indian Mineral Leasing Act of 1938, 25 U.S.C. 396a-396g;

(2) the United States as trustee for individual Indians; and

(3) the United States, the state of Montana, or a county or municipal government in Montana.

Section 7. Operator responsible for payment — deduction of taxes from royalty payments. (1) Each operator required to pay the oil and natural gas production tax under [sections 1 through 20] shall pay the tax in full for the operator's own account and for the account of each of the other owners of the gross value of product or in kind of all the marketable oil or natural gas produced and sold. Other owners include an owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, production payments, and all other interest or interests owned or carved out of the total gross value of product or in kind of the extracted marketable oil or natural gas.

(2) Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners must be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts.

Section 8. Quarterly payment of tax — statement — failure to pay penalty. (1) The oil and natural gas production tax must be paid in quarterly installments for the quarterly periods ending, respectively, March 31, June 30, September 30, and December 31 of each year, and the amount of the tax for each quarterly period must be paid to the department within 60 days after the end of each quarterly period.

HeinOnline -- 1995 vol. III 2112 1995

(2) The operator sball complete on forms prescribed by the department a statement showing the total number of barrels of merchantable or marketable oil or cubic feet of natural gas produced and sold by the person in the state during each month of the quarter and during the whole quarter, the average value of the production sold during each month, and the total value of the production sold for the whole quarter, together with the total amount due as taxes for the quarter. The statement must be filed within the time provided in subsection (1). The statement must be accompanied by the tax due. The statement must be signed by the individual or the president, vice president, treasurer, assistant treasurer, or authorized agent of the association, corporation, joint-stock company, or syndicate making the statement. A person engaged in carrying on business at more than one place in this state or owning, leasing, controlling, or operating more than one oil or gas well in this state may include all operations in one statement.

(3) If the tax is not paid on or before the due date, there must be assessed a penalty of 10% of the amount of the tax not paid. If the tax is not paid when due, interest also must be added at tbe rate of 1% a month or fraction of a month, computed on the total amount of the tax from tbe due date until paid. The department may waive the 10% penalty if reasonable cause for the failure to pay is provided to the department.

Section 9. Record of product — carriers to furnish data — penalty. (1) Each person who purchases oil or natural gas shall keep a record of all oil or natural gas purchased by the person in this state. The records are subject to inspection by the department on reasonable notice at any time during normal business hours.

(2) Each railroad, pipeline, purchasing, and transportation company that carries or purchases oil or natural gas shall furnish to the department, whenever requested to do so, all data related to tbe shipment of oil or natural gas that may be required to properly enforce tbe provisions of [sections 1 through 20]. A railroad, pipeline, purchasing, or transportation company that fails to comply with the provisions of this section is subject to a penalty of $100 for each day that it fails to furnish the statement.

Section 10. Procedure to compute tax in absence of statement — estimation of tax — failure to file penalty and interest. (1) If the operator fails to file any statement required by [section 8] within the time required, the department shall, immediately after the time has expired, ascertain the number of barrels of oil or cubic feet of gas produced and sold by the person in this state during the quarter and during each month of the quarter. The department also shall determine the average value of the barrels of oil produced and sold during each month or the average value of cubic feet of gas produced and sold during each month and fix the amount of the taxes due from the person for the quarter.

(2) The department shall impose a penalty of 10% of the tax due plus interest at the rate of 1% a month or fraction of a month, computed on the total amount of the tax. Interest must be computed from the date on which the oil and natural gas production taxes were due to tbe date of payment. The department shall mail to the taxpayer a notice, pursuant to 15-1-211, of the tax, penalty, and interest proposed to be assessed. The taxpayer may seek review of the determination pursuant to 15-1-211. The notice must contain a statement that if payment is not made, a warrant for distraint may be filed. The department

HeinOnline -- 1995 vol. III 2113 1995

may waive the 10% penalty if reasonable cause for the failure to file the statement required by [section 8] is provided to the department.

Section 11. Deficiency assessment — review — interest. (1) When the department determines that the amount of the tax due is greater than the amount disclosed by a return, it shall mail to the taxpayer a notice, pursuant to 15-1-211, of the additional tax proposed to be assessed. The notice must contain a statement that if payment is not made, a warrant for distraint may be filed. The taxpayer may seek review of the determination pursuant to 15-1-211.

(2) A deficiency assessment must bear interest until paid at the rate of 1% a month or fraction of a month, computed from the original due date of the return.

Section 12. Credit for overpayment — interest on overpayment. (1) If the department determines that the amount of tax, penalty, or interest due for any taxable period is less than the amount paid, the amount of the overpayment must be credited against any tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) Except as provided in subsection (3), interest must be allowed on overpayments at the same rate as is charged on deficiency assessments provided in [section 11] beginning from the due date of the return or from the date of overpayment, whichever date is later, to the date on which the department approves refunding or crediting of the overpayment.

(3) (a) Interest may not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date on which the return is due or from the date on which the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

Section 13. Warrant for distraint. If all or part of the tax imposed by [sections 1 through 20] is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The resulting lien has precedence over any other claim, lien, or demand filed and recorded after the warrant is issued.

Section 14. Exemption from resource indemnity and ground water assessment tax. A person who has paid the tax on oil and natural gas under the provisions of [sections 1 through 20] is exempt from the resource indemnity and ground water assessment tax.

Section 15. Statute of limitations. (1) Except as otherwise provided in this section, a deficiency may not be assessed with respect to the year for which a return is filed unless the notice of additional tax proposed to be assessed is

HeinOnline -- 1995 vol. III 2114 1995

mailed within 5 years from the date on which the return was filed. For the purposes of this section, a return filed before the last day prescribed for filing is considered as filed on the last day. If the taxpayer, before the expiration of the period prescribed for assessment of the tax, consents in writing to an assessment after that time, the tax may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a return is filed after 5 years from the last day prescribed for filing the return or after 1 year from the date of the overpayment, whichever period is later, unless before the expiration of the period, the taxpayer files a claim or the department of revenue has determined the existence of the overpayment and bas approved the refund or credit. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund allowed if a claim is not filed is automatically extended.

(3) If a return is required to be filed and the taxpayer fails to file the return, the tax may be assessed or an action to collect the tax may be brought at any time. If a return is required to be filed and the taxpayer files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department.

Section 16. Rulemaking authority. The department shall adopt rules tbat are necessary to implement and administer [sections 1 through 20].

Section 17. Calculation of unit value. For the purposes of distribution of oil and natural gas production taxes to county and school taxing units for production from pre-1985 wells, the department shall determine the unit value of oil and natural gas for each taxing unit as follows:

(1) The unit value for oil for each taxing unit is the quotient obtained by dividing the net proceeds taxes calculated on oil produced and sold in that taxing unit in calendar year 1988 by tbe number of barrels of oil produced in that taxing unit during 1988, excluding post-1985 wells.

(2) The unit value for natural gas is the quotient obtained by dividing the net proceeds taxes calculated on natural gas produced and sold in that taxing unit in calendar year 1988 by the number of cubic feet of natural gas produced in that taxing unit during 1988, excluding post-1985 wells.

Section 18. Distribution of taxes. (1) For each calendar quarter, tbe department of revenue shall determine the amount of tax, late payment interest, and penalty collected under [sections 1 through 20]. For purposes of distribution of the taxes to county and school taxing units, the department shall determine the amount of oil and natural gas production taxes paid on production from pre-1985 wells, post-1985 wells, and horizontally drilled wells located in the taxing unit.

(2) Except as provided in subsections (3) and (4), oil production taxes must be distributed as follows:

HeinOnline -- 1995 vol. III 2115 1995

(a) The amount equal to 41.6% of the oil production taxes, including late payment interest and penalty, collected under [sections 1 through 20] must be distributed as provided in subsection (7).

(b) The remaining 58.4% of the oil production taxes, plus accumulated interest earned on the amount allocated under this subsection (2)(b), must be deposited in the agency fund in the state treasury and transferred to the county and school taxing units for distribution as provided in subsection (8).

(3) The amount equal to 100% of the oil production taxes, including late payment interest and penalty, collected from working interest owners on production from post-1985 wells occurring during the first 12 months of production must be distributed as provided in subsection (7).

(4) The amount equal to 100% of the oil production taxes, including late payment interest and penalty, collected under [sections 1 through 20] on production from horizontally drilled wells and on the incremental production from horizontally recompleted wells occurring during the first 18 months of production must be distributed as provided in subsection (7).

(5) Except as provided in subsection (6), natural gas production taxes must be allocated as follows:

(a) The amount equal to 14.6% of the natural gas production taxes, including late payment interest and penalty, collected under [sections 1 through 20] must be distributed as provided in subsection (7).

(b) The remaining 85.4% of the natural gas production taxes, plus accumulated interest earned on the amount allocated under this subsection (5)(b), must be deposited in the agency fund in the state treasury and transferred to the county and school taxing units for distribution as provided in subsection (8).

(6) The amount equal to 100% of the natural gas production taxes, including late payment interest and penalty, collected from working interest owners under [sections 1 through 20] on production from post-1985 wells occurring during the first 12 months of production must be distributed as provided in subsection (7).

(7) The department shall, in accordance with the provisions of 15-1-501(6), distribute the state portion of oil and natural gas production taxes, including late payment interest and penalty collected, as follows:

(a) 85% to the state general fund;

(b) 4.3% to the state special revenue fund for the purpose of paying expenses of the board as provided in 82-11-135; and

(c) 10.7% to be distributed as provided by 15-38-106(2).

(8) (a) For the purpose of distribution of the oil and natural gas production taxes from pre-1985 wells, the department shall each calendar quarter adjust the unit value determined under [section 17] according to the ratio that the oil and natural gas production taxes from pre-1985 wells collected during the calendar quarter for which the distribution occurs plus penalties and interest on delinquent oil and natural gas production taxes from pre-1985 wells bears to

HeinOnline -- 1995 vol. III 2116 1995

the total liability for the oil and natural gas production taxes from pre-1985 wells for the quarter for which the distribution occurs. The amount of oil and natural gas production taxes distributions must be calculated and distributed as follows:

(i) By the dates referred to in subsection (9), the department shall calculate and distribute to each eligible county the amount of oil and natural gas production taxes from pre-1985 wells for the quarter, determined by multiplying the unit value, as adjusted in this subsection (8)(a), by the units of production on which oil and natural gas production taxes from pre-1985 wells were owed for the calendar quarter for which the distribution occurs.

(ii) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsection (8)(a) must be calculated and distributed in the following manner:

(A) The excess amount or shortage must be divided by the total distribution determined for that period to obtain an excess or shortage percentage.

(B) The excess percentage must be multiplied by the distribution to each taxing unit, and this amount must be added to the distribution to each respective taxing unit.

(C) The shortage percentage must be multiplied by the distribution to each taxing unit, and this amount must be subtracted from the distribution to each respective taxing unit.

(b) Except as provided in subsection (8)(c), the county treasurer shall distribute the money received under subsection (9) from pre-1985 wells to the taxing units that levied mills in fiscal year 1990 against calendar year 1988 production in the same manner that all other property tax proceeds were distributed during fiscal year 1990 in the taxing unit, except that a distribution may not be made to a municipal taxing unit.

(c) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of oil and natural gas production tax money that would have gone to a taxing unit, as provided in subsection (8)(b), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(i) The county treasurer shall first allocate the oil and natural gas production taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(ii) If the allocation in subsection (8)(c)(i) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(d) The board of trustees of an elementary or high school district may reallocate the oil and natural gas production taxes distributed to the district by the county treasurer under the following conditions:

HeinOnline -- 1995 vol. III 2117 1995

(i) The district shall first allocate the oil and natural gas production taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(ii) If the allocation under subsection (8)(d)(i) exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district.

(e) For all production from post-1985 wells and horizontally drilled wells completed after December 31, 1993, the county treasurer shall distribute oil and natural gas production taxes received under subsections (2)(h) and (5)(b) between county and school taxing units in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the preceding fiscal year.

(f) The allocation to the county in subsection (8)(e) must be distributed by the county treasurer in the relative proportions required by the levies for county taxing units and in the same manner as property taxes were distributed in the preceding fiscal year.

(g) The money distributed in subsection (8)(e) that is required for the county mill levies for school district retirement obligations and transportation schedules must be deposited to the funds established for these purposes.

(h) The oil and natural gas production taxes distributed under subsection (8)(b) that are required for the 6-mill university levy imposed under 20-25-423 and for the county equalization levies imposed under 20-9-331 and 20-9-333, as those sections read on July 1, 1989, must be remitted by the county treasurer to the state treasurer.

(i) The oil and natural gas production taxes distributed under subsection (8)(e) that are required for the 6-mill university levy imposed under 20-25-423, for the county equalization levies imposed under 20-9-331 and 20-9-333, and for the state equalization aid levy imposed under 20-9-360 must be remitted by the county treasurer to the state treasurer.

(j) The amount of oil and natural gas production taxes remaining after the treasurer has remitted the amounts determined in subsections (8)(h) and (8)(i) is for the exclusive use and benefit of the county and school taxing units.

(9) The department shall remit the amounts to be distributed in subsection (8) to the county treasurer by the following dates:

(a) On or before August 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending March 31 of the current year.

(b) On or before November 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending June 30 of the current year.

(c) On or before February 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending September 30 of the previous year.

HeinOnline -- 1995 vol. III 2118 1995

(d) On or before May 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending December 31 of the previous calendar year.

(10) The department shall provide to each county by May 31 of each year the amount of gross taxable value represented by all types of production taxed under [section 4] for the previous calendar year multiplied by 60%. The resulting value must be treated as taxable value for county classification purposes and for county bonding purposes.

Section 19. Local government severance tax payments for calendar year 1995 production — distribution of payments — not subject to I-105 limitations. (1) The local government severance tax imposed under 15-36-101, as that section read before [the effective date of this act], for calendar year 1995 production is due as follows:

(a) for oil and natural gas production occurring in the first calendar quarter of 1995, the tax is due May 31, 1996;

(b) for oil and natural gas production occurring in the second calendar quarter of 1995, the tax is due May 31, 1997;

(c) for oil and natural gas production occurring in the third calendar quarter of 1995, the tax is due May 31, 1998; and

(d) for oil and natural gas production occurring in the fourth calendar quarter of 1995, the tax is due May 31, 1999.

(2) (a) If the taxpayer pays the entire local government severance tax liability for calendar year 1995 on or before June 30, 1996, the taxpayer must receive a 6% reduction in the total local government severance tax liability.

(b) Any payment of local government severance taxes for calendar year 1995 made on or before June 30, 1997, does not accrue interest. Any payment of local government severance taxes for calendar year 1995 made after June 30, 1997, must accrue interest at the rate of 1% a month or fraction of a month from July 1, 1997, to the date of payment. Any payment for the third quarter of 1995 received after May 31, 1998, and any payment for the fourth quarter of 1995 received after May 31, 1999, is subject to the late payment penalty provisions in [section 8].

(c) In the case of the dissolution of the operator or a change in the operator of any lease or unit, any unpaid local government severance tax for calendar year 1995 becomes due on the date of dissolution or on the date of the change in operator. The operator is subject to the provisions of subsection (2)(a) regarding the 6% tax liability reduction or the provisions of subsection (2)(b) regarding interest and penalties.

(3) The department shall determine the amount of tax collected under subsections (1) and (2) from within each taxing unit.

(4) For purposes of the distribution of local government severance taxes collected under this section, the department shall use the unit value of oil and gas for each taxing unit as determined in [section 17].

HeinOnline -- 1995 vol. III 2119 1995

(5) The local government severance tax must be deposited in the agency fund in the state treasury and transferred to the county for distribution as provided in subsection (6).

(6) For the purpose of the distribution of the local government severance tax for calendar year 1995 production, the department shall adjust the unit value determined under this section according to the ratio that the local government severance taxes collected during the quarters for which the distribution occurs plus penalties and interest on delinquent local government severance taxes bears to the total liability for local government severance taxes for the quarters for which the distribution occurs. The taxes must be calculated and distributed as follows:

(a) By July 31 of each of the years 1996, 1997, 1998, and 1999, the department shall calculate and distribute to each eligible county the amount of local government severance tax for calendar year 1995 production, determined by multiplying the unit value, as adjusted in this subsection (6), by the units of production on which the local government severance tax was owed during calendar year 1995 production.

(b) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsection (6)(a) must be calculated and distributed in the following manner:

(i) The excess amount or shortage must be divided by the total distribution determined for that period to obtain an excess or shortage percentage.

(ii) The excess percentage must be multiplied by the distribution to each taxing unit, and this amount must be added to the distribution to each respective taxing unit.

(iii) The shortage percentage must be multiplied by the distribution to each taxing unit, and this amount must be subtracted from the distribution to each respective taxing unit.

(7) (a) The county treasurer shall distribute the money received under subsection (6) between the county and school taxing units. The distribution between county and school taxing units is the ratio of the number of mills levied for fiscal year 1990 against 1988 production in each taxing unit for the county and schools, including the county equalization levies that were in effect under 20-9-331 and 20-9-333 as those sections read on July 1, 1989, and the university 6-mill levy imposed under 20-25-423, except that a distribution may not be made to a municipal taxing unit or the state equalization aid levy imposed under 20-9-360. Distribution of money for the county equalization levies and the university levy must be remitted to the state by the county treasurer. The amounts distributed under subsections (7)(b) and (7)(c) are for the exclusive use of county and school taxing units.

(b) The county treasurer shall deposit the money from subsection (7)(a) allocated to county levies to the oil and gas tax accelerated fund.

(c) The trustees of a school district may allocate any payment received under subsection (7)(a) to any budget fund of the district or to the miscellaneous programs fund established in 20-9-507. The trustees shall direct the county treasurer to deposit the local government severance tax payments under this

HeinOnline -- 1995 vol. III 2120 1995

section to the funds of the district in accordance with the allocations determined by the trustees.

(8) Local government severance tax payments to a county pursuant to this section are not subject to the limitations of Title 15, chapter 10, part 4. Payments of local government severance tax pursuant to this section may not be used for county classification purposes under 7-1-2111 and may not be considered in the determination of bonding limits under 7-7-2101, 7-7-2203, 7-14-2524, and 7-16-2327.

Section 20. Oil and natural gas accelerated tax fund. (1) The county commissioners of a county that receives tax distributions under [section 19] shall establish an oil and natural gas accelerated tax fund for the deposit of the distributions. The county commissioners may retain the money in the fund for any time period considered appropriate by the commissioners. Money retained in the fund may not be considered as fund balance for the purpose of reducing mill levies.

(2) Money may be expended from the fund for any purpose allowed by law.

(3) Money in the fund must be invested as provided by law. Interest and income earned on the investment of money in the fund must be credited to the fund.

(4) The oil and natural gas accelerated tax fund must be financially administered as a nonbudgeted fund under the provisions of Title 7, chaptor 6, part 23.

Section 21. Section 7-1-2111, MCA, is amended to read:

"7-1-2111. **Classification of counties.** (1) For the purpose of regulating the compensation and salaries of all county officers, not otherwise provided for, and for fixing the penalties of officers' bonds, the counties of this stato must be classified according to ~~that percentage of the true and full~~ *the taxable* valuation of the property in the counties upon which the tax levy is made, except for vehicles subject to taxation under 61-3-504(2), as follows:

~~(e)~~ 6% of the taxable value of the county on January 1 of each tax year."

Section 22. Section 7-7-2101, MCA, is amended to read:

"**7-7-2101. (3) This section does not apply to the acquisition of conservation easements as set forth in Title 76, chapter 6."

Section 23. Section 7-7-2203, MCA, is amended to read:

"**7-7-2203. Limitation on amount of bonded indebtedness.** (1) Except as provided in subsections (2) through (4), a county may not issue general obligation bonds for any purpose that, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the total of the taxable value of the property in the county, plus the ~~amount of~~

employees within a collective bargaining unit, it is a negotiable subject under 39-31-305.

~~(7)~~*(8)* The department shall review the competitiveness of the compensation provided to all occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. WHEREAS, the 1993 Legislature addressed this problem through the passage of House Joint Resolution No. 24, which requested the Governor, through the Department of Fish, Wildlife, and Parks, to coordinate a sustained, ongoing, cooperative effort to address these issues by establishing statewide, regional, and local groups to develop mutually satisfactory solutions that would preserve Montana's hunting and wildlife heritage and encourage the continuance of a viable outfitting industry; and

HeinOnline -- 1995 vol. III 2216 1995

WHEREAS, the Advisory Council finds it appropriate to present the following recommendations to the Legislature in the spirit of a cooperative and positive effort to enhance relations between landowners, outfitters, and sportspersons.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 1 through 3] grant rulemaking authority to the department of fish, wildlife, and parks and the fish, wildlife, and parks commission to implement programs for hunter management and hunting access enhancement. It is intended that in addition to the statutory guidelines set out in those sections, any rules be adopted with the purpose of optimizing hunting opportunity and access while minimizing administrative costs in providing benefits to landowners who voluntarily participate in the programs. In addition, [section 6] grants rulemaking authority to the fish, wildlife, and parks commission to implement the provisions of variable pricing for Class B-10 and Class B-11 outfitter-sponsored licenses. It is intended that the fish, wildlife, and parks commission use its licensing authority to adjust the price of those licenses as necessary and that any additional revenue generated by variable pricing be used to fund the hunting access enhancement program.

Be it enacted by the Legislature of the State of Montana:

Section 1. Hunter management and hunting access enhancement programs created — private landowner assistance to promote puhlic hunting access — rules. (1) The department may establish within the block management program established by administrative rule pursuant to authority contained in 87-1-301 and 87-1-303 programs of landowner assistance that encourage public access to private lands for purposes of hunting and may adopt rules to carry out program purposes. Rules may address but are not limited to incentives provided under:

(a) a hunter management program as set out in [section 2], consisting of a cooperative agreement between a landowner and the department and including other resource management agencies when appropriate, that allows public hunting with certain restrictions or use rules; and

(b) a hunting access enhancement program as set out in [section 3], consisting of incentives for private landowners who allow public hunting access on their lands.

(2) The department may also develop similar efforts outside the scope of the block management program that are designed to promote public access to private lands for hunting purposes.

(3) Participation in a program established under subsection (1) is voluntary. Programs may not be structured in a manner that provides assistance to a private landowner who charges a fee for hunting access to private land that is enrolled in the program or who does not provide reasonable public hunting access to private land that is enrolled in the program. The commission shall develop criteria by which tangible benefits are allocated to participating landowners, and the department may distribute the benefits to participating landowners. The department may by rule limit the number of licenses that can be provided as incentives.

Section 2. Hunter management program — benefits for providing hunting access — nonresident landowner limitation — restriction on landowner liability. (1) As provided in [section 1], the department may establish a voluntary bunter management program to provide tangible benefits to private landowners enrolled in the block management program who grant access to their land for public hunting. The decision to enroll a landowner in the hunter management program is the responsibility of the department. Benefits may be granted as provided in this section and by rule.

(2) As a benefit for enrolling property in the hunter management program, a resident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class AAA sportsman's license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale.

(3) As a benefit for enrolling property in the hunter management program, a nonresident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class B-10 nonresident big game combination license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale. The grant of a license under this subsection also qualifies the licensee to apply for a permit through the normal drawing process. The grant of a license under this subsection does not affect the quota of 11,500 established under 87-2-505.

(4) (a) A resident landowner who is enrolled in the block management program may receive the benefits provided under the hunter management program, as outlined in this section, and the benefits provided under the hunting access enhancement program, as outlined in [section 3].

(b) A nonresident landowner who chooses to receive a license under subsection (3) may also receive assistance under the block management program, but is not eligible to receive cash payments under [section 3].

HeinOnline -- 1995 vol. III 2218 1995

(5) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunter management program.

Section 3. Hunting access enhancement program — benefits for providing hunting access — cooperative agreement — factors for determining benefits earned — restriction on landowner liability. (1) As provided in [section 1], the department may establish and administer a voluntary program to enhance the block management program, to he known as the hunting access enhancement program. The program must be designed to provide tangible benefits to participating private landowners who grant access to their land for puhlic hunting.

(2) Land is not eligihle for inclusion in the hunting access enhancement program if outfitting or commercial hunting restricts public hunting opportunities.

(3) A contract for participation in the bunting access enhancement program is established through a cooperative agreement between the landowner and the department that will guarantee reasonable access for public hunting. Landowners may also form a voluntary association when development of a unified cooperative agreement is advantageous. A cooperative agreement must contain a detailed description of the plan developed hy the landowner and the department and may include but is not limited to:

(a) hunting access management;

(h) services to be provided to the public;

(c) ranch rules and other restrictions; and

(d) any other management information to be gathered, which must he made available to the public.

(4) If the department determines that the plan referred to in subsection (3) may adversely influence game management decisions or wildlife hahitat on public lands outside the hlock management area, then other puhlic land agencies, interested sportspersons, and affected landowners must he consulted. An affected landowner's management goals and personal ohservations regarding game populations and hahitat use must be considered in developing the plan.

(5) The commission shall develop rules for determining tangible benefits to be provided to a landowner for providing puhlic hunting access. Benefits will be provided to offset potential impacts associatod with puhlic hunting access, including but not limited to those associated with general ranch maintenance, conservation efforts, weed control, fire protection, liability insurance, roads, fences, and parking area maintenance. Factors used in determining benefits may include but are not limited to:

(a) the number of days of puhlic hunting provided hy a participating landowner;

(h) wildlife habitat provided;

(c) resident game populations;

HeinOnline -- 1995 vol. III 2219 1995

(b) A landowner may direct fire protection payments to be made to the local fire district or the county where the landowner resides or may elect to receive payments directly.

(c) A landowner may receive direct payment to offset insurance costs incurred for allowing public hunting access.

(d) The department may provide assistance in the construction and maintenance of roads, gates, and parking facilities and in the signing of property.

(7) The commission may provide a total of not more than $8,000 a year to a landowner who participates in the hunter management program or hunting access enhancement program, or both, subject to the conditions set out in [section 2(4)].

(8) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunting access enhancement program.

CHAPTER NO. 461

[HB 309]

AN ACT RELATING TO MEDICAL MALPRACTICE CLAIMS AND RECOVERIES; LIMITING NONECONOMIC DAMAGES IN MEDICAL MALPRACTICE CASES; REVISING THE LAW RELATING TO PERIODIC PAYMENT OF FUTURE DAMAGES IN MEDICAL MALPRACTICE CASES; AMENDING SECTION 25-9-403, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Medical malpractice noneconomic damages limitation. (1) (a) In a malpractice claim or claims against one or more health care providers based on a single incident of malpractice, an award for past and future damages for noneconomic loss may not exceed $250,000. All claims for noneconomic loss deriving from injuries to a patient are subject to an award not to exceed $250,000. This limitation applies whether:

(i) based on the same act or a series of acts that allegedly caused the injury, injuries, death, or deaths on which the action or actions are based; or

(ii) the act or series of acts were by one or more health care providers.

(b) If a single incident of malpractice injures multiple, unrelated patients, the limitation on awards contained in subsection (1)(a) applies to each patient and all claims deriving from injuries to that patient.

(2) (a) For purposes of the limitation on awards contained in subsection (1), a claimant has the burden of proving separate injuries, each arising from a different act or series of acts. An award or combination of awards in excess of $250,000 must be reduced to $250,000, after which the court shall make other reductions that are required by law. If a combination of awards for past and future noneconomic loss is reduced in the same action, future noneconomic loss must be reduced first and, if necessary to reach the $250,000 limit, past noneconomic loss must then be reduced. If a combination of awards is reduced to $250,000, a claimant's share of the $250,000 must be the same percentage as the claimant's share of the combined awards before reduction.

(b) For each claimant, further reductions must be made in the following order:

(i) first, reductions under 27-1-702;

(ii) second, reductions under 27-1-703; and

(iii) third, setoffs and credits to which a defendant is entitled.

(3) An award of future damages for noneconomic loss may not be discounted to present value.

(4) The $250,000 limit provided for in subsection (1) may not be disclosed to a jury.

(5) As used in this section, the following definitions apply:

HeinOnline -- 1995 vol. III 2227 1995

(a) "Claimant" includes but is not limited to:

(i) a person suffering bodily injury;

(ii) a person making a claim as a result of bodily injury to or the death of another;

(iii) a person making a claim on behalf of someone who suffered bodily injury or death;

(iv) the representative of the estate of a person who suffered bodily injury or death; or

(v) a person bringing a wrongful death action.

(b) "Health care provider" means a physician, dentist, podiatrist, optometrist, chiropractor, physical therapist, or nurse licensed under Title 37 or a health care facility licensed under Title 50, chapter 5.

(c) "Malpractice claim" means a claim based on a negligent act or omission by a health care provider in the rendering of professional services that is the proximate cause of a personal injury or wrongful death.

(d) "Noneconomic loss" means subjective, nonmonetary loss, including but not limited to:

(i) physical and mental pain or suffering;

(ii) emotional distress;

(iii) inconvenience;

(vi) injury to reputation; and

(vii) humiliation.

(e) "Patient" means a person who receives services from a health care provider.

Section 2. Periodic payment of future damages in medical malpractice cases. (1) A party to an action for a malpractice claim, as defined in [section 1], in which $50,000 or more of future damages is awarded may, prior to the entry of judgment, request the court to enter a judgment ordering future damages to be paid in whole or in part by periodic payments rather than by a lump-sum payment. Upon a request, the court shall enter an order for periodic payment of future damages. The total dollar amount of the ordered periodic payments must equal the total dollar amount of the future damages without a reduction to present value.

(2) A court ordering the payment of future damages by periodic payments shall make specific findings as to the dollar amount of periodic payments needed to compensate the judgment creditor for future damages.

(3) The judgment order must specify the recipient or recipients of periodic payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments must be made.

(4) The court shall order that periodic payment of future damages be made, during the life of the judgment creditor or during the continuance of the compensable injury or disability of the judgment creditor, through the purchase of an inflation-indexed annuity approved hy the court. The annuity must be in the form of an inflation-indexed annuity contract purchased from a qualified insurer that, in the most recent edition of A.M. Best, has an "A" (excellent) or higher rating and is in a class 7 or higher classification. The annuity also serves as any required supersedeas bond. Upon purchase of a court-approved annuity, the court shall order that the judgment is satisfied and that the judgment debtor is discharged. If the judgment creditor dies before all periodic payments have been made, the remaining payments become the property of the creditor's estate.

Section 3. Section 25-9-403, MCA, is amended to read:

"**25-9-403. Request for periodic payment of future damages — *nonmalpractice claims.*** (1) A *Except as provided in [section 2], a* party to an action for personal injury, property damage, or wrongful death in which $100,000 or more of future damages is awarded may, prior to the entry of judgment, request the court to enter a judgment ordering future damages to be paid in whole or in part by periodic payments rather than by a lump-sum payment. Upon ~~such~~ *a* request, the court may enter an order for periodic payment of future damages if the court finds that ~~such~~ *periodic* payment is in the best interests of the claimant. The total dollar amount of the ordered periodic payments must equal the total dollar amount of the future damages without a reduction to present value.

(2) A court ordering the payment of future damages by periodic payments shall make specific findings as to the dollar amount of periodic payments needed to compensate the judgment creditor for future damages and as to whether an order for periodic payment of future damages is in the best interests of the claimant.

(3) The judgment order must specify the recipient or recipients of periodic payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments ~~shall~~ *must* be made.

(4) A court ordering periodic payment of future damages shall order that the payments be made, during the life of the judgment creditor or during the continuance of the compensable injury or disability of the judgment creditor, through the purchase of an inflation-indexed annuity approved by the court. The annuity must be in the form of an inflation-indexed annuity contract purchased from a qualified insurer that, in the most recent edition of A.M. court-approved annuity, the court may order that the judgment is satisfied and that the judgment debtor is discharged. If the judgment creditor dies before all periodic payments have been made, the remaining payments become the property of ~~his~~ *the creditor's* estate."

Section 5. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 462

[HB 311]

AN ACT PROVIDING FOR A REVIEW AND ASSESSMENT OF PROPOSED STATE GOVERNMENT EXECUTIVE BRANCH ACTIONS THAT MIGHT RESULT IN DEPRIVING A PROPERTY OWNER OF ALL OR PART OF THE USE OR ECONOMIC VALUE OF PRIVATE PROPERTY IN A MANNER REQUIRING COMPENSATION UNDER THE 5TH AND 14TH AMENDMENTS TO THE UNITED STATES CONSTITUTION OR ARTICLE II, SECTION 29, OF THE MONTANA CONSTITUTION.

STATEMENT OF INTENT

A statement of intent is required for this bill because it grants the attorney general authority to develop guidelines for state agencies to follow in identifying and evaluating agency actions with taking implications. The attorney general, using a puhlic process, should develop an orderly, consistent, internal management process for state agencies to evaluate the effects of proposed state actions on private property. Consistent with the Montana and United States constitutions, the attorney general should consider the following issues in developing guidelines:

(1) whether there is a constitutionally protected property right that will be affected;

(2) whether the proposed action would substantially advance a legitimate state interest;

(3) whether the action would deprive the owner of economically viable use of the property or result in a temporary or permanent physical invasion of the property;

(4) whether the action would damage the property;

(5) whether the action would require a property owner to dedicate a portion of the property to a public use or to grant an easement; and

(6) whether in balance, benefits of the proposed action justify the burden on private property. In addition, the attorney general may consider any other factors that hear upon the determination of whether a compensable taking has occurred, including new case law.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Private Property Assessment Act".

Section 2. Purpose. It is the policy of this state that a person may not be deprived of the use of private property without due process of law and that private property may not be taken or damaged by a state agency without prior just compensation to the owner in accordance with the meaning ascribed to these concepts by the United States supreme court and the Montana supreme court. An assessment of each state agency action with taking or damaging implications is needed to avoid imposing expensive litigation burdens on citizens and to minimize the risk of unanticipated demands on the state's fiscal resources. The purpose of [sections 1 through 5] is to establish an orderly and consistent process that better enables state agencies to evaluate whether an action with taking or damaging implications might result in the taking or damaging of private property. It is not the purpose of [sections 1 through 5] to expand or diminish the private property protections provided in the federal and state constitutions.

Section 3. Definitions. As used in [sections 1 through 5], the following definitions apply:

(1) "Action with taking or damaging implications" means a proposed state agency administrative rule, policy, or permit condition or denial pertaining to land or water management or to some other environmental matter that if adopted and enforced would constitute a deprivation of private property in violation of the United States or Montana constitution. It does not include:

(a) proposed eminent domain proceedings;

(h) a proposed seizure of property by law enforcement officials as evidence or under a state forfeiture statute;

(c) a proposed forfeiture of property during or as a result of criminal proceedings; or

(d) a proposal to repeal a rule, discontinue a government program, or implement a proposed change that has the effect of reducing regulation of private property.

(2) "Private property" means all real property, including but not limited to water rights.

(3) "State agency" means an officer, board, commission, department, or other entity within the executive branch of state government.

HeinOnline -- 1995 vol. III 2231 1995

(4) "Taking or damaging" means depriving a property owner of private property in a manner requiring compensation under the 5th and 14th amendments to the constitution of the United States or Article II, section 29, of the Montana constitution.

Section 4. Guidelines for actions with taking implications. (1) The attorney general shall develop and provide to state agencies guidelines, including a checklist, to assist the agencies in identifying and evaluating agency actions with taking or damaging implications. The attorney general shall at least annually review the guidelines and modify them as necessary to comply with changes in statutes and court decisions.

(2) In developing guidelines, the attorney general shall include a provision that state agencies should consider and follow obligations imposed hy the 5th and 14th amendments to the Constitution of the United States and Article II, section 29, of the Montana constitution, as construed hy the United States supreme court and the Montana supreme court, when considering and implementing an action with taking or damaging implications in order to avoid unanticipated and undue burdens on the state treasury.

Section 5. Impact assessment. (1) Each state agency shall assign a qualified person or persons in the state agency the duty and authority to ensure that the state agency complies with [sections 1 through 5]. Each state agency action with taking or damaging implications must be submitted to that person or persons for review and completion of an impact assessment. The state agency may not take the action unless the review and impact assessment have been completed, except that the action witb taking or damaging implications may be taken before the review and impact assessment are completed if necessary to avoid an immediate threat to public health or safety.

(2) Using the attorney general's guidelines and checklist, the person shall prepare a taking or damaging impact assessment for each state agency action with taking or damaging implications that includes an analysis of at least the following:

(a) the likelihood that a state or federal court would hold that the action is a taking or damaging;

(b) alternatives to the action that would fulfill the agency's statutory obligations and at the same time reduce the risk for a taking or damaging; and

(c) the estimated cost of any financial compensation by the state agency to one or more persons that might be caused by the action and the source for payment of the compensation.

(3) A copy of the impact assessment for a proposed action with taking or damaging implications must be given to the governor before the action is taken, except that an action to avoid an immediate threat to public health or safety may be taken before the impact assessment is completed and the assessment may be reported to the governor after the action is taken.

[HB 349]

AN ACT CREATING THE FUTURE FISHERIES IMPROVEMENT PROGRAM; PROVIDING FOR THE PROTECTION AND ENHANCEMENT OF MONTANA FISHERIES THROUGH VOLUNTARY ENHANCEMENT OF SPAWNING STREAMS AND OTHER HABITATS FOR THE NATURAL REPRODUCTION OF FISH AND GROWTH OF POPULATIONS OF WILD FISH; DIRECTING A PORTION OF STATE FISHERIES MONEY TO FUND THE FUTURE FISHERIES IMPROVEMENT PROGRAM; AUTHORIZING THE GOVERNOR TO APPOINT A FUTURE FISHERIES REVIEW PANEL AND ESTABLISHING THE DUTIES OF THE PANEL; DIRECTING THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO ESTABLISH AND ADMINISTER THE PROGRAM; REQUIRING THE DEPARTMENT TO SUBMIT REGULAR PROGRAM PROGRESS REPORTS TO THE FISH, WILDLIFE, AND PARKS COMMISSION AND TO SUBMIT A PROGRESS REPORT AND THE ANTICIPATED EXPENSES AND RELATED PROJECTIONS TO THE LEGISLATURE; AND PROVIDING EFFECTIVE DATES AND TERMINATION DATES.

WHEREAS, the rivers and streams of Montana hold one of the state's most important and economically valuable resources—wild fish; and

WHEREAS, the loss of historic spawning areas and other crucial habitats of native fish species is one of the greatest threats to the natural reproduction and propagation of the fish resource; and

WHEREAS, the state is presently in a position to address the key issue of these aquatic habitats in order to promote the future viability of Montana's wild fisheries before the continued loss of spawning areas and other habitats diminishes or destroys the resource; and

WHEREAS, a wild fisheries enhancement program will immensely benefit landowner-sportsperson relations; and

WHEREAS, a wild fisheries enhancement program will benefit Montana's economy; and

WHEREAS, it is fiscally sound state policy to enhance natural habitats and spawning areas to improve fishing opportunities now and preserve fishing opportunities for future generations; and

WHEREAS, voluntary cooperation between landowners, interested citizens, public and private organizations, and the Department of Fish, Wildlife, and Parks will help accomplish the purposes of the future fisheries improvement program.

Be it enacted by the Legislature of the State of Montana:

Section 1. Future fisheries improvement program — funding priority — reports required. (1) In order to enhance future fisheries through natural reproduction, the department shall establish and implement a statewide voluntary program that promotes fishery habitats and spawning areas for the rivers, streams, and lakes of Montana's fisheries.

HeinOnline -- 1995 vol. III 2233 1995

(2) The department shall by April 1, 1996, and thereafter when projects are suggested by the future fisheries review panel, through a public hearing process and with the approval of the commission, prioritize projects that have heen recommended by the review panel to be funded. Emphasis must be given to projects that enhance the historic habitat of native fish species. The department shall fund and implement the program regarding the long-term enhancement of streams and streambanks, instream flows, water leasing, lease or purchase of stored water, and other voluntary programs that deal with wild fish and aquatic habitats. A project conducted under the future fisheries improvement program may not restrict or interfere with the exercise of any water rights or property rights of the owners of streambeds and property adjacent to streambeds, streambanks, and lakes. The fact that a program project has been completed on private property does not create any right of public access to the private property unless that right is granted voluntarily by the property owner.

(3) The department shall work in cooperation with private landowners, conservation districts, irrigation districts, local officials, anglers, and other citizens to implement the future fisheries improvement program. Any department employee who is employed under this section to facilitate contact with landowners must have experience in commercial or irrigated agriculture. The department shall encourage the use of volunteer labor and grants, matching grants, and private donations to accomplish program purposes. The department may use contracted services:

(a) for negotiations with landowners, local officials, citizens, and others;

(b) for coordination with other agencies that may be involved in projects conducted under this section; and

(c) to perform and supervise project work.

(4) Funds expended under this section may be used only for projects for the protection of the fisheries resource that have been identified by the review panel established in [section 2] and approved by the commission and may not he used for the acquisition of any interest in land.

(5) (a) The department shall report to the commission on the progress of the future fisheries improvement program every 12 months and post a copy of the report on the state electronic bulletin board to ensure public access to the report.

(b) The department shall also present a detailed report to each regular session of the legislature on the progress of the future fisheries improvement program. The legislative report must include the department's program activities and expenses since the last report and the project schedules and anticipated expenses for the ensuing 10 years' implementation of the future fisheries improvement program.

(c) In order to implement [sections 1 and 2], the department may expend revenue from the future fisheries improvement program for up to two additional full-time employees.

Section 2. Future fisheries review panel — purpose — appointment and duties. (1) The governor or governor's designee shall call for nominees for, accept and review recommendations for, and, by August 1, 1995, appoint a

future fisheries review panel. The panel must consist of at least 10 members, including but not limited to:

(a) one member who is a representative of conservation districts;

(b) one member with expertise in commercial agriculture or silviculture;

(c) one member with expertise in irrigated agriculture;

(d) one member from the private sector who is a fisheries restoration professional;

(e) two members who are licensed Montana anglers;

(f) one member of the house of representatives, chosen by the speaker of the house;

(g) one member of the senate, chosen by the committee on committees;

(h) one member who is a representative of the governor's office; and

(i) one member who is a Montana high school student.

(2) A member appointed to the review panel shall serve a 2-year term and may be reappointed.

(3) The purpose of the review panel is to:

(a) review, at least every 6 months, proposed projects that have been submitted by public or private entities for funding;

(b) determine what projects are eligible for inclusion in the future fisheries improvement program;

(c) approve or reject proposed projects; and

(d) forward a list of approved projects to the department.

(4) To be eligible for funding, a project must be generated at the local level and must be developed and presented to the review panel by the department, local landowners, conservation districts, or other interested citizens. Before consideration of any project that involves streambed or streambank restoration, a change in the use of water, or any other purpose that affects a particular property owner's interest in land or water, the review panel is required to find that the project is being proposed for funding with tbe voluntary approval of the participating property owner.

Section 3. Funding of future fisheries program. The following amounts must be expended by the department to enhance future fisheries, as directed by [section 1]:

(1) $290,000 redirected from the river restoration program;

(2) $1.5 million redirected from the Blue Water hatchery phase II project for the 1996-97 biennium; and

(3) $510,000 redirected from the Tongue River restoration project, to be used in the Tongue River basin for the purposes of [section 1].

HeinOnline -- 1995 vol. III 2235 1995

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 87, chapter 1, part 2, and the provisions of Title 87, chapter 1, part 2, apply to [sections 1 and 2].

Section 5. Termination. (1) [Sections 1 and 2] terminate July 1, 2005.

(2) [Section 3] terminates July 1, 1997.

CHAPTER NO. 464

[HB 338]

AN ACT AMENDING THE METAL MINE RECLAMATION LAWS TO PROVIDE RECLAMATION REQUIREMENTS FOR OPEN PITS AND ROCK FACES; AND AMENDING SECTION 82-4-336, MCA.

STATEMENT OF INTENT

In this bill, the legislature is implementing, with regard to open pits and rock faces that are the result of metal mining, the duty imposed upon it by Article IX, section 2(1), of the Montana constitution, which provides that "All lands disturbed by the taking of natural resources shall be reclaimed. The legislature shall provide effective requirements and standards for the reclamation of lands disturbed."

The drafters of this provision of the constitution expressly decided not to impose a constitutional requirement for a specified level of reclamation for all disturbed lands in all locations under all circumstances. Rather, they delegated to the legislature the duty to more specifically define reclamation in the public interest.

The legislature expects, and this bill requires, that miners will prepare and submit to the state reclamation plans for open pits and rock faces. This bill requires that these plans must, at a minimum, provide for return of these lands to structural stability and that the plans must be protective of air and water quality as provided elsewhere in the metal mine reclamation laws. These requirements and standards will prevent risks to public health and safety and the environment and will thereby adequately protect the environmental life support system from degradation.

In order to prevent unreasonable depletion and degradation of natural resources, the legislature finds that further reclamation of open pits and rock faces to provide functional uses and to blend with surrounding areas should be accomplished whenever feasible.

In determining feasibility of further reclamation, the legislature directs the department of state lands to consider and give effect to each of the following objectives:

HeinOnline -- 1995 vol. III 2236 1995

(1) to encourage mining as an activity beneficial to the economy of our state;

(2) to encourage the production of minerals to meet the needs of society and the economic demands of the marketplace;

(3) to encourage reclamation to a condition that is aesthetically unobtrusive;

(4) to encourage reclamation to functional use;

(5) to discourage requirements that may foreclose future access to mineral resources not fully developed by current mining operations;

(6) to discourage requirements that will generate undesirable offsite environmental impacts.

The legislature finds that functional postreclamation uses include but are not limited to livestock grazing, agriculture, timber, recreation, wildlife habitat or other wildlife use, or other industrial use, including remining.

The legislature finds that when reclamation has been accomplished in accordance with an approved reclamation plan, the economic and social benefits of mining outweigh the scenic and other impacts associated with open-pit mining.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-336, MCA, is amended to read:

"82-4-336. Reclamation plan and specific reclamation requirements. (1) The reclamation plan ~~shall~~ *must* provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, ~~shall~~ *must* be conducted simultaneously with the operation and in any case ~~shall~~ *must* be initiated promptly after completion or abandonment of the operation on those portions of the complex that will not be subject to further disturbance. In the absence of an order by the board providing a longer period, the plan ~~shall~~ *must* provide that reclamation activities ~~shall~~ *must* be completed not more than 2 years after completion or abandonment of the operation on that portion of the complex.

(2) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without previously obtaining from the department written approval ~~of his~~ *for the* proposed change.

(3) Provision ~~shall~~ *must* be made to avoid accumulation of stagnant water in the mined area ~~which may serve as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life~~.

(4) All final grading ~~shall~~ *must* be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the board for a supervised sanitary fill.

(5) ~~Where~~ *When* mining has left an open pit exceeding 2 acres of surface area and the composition of the floor or walls of the pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions (~~hereinafter~~ "objectionable effluents") on exposure to moisture, the reclamation plan ~~shall~~ *must* include provisions which *that* adequately provide for:

(a) insulation of all faces from moisture or water contact by covering to a depth of 2 feet or more with material or fill not susceptible itself to generation of objectionable effluents;

(b) processing of any objectionable effluents in the pit before ~~their being~~ *they are* allowed to flow or be pumped out of ~~it~~ *the pit* to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the board;

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the board before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and ~~such~~ other devices ~~as~~ *that* may reasonably be required by the board.

(6) Provisions for vegetative cover ~~shall~~ *must* be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. The reestablished vegetative cover ~~shall~~ *must* meet county standards for noxious weed control.

(7) The reclamation plan ~~shall~~ *must* provide for the reclamation of all disturbed land. Proposed reclamation ~~shall~~ *must* provide for the reclamation of disturbed land to comparable utility and stability as that of adjacent areas, except for open pits and rock faces ~~which~~ *that* may not be feasible to reclaim *in the same fashion as other disturbed lands.* In ~~such excepted cases,~~ *the case of open pits and rock faces, the reclamation plan must provide for reclamation to a condition:*

(a) of stability structurally competent to withstand geologic and climatic conditions without significant failure that would be a threat to public safety and the environment;

(b) that affords utility to humans and the surrounding natural system to the extent feasible; and

(c) that blends with the appearance of the surrounding area to the extent feasible.

(8) ~~the board shall require~~ *The reclamation plan must provide* sufficient measures to ~~insure~~ *ensure* public safety and to prevent the pollution of air or water and the degradation of adjacent lands.

~~(8)~~*(9)* A reclamation plan ~~shall~~ *must* be approved by the board if it adequately provides for the accomplishment of the activities specified in this section.

~~(9)~~*(10)* The reclamation plan ~~shall~~ *must* provide for permanent landscaping and contouring to minimize the amount of precipitation that infiltrates into disturbed areas, including but not limited to tailings impoundments and waste rock dumps. The plan ~~shall~~ *must* also provide measures to prevent objectionable postmining ground water discharges."

If House Bill No. 366 does not receive the required two-thirds vote, then 52-3-814(2) is void.

Section 11. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-212, MCA, is amended to read:

"**40-4-212. Best interest of child.** (1) The court shall determine custody in accordance with the best interest of the child. The court shall consider all relevant factors, including but not limited to:

(a) the wishes of the child's parent or parents as to ~~his~~ custody;

(b) the wishes of the child as to ~~his~~ *a* custodian;

(c) the interaction and interrelationship of the child with ~~his~~ *the child's* parent or parents~~, his~~ *and* siblings~~,~~ and *with* any other person who may significantly affect the child's best interest;

(d) the child's adjustment to ~~his~~ home, school, and community;

(e) the mental and physical health of all individuals involved;

(f) physical abuse or threat of physical abuse by one parent against the other parent or the child; and

(g) chemical dependency, as defined in 53-24-103, or chemical abuse on the part of either parent.

(2) A de facto custody arrangement, in the absence of a prior custody decree, does not require the child's parent or parents to prove the factors set forth in 40-4-219.

(3) The following are rebuttable presumptions and apply unless contrary to the best interest of the child:

(a) Custody should be granted to the parent who has provided most of the primary care during the child's life.

(b) A custody action brought by a parent within 6 months after a child support action against that parent is vexatious.

(4) The following are rebuttable presumptions:

(a) A knowing failure to pay birth-related costs that the person is able to pay is not in the best interest of the child.

(b) Failure to pay child support that the person is able to pay is not in the best interest of a child in need of the child support."

Section 2. Section 40-4-217, MCA, is amended to read:

"**40-4-217. Visitation.** (1) A parent *who is* not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger seriously the child's physical, mental, moral, or emotional health.

(2) In a proceeding for dissolution of marriage or legal separation, the court may, upon the petition of a grandparent, grant reasonable visitation rights to the grandparent of the child if the court finds, after a hearing, that the visitation would be in the best interest of the child.

(3) The court may modify an order granting or denying visitation rights whenever modification would serve the best interest of the child; but the court may not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral, or emotional health or unless the provisions of subsection (6) apply.

(4) So *As* long as a noncustodial parent who has visitation rights under a decree or a custody agreement remains a resident of this state, a resident custodial parent shall, before changing the child's residence to another state and unless the noncustodial parent has given written consent, give written notice to the noncustodial parent, as provided in subsection (5).

(5) The written notice required by subsection (4) must be served personally or given by certified mail not less than 30 days before the proposed change in residence. Proof of service must be filed with the court that issued the custody order. The purpose of the notice is to allow the noncustodial parent to seek a modification of his *the* visitation schedule.

(6) (a) If a noncustodial parent *or other person residing in the noncustodial parent's household* has been convicted of any of the crimes listed in subsection (6)(c), the custodial parent or any other person who has been granted custody of the child pursuant to court order may file an objection to visitation with the court. The custodial parent or other person having custody shall give notice to the noncustodial parent of the objection as provided by the Montana Rules of Civil Procedure, and the noncustodial parent shall have 20 days from the notice to respond. If the noncustodial parent fails to respond within 20 days, the visitation rights of the noncustodial parent are suspended until further order of the court. If the noncustodial parent responds and objects, a hearing must be held within 30 days of the response.

HeinOnline -- 1995 vol. III 2251 1995

(b) The noncustodial parent has the burden at the hearing to prove that visitation by the noncustodial parent does not seriously endanger the child's physical, mental, moral, or emotional health and that the modification of visitation is not in the best interest of the child.

(c) This subsection (6) applies to the following crimes:

(i) deliberate homicide, as described in 45-5-102;

(ii) mitigated deliberate homicide, as described in 45-5-103;

Section 3. Section 40-4-219, MCA, is amended to read:

"**40-4-219. Modification.** (1) The court may in its discretion modify a prior custody decree if it finds, upon the basis of facts that have arisen since the prior decree or that were unknown to the court at the time of entry of the prior decree, that a change has occurred in the circumstances of the child or ~~his~~ *the child's* custodian and that the modification is necessary to serve the hest interest of the child and if it further finds that:

(a) the custodian agrees to the modification;

(b) the child ~~has~~ been integrated into the family of the petitioner with consent of the custodian;

(c) the child's present environment endangers seriously ~~his~~ *the child's* physical, mental, moral, or emotional health and the harm likely to be caused by a change of environment is outweighed by its advantages to ~~him~~ *the child*;

(7) As used in this section, "prior custody decree" means a custody determination contained in a judicial decree or order made in a custody proceeding.

(8) (a) If a parent *or other person residing in that parent's household* has been convicted of any of the crimes listed in subsection (8)(c), the other parent or any other person who has been granted custody of the child pursuant to court order may file an objection te the current custody order with the court. The parent or other person having custody shall give notice to the ~~convicted~~ *other* parent of the objection as provided by the Montana Rules of Civil Procedure, and the ~~convicted~~ *other* parent shall have 20 days from the notice to respond. If the ~~convicted~~ *other* parent fails to respond within 20 days, the custody rights of the ~~convicted~~ *other* parent are suspended until further order of the court. If the ~~convicted~~ *other* parent responds and objects, a hearing must be held within 30 days of the response.

(b) The ~~convicted~~ *other* parent has the burden at the hearing to prove that custody by the ~~convicted~~ *other* parent does not seriously endanger the child's physical, mental, moral, or emotional health and that the modification of custody is not in the best interest of the child.

(2) Notwithstanding the provisions of subsection (1):

(a) within a platted subdivision filed with the county clerk and recorder, a division of lots that results in an increase in the number of lots or which redesigns or rearranges six or more lots must be reviewed and approved by the governing body, and an amended plat must be filed with the county clerk and recorder;

"**76-3-608. Criteria for local government review.** (1) The basis for the governing body's decision to approve, conditionally approve, or disapprove a subdivision is whether the preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the subdivision meets the requirements of this chapter. *A governing body may not deny approval of a subdivision based solely on the subdivision's impacts on educational services.*

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the plat.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) (a) When a minor subdivision is proposed in an area where a master plan has been adopted pursuant to chapter 1 and the proposed subdivision will comply with the plan, the subdivision is exempt from the review criteria contained in subsection (3)(a) but is subject to applicable zoning regulations.

(b) In order for a master plan to serve as the basis for the exemption provided by this subsection (6), the plan must, at a minimum, contain:

(i) housing, transportation, and land-use elements sufficient for the governing body to protect public health, safety, and welfare; and

(ii) a discussion of physical constraints on development that exist within the area encompassed by the proposed subdivision."

Section 7. Section 76-3-609, MCA, is amended to read:

"76-3-609. Review procedure for minor subdivisions. Subdivisions containing five or fewer parcels ~~where~~ *in which* proper access to all lots is provided and in which no land is to be dedicated to the public for parks or playgrounds are to be reviewed as follows:

(4) Subsequent subdivisions from a tract of record ~~shall~~ *must* be reviewed under 76-3-505 and regulations adopted pursuant to that section."

HeinOnline -- 1995 vol. III 2259 1995

Section 8. Payment for extension of capital facilities. A local government may require a subdivider to pay or guarantee payment for part or all of the costs of extending capital facilities related to public health and safety, including but not limited to public roads, sewer lines, water supply lines, and storm drains to a subdivision. The costs must reasonably reflect the expected impacts directly attributable to the subdivision. A local government may not require a subdivider to pay or guarantee payment for part or all of the costs of constructing or extending capital facilities related to education.

Section 9. Park dedication requirement. (1) Except as provided in subsections (2), (3), and (6), a subdivider shall dedicato to the governing body a cash or land donation equal to:

(2) When a subdivision is located totally within an area for which density requirements have been adopted pursuant to a master plan under Title 76, chapter 1, or pursuant to zoning regulations under Title 76, chapter 2, the governing body may establish park dedication requirements based on the community need for parks and the development densities identified in the plans or regulations. Park dedication requirements established under this subsection are in lieu of those provided in subsection (1) and may not exceed 0.03 acres per dwelling unit.

(3) A park dedication may not be required for:

(a) a minor subdivision;

(b) land proposed for subdivision into parcels larger than 5 acres;

(c) subdivision into parcels that are all nonresidential;

When a combination of land donation and cash donation is required, the cash donation may not exceed the proportional amount not covered by the land donation.

HeinOnline -- 1995 vol. III 2260 1995

(a) (i) the preliminary plat provides for a planned unit development or other development with land permanently set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside in the development; and

(ii) the area of the land and any improvements set aside for park and recreational purposes equals or exceeds the area of the dedication required under subsection (1);

(b) (i) the preliminary plat provides long-term protection of critical wildlife habitat; cultural, historical, or natural resources; agricultural interests; or aesthetic values; and

(ii) the area of the land proposed to be subdivided, by virtue of providing long-term protection provided for in subsection (6)(b)(i), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1); or

HeinOnline -- 1995 vol. III 2261 1995

(2) A party identified in subsection (3) who is aggrieved by a decision of the governing body to approve, conditionally approve, or disapprove a proposed preliminary plat or final subdivision plat may, within 30 days after the decision, appeal to the district court in the county in which the property involved is located. The petition must specify the grounds upon which the appeal is made.

(3) The following parties may appeal under the provisions of subsection (2):

(iii) a third-class municipality or a town, as described in 7-1-4111, if a subdivision is proposed within 1 mile of its limits.

(4) For the purposes of this section, "aggrieved" means a person who can demonstrate a specific personal and legal interest, as distinguished from a general interest, who has been or is likely to be specially and injuriously affected by the decision.

CHAPTER NO. 469

[HB 482]

AN ACT REQUIRING PARENTAL NOTIFICATION PRIOR TO AN ABORTION FOR A MINOR OR INCOMPETENT PERSON; PROVIDING A JUDICIAL WAIVER OF NOTIFICATION; PROVIDING PENALTIES; AMENDING SECTION 41-1-405, MCA; AND REPEALING SECTION 50-20-107, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 10] may be cited as the "Parental Notice of Abortion Act".

Section 2. Legislative purpose and findings. (1) The legislature finds that:

(a) immature minors often lack the ability to make fully informed choices that take into account botb immediate and long-range consequences;

(b) the medical, emotional, and psychological consequences of abortion are sometimes serious and can be lasting, particularly when the patient is immature;

(c) the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of an abortion are not necessarily related;

(d) parents ordinarily possess information essential to a physician in the exercise of the physician's best medical judgment concerning the minor;

(e) parents who are aware that their minor daughter bas had an abortion may better ensure that the daughter receives adequate medical care after the abortion; and

(f) parental consultation is usually desirable and in the best interests of the minor.

(2) The purpose of [sections 1 through 10] is to further the important and compelling state interests of:

(a) protecting minors against their own immaturity;

(b) fostering family unity and preserving the family as a viable social unit;

(c) protecting the constitutional rights of parents to rear children who are members of tbeir household; and

(d) reducing teenage pregnancy and unnecessary abortion.

Section 3. Definitions. As used in [sections 1 through 10], unless the context requires otherwise, the following definitions apply:

(1) "Actual notice" means the giving of notice directly in person or by telephone.

(2) "Coercion" means restraining or dominating the choice of a minor female by force, threat of force, or deprivation of food and shelter.

(3) "Emancipated minor" means a person under 18 years of age who is or has been married or who has been granted an order of limited emancipation by a court as provided in 41-3-406.

(4) "Incompetent person" means a person who is an incapacitated person or a protected person who has had a guardian appointed pursuant to Title 72, chapter 5.

(5) "Medical emergency" means a condition that, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of the woman's pregnancy to avert the woman's death or a condition for which a delay in treatment will create serious risk of substantial and irreversible impairment of a major bodily function.

(6) "Minor" means a female under 18 years of age who is not an emancipated minor.

(7) "Physical abuse" means any physical injury intentionally inflicted by a parent or legal guardian on a child.

(8) "Physician" means a person licensed to practice medicine under Title 37, chapter 3.

(9) "Sexual abuse" has the meaning given in 41-3-102.

Section 4. Notice of parent required. A physician may not perform an abortion upon a minor or an incompetent person unless the physician has given at least 48 hours' actual notice to one parent or to the legal guardian of the pregnant minor or incompetent person of the physician's intention to perform the abortion. The actual notice may be given by a referring physician. The physician who performs the abortion must receive the written statement of the referring physician certifying that the referring physician has given actual notice. If actual notice is not possible after a reasonable effort, the physician or the physician's agent shall give alternate notice as provided in [section 5].

Section 5. Alternate notification. In lieu of the actual notice required by [section 4], notice may be made by certified mail addressed to the parent at the usual place of residence of the parent with return receipt requested and delivery restricted to the addressee, which means a postal employee may deliver the mail only to the authorized addressee. Time of delivery is considered to occur at noon on the next day on which regular mail delivery takes place after mailing.

Section 6. Exceptions. Notice is not required under [section 4 or 5] if:

(1) the attending physician certifies in the patient's medical record that a medical emergency exists and there is insufficient time to provide notice;

(2) notice is waived, in writing, by the person entitled to notice; or

(3) notice is waived under [section 9].

Section 7. Coercion prohibited. A parent, a guardian, or any other person may not coerce a minor to have an abortion. If a minor is denied financial support by the minor's parents, guardian, or custodian because of the minor's refusal to have an abortion, the minor must be considered an emancipated minor for the purposes of eligibility for public assistance benefits. The public assistance benefits may not be used to obtain an abortion.

Section 8. Reports. A monthly report indicating the number of notices issued under [sections 1 through 10] and the number of times in which exceptions were made to the notice requirement under [section 6], as well as the type of exceptions, must be filed with the department of health and environmental sciences on forms prescribed by the department. Patient names and other identifying information may not be used on the forms. The department shall prepare and make available to the public on an annual basis a compilation of the data reported.

Section 9. Procedure for judicial waiver of notice. (1) The requirements and procedures under this section are available to minors and incompetent persons whether or not they are residents of this state.

(2) (a) The minor or incompetent person may petition the youth court for a waiver of the notice requirement and may participate in the proceedings on the person's own behalf. The petition must include a statement that the petitioner is pregnant and is not emancipated. The court may appoint a guardian ad litem for the petitioner. A guardian ad litem is required to maintain the confidentiality of the proceedings. The youth court shall advise the petitioner of the right to court-appointed counsel and shall provide the petitioner with counsel upon request.

(b) If the petition filed under subsection (2)(a) alleges abuse as a basis for waiver of notice, the youth court shall treat the petition as a report under 41-3-202. The provisions of Title 41, chapter 3, part 2, apply to an investigation conducted pursuant to this subsection.

(3) Proceedings under this section are confidential and must ensure the anonymity of the petitioner. All proceedings under this section must be sealed. The petitioner may file the petition using a pseudonym or using the petitioner's initials. All documents related to the petition are confidential and are not available to the public. The proceedings on the petition must be given preference over other pending matters to the extent necessary to ensure that the court reaches a prompt decision. The court shall issue written findings of fact and conclusions of law and rule within 48 hours of the time that the petition is filed unless the time is extended at the request of the petitioner. If the court fails to rule within 48 hours and the time is not extended, the petition is granted and the notice requirement is waived.

(4) If the court finds by clear and convincing evidence that the petitioner is sufficiently mature to decide whether to have an abortion, the court shall issue an order authorizing the minor to consent to the performance or inducement of an abortion without the notification of a parent or guardian.

(5) The court shall issue an order authorizing the petitioner to consent to an abortion without the notification of a parent or guardian if the court finds, by clear and convincing evidence, that:

HeinOnline -- 1995 vol. III 2265 1995

(a) there is evidence of a pattern of physical, sexual, or emotional abuse of the petitioner by one or both parents, a guardian, or a custodian; or

(b) the notification of a parent or guardian is not in the best interests of the petitioner.

(6) If the court does not make a finding specified in subsection (4) or (5), the court shall dismiss the petition.

(7) A court that conducts proceedings under this section shall issue written and specific findings of fact and conclusions of law supporting its decision and shall order that a confidential record of the evidence, findings, and conclusions be maintained.

(8) The supreme court may adopt rules providing an expedited confidential appeal by a petitioner if the youth court denies a petition. An order authorizing an abortion without notice is not subject to appeal.

(9) Filing fees may not be required of a pregnant minor who petitions a court for a waiver of parental notification or appeals a denial of a petition.

Section 10. Criminal and civil penalties. (1) A person convicted of performing an abortion in violation of [section 4 or 5] shall be fined an amount not to exceed $500 or be imprisoned in the county jail for a term not to exceed 6 months, or both.

(2) Failure to provide the notice required under [section 4 or 5] is prima facie evidence in an appropriate civil action for a violation of a professional obligation. The evidence does not apply to issues other than failure to notify the parents or guardian. A civil action may be based on a claim that the failure to notify was the result of a violation of the appropriate legal standard of care. Failure to provide notice is presumed to be actual malice pursuant to the provisions of 27-1-221. [Sections 1 through 10] do not limit the common-law rights of parents.

(3) A person who coerces a minor to have an abortion is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 1 year, or both. On a second or subsequent conviction, the person shall be fined an amount not less than $500 and not more than $50,000 and be imprisoned in the state prison for a term not less than 10 days and not more than 5 years, or both.

(4) A person not authorized to receive notice under [section 5] who signs a notice of waiver as provided in [section 6(2)] is guilty of a misdemeanor.

Section 11. Section 41-1-405, MCA, is amended to read:

"**41-1-405. Emergencies and special situations.** (1) ~~Any~~ *A* health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment, without compensation, to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.

(2) Any *A* health professional may render nonemergency services to minors for conditions which *that* will endanger the health or life of the minor if services

would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.

(3) ~~No consent shall~~ *Consent may not* be required of ~~any~~ *a* minor who does not possess the mental capacity or who has a physical disability ~~which~~ *that* renders ~~him~~ *the minor* incapable of giving ~~his~~ consent and who has no known relatives or legal guardians, if a physician determines *that* the health service should be given.

(4) Self-consent of minors ~~shall~~ *does* not apply to sterilization or abortion, *except as provided in [sections 1 through 10]*."

Section 12. Right of intervention. Pursuant to Rule 24(a), Montana Rules of Civil Procedure, a legislator has the right to intervene in any case in which the legality of Title 50, chapter 20, is challenged.

Section 13. Repealer. Section 50-20-107, MCA, is repealed.

Section 14. Codification instruction. [Sections 1 through 10] are intended to be codified as an integral part of Title 50, chapter 20, and the provisions of Title 50, chapter 20, apply to [sections 1 through 10].

Section 15. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

WHEREAS, the federal government frequently regulates areas that are also subject to state regulation; and

WHEREAS, differing state and federal policy goals and unique state prerogatives frequently result in different levels of regulation, different standards, and different requirements being imposed by state and federal programs covering the same subject matter; and

WHEREAS, Montana must simultaneously move toward reducing redundant and unnecessary regulation that dulls the state's competitive advantage while being ever vigilant in the protection of the public's health, safety, and welfare; and

WHEREAS, Montana's administrative agencies should analyze whether analogous federal standards sufficiently protect the health, safety, and welfare of Montana's citizens; and

WHEREAS, as part of the formal rulemaking process, the public should be advised of the agencies' conclusions about whether analogous federal standards sufficiently protect the health, safety, and welfare of Montana citizens.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the board of health and environmental sciences, the department of health and

environmental sciences, and local units of government in complying with [this act].

The legislature intends that in addition to all requirements imposed by existing law and rules, the board or the department include as part of the initial publication and all subsequent publications of a rule a written finding if the rule in question contains any standards or requirements that exceed the standards or requirements imposed by comparable federal law.

If the rules are more stringent than comparable federal law, the written finding must include but is not limited to a discussion of the policy reasons and an analysis that supports the board's or department's decision that the proposed state standards or requirements protect public healtb or the environment of the state and that the state standards or requirements to be imposed can mitigate harm to the public health or the environment and are achievable under current technology. The department is not required to show that the federal regulation is inadequate to protect public health. The written finding must also include information from the hearing record regarding the costs to the regulated community directly attributable to the proposed state standard or requirement.

Be it enacted by the Legislature of the State of Montana:

Section 1. State regulations no more stringent than federal regulations or guidelines. (1) After [the effective date of this act], except as provided in subsections (2) through (5) or unless required by state law, the board may not adopt a rule to implement this chapter that is more stringent than the comparable federal regulations or guidelines that address the same circumstances. (b) the state standard or requirement to be imposed can mitigate harm to the public health or environment and is achievable under current technology.

(3) The written finding must reference information and peer-reviewed scientific studies contained in the record that forms the basis for the board's conclusion. The written finding must also include information from the hearing record regarding the costs to the regulated community that are directly attributable to the proposed state standard or requirement.

(4) (a) A person affected by a rule of the board adopted after January 1, 1990, and before [the effective date of this act] that that person believes to be more stringent than comparable federal regulations or guidelines may petition the board to review the rule. (h) A person may also petition the board for a rule review under subsection (4)(a) if the board adopts a rule after January 1, 1990, in an area in which no federal regulations or guidelines existed and the federal government subsequently establishes comparable regulations or guidelines that are less stringent than the previously adopted board rule.

(b) A person may also petition the governing body for a rule review under subsection (4)(a) if the governing body adopts a rule after January 1, 1990, in an area in which no state regulations or guidelines existed and the state government subsequently establishes comparable regulations or guidelines that are less stringent than the previously adopted governing body rule.

(8) If the jurisdiction fails to take these measures within the time required, the department shall administer within that jurisdiction all of the provisions of this chapter, including the terms contained in any applicable board order, that are necessary to correct the deficiencies found by the board. The department's control program supersedes all municipal or county air pollution laws, rules, ordinances, and requirements in the affected jurisdiction. The cost of the department's action is a charge on the jurisdiction.

(9) If the board finds that the control of a particular air pollutant source because of its complexity or magnitude is beyond the reasonahle capability of the local jurisdiction or may be more efficiently and economically performed at the state level, it may direct the department to assume and retain control over that air pollutant source. A charge may not be assessed against the jurisdiction. Findings made under this subsection may be eitber on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-202, MCA, is amended to read:

"**15-7-202. Eligibility of land for valuation as agricultural.** (1) (a) Contiguous parcels of land totaling 160 acres or more under one ownership are eligible for valuation, assessment, and taxation as agricultural land each year that none of the parcels is devoted to a residential, commercial, or industrial use.

(b) (i) Contiguous parcels of land of 20 acres or more but less than 160 acres under one ownership are eligible for valuation, assessment, and taxation as agricultural land if the land is used primarily for raising and marketing, as defined in subsection (1)(c), products that meet the definition of agricultural in 15-1-101. A parcel of land is presumed to be used primarily for raising agricultural products if the owner or the owner's immediate family members, agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products produced by the land. The owner of land that is not presumed to be agricultural land shall verify to the department that the land is used primarily for raising and marketing agricultural products.

HeinOnline -- 1995 vol. III 2291 1995

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(B) the land is not devoted to a residential, commercial, or industrial use.

(c) For the purposes of this subsection (1), "marketing" means the selling of agricultural products produced by the land and includes but is not limited to:

(i) rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

(ii) rental payments made under the federal conservation reserve program or a successor to that program.

(2) ~~Except as provided in subsection (8), contiguous~~ *Contiguous* or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use are eligible for valuation, assessment, and taxation as agricultural each year the parcels meet any of the following qualifications:

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) may not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land may not be classified or valued as agricultural if it is subdivided land with stated restrictions effectively prohibiting its use for agricultural purposes. For the purposes of this subsection only, "subdivided land" includes parcels of land larger than 20 acres that have been subdivided for commercial or residential purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

(6) The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is taxed as provided in 15-6-133(1)(c). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the

department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use.

~~(8) Subject to the provisions of subsections (1), (2)(a), and (2)(b), property upon which sod, ornamental, nursery, or horticultural crops are raised, grown, or produced must consist of at least 10 acres before the property is eligible to be classified as agricultural land. Improvements devoted to crop production described in this subsection may not be included in class eleven property.~~"

(6) the offense was committed under 45-5-502(3) and the court determines that treatment of the defendant in a local community affords a better opportunity for rehabilitation of the defendant and for the ultimate protection of society, in which case the court shall include in its judgment a statement of the reasons for its determination."

Section 15. Section 46-18-225, MCA, is amended to read:

HeinOnline -- 1995 vol. III 2327 1995

(6) Whenever the department of corrections and human services certifies to the board that the population at either the male or female correctional facility has exceeded its designed capacity for 30 consecutive days, the board shall consider the respective male or female prisoners under the jurisdiction of the department eligible for parole 120 days prior to the eligibility dates provided for in subsections (2) through (4).

Section 2. Section 15-7-202, MCA, is amended to read:

"15-7-202. Eligibility of land for valuation as agricultural. (1) (a) Contiguous parcels of land totaling 160 acres or more under one ownership are eligible for valuation, assessment, and taxation as agricultural land each year that none of the parcels is devoted to a residential, commercial, or industrial use.

(b) (i) Contiguous parcels of land of 20 acres or more but less than 160 acres under one ownership are eligible for valuation, assessment, and taxation as agricultural land if the land is used primarily for raising and marketing, as defined in subsection (1)(c), products that meet the definition of agricultural in 15-1-101. A parcel of land is presumed to be used primarily for raising agricultural products if the owner or the owner's immediate family members, agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products produced by the land. The owner of land that is not presumed to be agricultural land shall verify to the department that the land is used primarily for raising and marketing agricultural products.

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(B) the land is not devoted to a residential, commercial, or industrial use.

(c) For the purposes of this subsection (1)~~, "marketing"~~:

(i) "marketing" means the selling of agricultural products produced by the land and includes but is not limited to:

~~(i)~~*(A)* rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

~~(ii)~~*(B)* rental payments made under the federal conservation reserve program or a successor to that program~~.~~*;*

(ii) land that is devoted to residential use or that is used for agricultural buildings and is included in or is contiguous to land under the same ownership that is classified as agricultural land, other than land described in 15-6-133(1)(c), must be classified as agricultural land, and the land must be valued as provided in 15-7-206.

(2) Except as provided in subsection (8), contiguous or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use are eligible for valuation, assessment, and taxation as agricultural each year *that* the parcels meet any of the following qualifications:

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent, intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) may not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land may not be classified or valued as agricultural if it is subdivided land with stated restrictions effectively prohibiting its use for agricultural purposes. For the purposes of this subsection only, "subdivided land" includes parcels of land larger than 20 acres that have been subdivided for commercial or residential purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

HeinOnline -- 1995 vol. III 2334 1995

(6) The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is taxed as provided in 15-6-133(1)(c). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use.

(8) Subject to the provisions of subsections (1), (2)(a), and (2)(b), property upon which sod, ornamental, nursery, or horticultural crops are raised, grown, or produced must consist of at least 10 acres before the property is eligible to be classified as agricultural land. Improvements devoted to crop production described in this subsection may not be included in class eleven property."

Section 3. Section 15-7-206, MCA, is amended to read:

(2) One acre of land beneath agricultural improvements on agricultural land, as described in 15-7-202(1)(c)(ii), is valued at the class with the highest productive value and production capacity of agricultural land."

Section 4. Section 15-6-133, MCA, is amended to read:

"**15-6-133. Class three property — description — taxable percentage.** (1) Class three property includes:

(a) agricultural land as defined in 15-7-202;

(ii) Improvements to the property that would not disqualify the parcel are taxed as otherwise provided in this title, including that portion of the land upon which the improvements are located and that is reasonably required for the use of the improvements.

(iii) Nonproductive patented mining claim property must be valued as if the land were devoted to agricultural grazing use.

(c) parcels of land of 20 acres or more but less than 160 acres under one ownership that are not eligible for valuation, assessment, and taxation as

HeinOnline -- 1995 vol. III 2335 1995

(2) Class three property is taxed at the taxable percentage rate applicable to class four property, as provided in 15-6-134(2)(a).

(3) The land described in subsection (1)(c) is valued at the productive capacity value of grazing land, at ~~a production level set by the department~~ *the average grade of grazing land*, and the taxable value is computed by multiplying the value by seven times the taxable rate for agricultural land."

Section 5. Section 15-7-221, MCA, is amended to read:

"**15-7-221. Phasein of the taxable value of agricultural land.** The increase or decrease in taxable value of agricultural land resulting from the change in the method of determining productive capacity value under 15-7-201 must be phased in beginning January 1, 1994, as follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-4-110, MCA, is amended to read:

"**20-4-110. Suspension *Letter of reprimand, suspension*, revocation, and denial of certificate.** (1) The board of public education may *issue a letter of reprimand or may* suspend or revoke the teacher, administrator, or specialist certificate of any person for the following reasons:

(a) making any statement of material fact in applying for a certificate that the applicant knows to be false;

(b) any reason that would have required or authorized the denial of the teacher, administrator, or specialist certificate to the person if it had been known at the time the certificate was issued;

(c) incompetency;

(d) gross neglect of duty;

(e) conviction of, entry of a guilty verdict, a plea of guilty, or a plea of no contest to a criminal offense involving moral turpitude in this state or any other state or country;

(h) denial, revocation, suspension, or surrender of a teacher, administrator, or specialist certificate in another state for any reason constituting grounds for similar action in this state.

(2) The board may initiate proceedings under this section if a request for the suspension or revocation of the teacher, administrator, or specialist certificate of any person is made to it by:

HeinOnline -- 1995 vol. III 2337 1995

(a) the trustees of a district as to a teacher, administrator, or specialist employed by that school or school district within the 12 months immediately preceding receipt of the request by the board of public education; or

(b) the superintendent of public instruction.

(3) (a) If the employment relationship between a school district and a teacher, administrator, or specialist is terminated or not renewed or if a teacher, administrator, or specialist resigns to prevent termination or nonrenewal because the trustees have reason to believe that the teacher, administrator, or specialist engaged in conduct described in subsection (1)(e) or (1)(f), the trustees shall make a written report to the superintendent of public instruction describing the circumstances of the termination, nonrenewal, or resignation.

(b) The superintendent shall review the report and any supporting evidence included in the report and may conduct further investigation. If the superintendent is satisfied that sufficient grounds exist, the superintendent may request action by the board of public education under subsection (1). The request must be brought within 1 year after discovery of the events that gave rise to the report.

(c) The trustees and the superintendent shall ensure the confidentiality of the report.

(d) The trustees and the superintendent and their agents and employees are immune from suit for actions taken in good faith under this section with respect to the report.

(4) The board shall give a 30-day written notification to any person when the board intends to consider *a letter of reprimand or* the suspension or revocation of a certificate. *Service of the notice must be accomplished by sending the notification by registered mail to the last address that the person has provided to the school district or the superintendent of public instruction.*

(5) The board shall conduct an investigation of the reasons for the suspension or revocation charge and then, if the investigation warrants further action, conduct a hearing in the manner provided by board policies. At the hearing, the board shall afford the person an opportunity for defense against the charge.

~~(5)~~*(6)* After a hearing, the board may *place a written reprimand in the person's certification file or may* suspend or revoke the person's teacher, *administrator,* or specialist certificate, except that in the case of a first violation under subsection (1)(g), the maximum penalty is a 2-year suspension of the person's certificate. *The board may, upon a request by a school district, inform the school district that a person's certification file includes a letter of reprimand, but the board may not provide a copy of the letter without first determining that the public's right to know outweighs the person's right to privacy.*

~~(6)~~*(7)* Whenever the superintendent of public instruction denies the issuance or the renewal of a teacher, *administrator,* or specialist certificate, the applicant may appeal the denial to the board of public education. The board shall hear the appeal in the same manner provided in this section for suspension or revocation and in accordance with the policies of the board. The decision of the board is final."

(22) "Water master" means a master as provided for in Title 3, chapter 7.

(23) "Well" means any artificial opening or excavation in the ground, however made, by which ground water is sought or can be obtained or through which it flows under natural pressures or is artificially withdrawn."

Section 5. Section 85-2-125, MCA, is amended to read:

"85-2-125. Recovery of attorney fees by prevailing party. *(1) (a) In the Upper Clark Fork River basin, as defined in 85-2-335, the prevailing party in a hearing under 85-2-309 on an application for a permit or change approval may bring an action in district court for costs and attorney fees. The court shall award the prevailing party reasonable costs and attorney fees.*

(b) If a final decision of the department on an application for a change approval in the Upper Clark Fork River basin is appealed to a district court, the district court shall award the prevailing party reasonable attorney fees.

(2) If a final decision of the department on an application for a permit is appealed to district court, the district court shall award the prevailing party reasonable attorney fees."

Section 6. Upper Clark Fork River basin instream flow pilot program. (1) The department shall accept and process change applications from a person in accordance with 85-2-402 for the purpose of leasing or temporarily changing existing water rights to maintain and enhance streamflows to benefit the fishery resource in the Upper Clark Fork River basin, as defined in 85-2-335. The application must:

(a) include specific information on the length and location of the stream reach in which the streamflow is to be maintained or enhanced; and

(b) provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(2) The applicant shall pay all costs associated with installing measuring devices, measuring flows, and providing measurement records according to the measurement plan required in subsection (1).

(3) The maximum quantity of water that may be changed to maintain and enhance streamflows to benefit the fishery resource is the amount historically diverted. However, only the amount historically consumed may be used to maintain or enhance streamflows to benefit the fishery resource below the existing point of diversion.

(4) The department may modify or revoke a change approval if an appropriator other than an appropriator described in subsection (5) proves by a preponderance of the evidence that the appropriator's water right is adversely affected.

(5) A person issued a water use permit with a priority of appropriation after the date of filing an application for change under this section may not object to the change approval, the use of tbe appropriation right according to the terms of the change approval, or the reversion of the appropriation right to its previous use.

(6) The priority of appropriation for a right to maintain and enhance streamflows to benefit the fishery resource under this section is the same as the priority of appropriation of the right approved for change.

(7) Neither a change in appropriation right nor any other approval is required for the reversion of the appropriation right to its previous use.

(8) Only the owner of the water right may seek enforcement of the change authorization or object under 85-2-308.

(9) The Upper Clark Fork River basin steering committee shall complete and submit to the governor and the legislature by December 31, 2004, a report evaluating the effects of all change approvals issued to maintain and enhance streamflows to benefit the fishery resource under this section. The report must:

(a) consider the effects upon other water right holders, tax values and revenue, fisheries, recreation, water quality, and other economic, social, and environmental effects; and

HeinOnline -- 1995 vol. III 2346 1995

(b) include recommendations to terminate, continue, enlarge, or otherwise modify the pilot program.

(10) Nothing in this section authorizes the sale of an appropriation right to maintain or enhance streamflows.

Section 7. Section 85-2-402, MCA, is amended to read:

"85-2-402. (Temporary) Changes in appropriation rights. (1) An appropriator may not make a change in an appropriation right except, as permitted under this section, by applying for and receiving the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(2) Except as provided in subsections (4) through (6), tbe department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) Except for a lease authorization pursuant to 85-2-436 *or water use pursuant to [section 6]* that does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; *and*

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(b)(ii) and (6)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that a change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change subject to terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

HeinOnline -- 1995 vol. III 2349 1995

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must bo kept in the office of the department in Helena.

(12) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section. (Terminates June 30, 1999—sec. 4, Ch. 740, L. 1991.)

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the

(a) the set-aside and resulting reduction in use of the appropriation right does not represent an intent by the appropriator to wholly or partially abandon the appropriation right or to not comply with the terms and conditions attached to the right; and

(b) the period of nonuse that occurs for part or all of the appropriation right as a result of the contract may not create or may not be added to any previous period of nonuse to create a prima facie presumption of abandonment.

85-2-404. (Effective July 1, 1999) Abandonment of appropriation right. (1) If an appropriator ceases to use all or a part of *an* ~~his~~ appropriation right with the intention of wholly or partially abandoning the right or if he *the appropriator* ceases using ~~his~~ *the* appropriation right according to its terms and conditions with the intention of not complying with those terms and conditions, the appropriation right shall *is*, to that extent, ~~be deemed~~ considered abandoned and shall *must* immediately expire.

Section 9. Section 85-2-436, MCA, is amended to read:

"85-2-436. (Temporary) Water leasing study. (1) The department of fish, wildlife, and parks and the department, in consultation with the water policy committee, shall conduct and coordinate a study that, at a minimum:

(a) provides the following data for each designated stream reach and each pilot lease entered into under subsection (2):

(i) the length of the stream reach and how it is determined;

(ii) technical methods and data used to determine critical streamflow or volume needed to preserve fisheries;

HeinOnline -- 1995 vol. III 2354 1995

(iii) legal standards and technical data used to determine and substantiate the amount of water available for instream flows through leasing of existing rights;

(iv) contractual parameters, conditions, and other steps taken to ensure that each lease in no way harms other appropriators, particularly if the stream is one that experiences natural dewatering; and

(v) methods and technical means used to monitor use of water under each lease;

(b) based on the data provided under subsection (1)(a), develops a complete model of a water lease and lease authorization that includes a step-by-step explanation of the process from initiation to completion.

(2) For purposes of undertaking the study described in subsection (1) and as authorized by law, the department of fish, wildlife, and parks and the department may engage in the activities described in this subsection. ~~For~~ *Except as provided in [section 6], for* purposes of this study, this section is the exclusive means by which the department of fish, wildlife, and parks may seek to change an appropriation right to an instream flow purpose.

(a) The department of fish, wildlife, and parks, with the consent of the commission, may lease existing rights for the purpose of maintaining or enhancing streamflows for the benefit of fisheries in stream reaches determined eligible by the board pursuant to 85-2-437.

(b) Upon receipt of a correct and complete application for a lease from the department of fish, wildlife, and parks, the department shall puhlish notice of the application as provided in 85-2-307. Parties who believe they may be adversely affected by the proposed lease may file an objection as provided in 85-2-308. A lease may not be approved until all objections are resolved. After resolving all objections filed under 85-2-308, the department shall authorize a lease of an existing right for the purpose of maintaining or enhancing streamflows for the benefit of fisheries if the applicant submits a correct and complete application and meets the requirements of 85-2-402.

(c) The application for a lease authorization must include specific information on the length and location of the stream reach in which the streamflow must be maintained or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(d) The maximum quantity of water that may be leased is the amount historically diverted by the lessor. However, only the amount historically consumed, or a smaller amount if specified by the department in the lease authorization, may be used to maintain or enhance streamflows below the lessor's point of diversion.

(e) The lease may not be issued for a term of more than 10 years, but it may be renewed once for up to 10 years, except that a lease of water made available from the development of a water conservation or storage project is restricted to a term of not more than 20 years. Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease and shall allow 30 days for submission of new evidence of adverse effects to other

HeinOnline -- 1995 vol. III 2355 1995

water rights. A lease authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection (2)(i) submits evidence of adverse effects to the appropriator's rights that has not been considered previously. If new evidence is submitted, a lease authorization must be obtained according to the requirements of 85-2-402.

(f) During the term of the lease, the department may modify or revoke the lease authorization if an appropriator other than an appropriator described in subsection (2)(i) proves by a preponderance of evidence that the appropriator's water right is adversely affected.

(g) The priority of appropriation for a lease under this section is the same as the priority of appropriation of the right that is leased.

(h) Neither a change in appropriation right nor any other authorization is required for the reversion of the appropriation right to the lessor's previous use.

(i) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a lease authorization under this section may not object to the exercise of the lease according to its terms or the reversion of the appropriation right to the lessor according to the lessor's previous use.

(j) The department of fish, wildlife, and parks shall pay all costs associated with installing devices or providing personnel to measure streamflows according to the measuring plan submitted under this section.

(3)(a) The department of fish, wildlife, and parks shall complete and submit to the board, commission, and water policy committee an annual study progress report by December 1 of each year. This report must include the applicable information listed in subsection (1) for each lease, a summary of stream reach designation activity under 85-2-437, and a summary of leasing activity on all designated streams. If the department of fish, wildlife, and parks has not leased additional water rights under this section by December 1 of any year, the department of fish, wildlife, and parks shall provide compelling justification for that fact in the study progress report.

(b) A final study report must be adopted by the board and commission and submitted to the water policy committee, which shall complete the final report by Decemher 1, 1998.

(4) This section does not create the right for a person to bring suit to compel the renewal of a lease that has expired. (Terminates June 30, 1999—sec. 4, Ch. 740, L. 1991.)"

Section 10. Codification instruction. [Section 6] is intended to be codified as an integral part of Title 85, chapter 2, part 4, and the provisions of Title 85, chapter 2, part 4, apply to [section 6].

CHAPTER NO. 488

[SB 153]

AN ACT CONFORMING CERTAIN DEFINITIONS TO THE FEDERAL SAFE DRINKING WATER ACT; AUTHORIZING THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES TO ESTABLISH REQUIREMENTS BY RULE FOR VOLUNTARY PROGRAMS FOR CROSS-CONNECTIONS; SPECIFYING THE WATER SUPPLY, SEWAGE, AND WASTE SYSTEMS THAT REQUIRE REVIEW AND APPROVAL OF PLANS AND SPECIFICATIONS BY THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES; CLARIFYING CERTAIN DEFINITIONS IN THE OPERATOR CERTIFICATION LAWS; ALLOWING VOLUNTARY PARTICIPATION IN A WELLHEAD PROTECTION PROGRAM; AUTHORIZING COUNTY GOVERNMENTS TO ADOPT WELLHEAD PROTECTION AREA ORDINANCES; AND AMENDING SECTIONS 37-42-101, 37-42-102, 75-6-102, 75-6-103, AND 75-6-112, MCA.

STATEMENT OF INTENT

A statement of intent is provided for this bill because 75-6-103 directs the board of health and environmental sciences to develop rules regarding the voluntary submission of petitions for cross-connection control programs.

The legislature is aware that currently cross-connections of sources of contamination with a public water supply system are illegal, but there are no state standards for cross-connection control devices and no mechanism exists for public water suppliers to implement cross-connection control programs. The legislature grants the board the authority to set minimum standards and requirements to ensure that a public water supply does not become contaminated when the system is connected to another nonpublic water supply or to a possible source of contamination. The standards and requirements must be consistent with other rules adopted under Title 75, chapter 6, and may require that any cross-connection control program voluntarily submitted for approval require the installation of specific types of cross-connection control devices in accordance with industry standards. The rules may include model standards and requirements for recommended implementation by public water supply system suppliers.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-42-101, MCA, is amended to read:

"**37-42-101. Purpose.** It is ~~hereby found~~ and declared that the health and welfare of Montana citizens are jeopardized by persons not properly qualified to operate the water supply systems and that Montana's *state* waters are

[SB 200]

AN ACT REVISING THE COMPREHENSIVE ENVIRONMENTAL CLEANUP AND RESPONSIBILITY ACT; CLARIFYING THE EXEMPTION FROM LIABILITY FOR PERSONS HOLDING INDICIA OF OWNERSHIP PRIMARILY TO PROTECT SECURITY INTERESTS; EXTENDING A LIMITED EXEMPTION TO FIDUCIARIES; DEFINING "FORECLOSURE" AND "FIDUCIARY"; CLARIFYING THE STATUTE OF LIMITATIONS FOR COST RECOVERY TO CONFORM TO THE FEDERAL COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT; AMENDING SECTIONS 75-10-701, 75-10-711, 75-10-715, 75-10-718, AND

HeinOnline -- 1995 vol. III 2366 1995

75-10-722, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is included with this bill because of the authorization granted to the department in 75-10-702 to adopt rules to implement Title 75, chapter 10, part 7, including implementation of the exemption from liability for persons holding indicia of ownership primarily to protect a security interest. To date, the department has not adopted rules under this section.

The legislature finds that existing state law related to the liability of persons holding security interests for environmental contamination is unclear and that this lack of clarity has created uncertainty on the part of security interest holders as to whether they are liable for environmental contamination caused by their borrowers or other third parties. The uncertainty has negatively affected the availability of credit in Montana.

In enacting Montana's Comprehensive Environmental Cleanup and Responsibility Act (CECRA), the legislature modeled the statute after and borrowed many terms from the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA). The legislature specifically borrowed the term "own or operate", which excludes from liability those persons who, without participating in the management of the facility, hold indicia of ownership merely to protect a security interest.

When significant questions arose under CERCLA as to the scope of the terms "indicia of ownership" and "participating in the management of the facility", the federal government devoted substantial effort to developing a federal policy and a rule that employ a framework of specific tests to provide clearer articulation of a lender's scope of liability under CERCLA, both to governmental agencies and to third parties. The April 1992 rule, which appears at 40 CFR 300.1100, et seq., was preceded by many public hearings and public comment periods. Although the rule was recently judged to be technically beyond EPA's rulemaking authority, the contents of the rule still constitute EPA policy on the scope of the secured creditor exemption under CERCLA and the legislature finds that the rule in its current form provides a well-reasoned basis for interpreting the identical language in CECRA.

Therefore the legislature finds that the clarification of potential liability in a manner consistent with federal statutes, current EPA policy, and the regulations at 40 CFR 300.1100, et seq., is desirable in order to provide certainty for security interest holders, including persons engaged in lease financing, to enhance the availability of credit, and to encourage responsible practices by those security interest holders and borrowers to protect the public health and environment.

The legislature also finds that uncertainty exists in state law regarding the potential liability of certain fiduciaries for environmental contamination on property held in their fiduciary capacity and determines that a limited exemption from liability, comparable to the one being proposed for action by congress under CERCLA, should apply to fiduciaries and that it is necessary to add language concerning fiduciaries to Title 75, chapter 10, part 7.

HeinOnline -- 1995 vol. III 2367 1995

Therefore, in adopting rules under 75-10-702 to implement the exemption under 75-10-701(10)(b) for holders of "the indicia of ownership", the department of health and environmental sciences shall adopt rules consistent with the revisions to CECRA contained in this bill, including rules that address fiduciaries within the exemption. The rules also must be consistent with the federal regulations set forth at 40 CFR 300.1100, et seq.

Finally, the legislature intends that the limited exemptions for secured creditors and fiduciaries that are clarified and granted by this legislation extend not only to liability asserted by governmental entities hut also extend to claims by any third parties for cleanup or for cost recovery or contrihution.

The term also does not include the owner or operator of the Milltown dam licensed under part 1 of tbe Federal Power Act (FERC license No. 2543-004) if a hazardous or deleterious substance has been released into the environment upstream of the dam and has subsequently come to be located in the reservoir created by the dam, unless the owner or operator is a person who would otherwise be liable for a release or threatened release under 75-10-715(1).

"75-10-711. Remedial action — orders — penalties — judicial proceedings. (1) The department may take remedial action whenever:

(a) there has been a release or there is a substantial threat of a release into the environment that may present an imminent and substantial endangerment to the public health, welfare, or safety or the environment; and

(b) the appropriate remedial action will not be done properly and expeditiously by any person liable under 75-10-715(1).

(2) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release has occurred or is about to occur, the department may undertake remedial action in the form of any investigation, monitoring, survey, testing, or other information-gathering as authorized by 75-10-707 that is necessary and appropriate to identify the existence, nature, origin, and extent of the release or the threat of release and the extent and imminence of the danger to the public health, safety, or welfare or the environment.

(3) Any person liable under 75-10-715(1) must take immediate action to contain, remove, and abate the release. Except as provided in 75-10-712, the department is authorized to draw upon the fund to take action under subsection (1) if it has made diligent good faith efforts to determine the identity of the person or persons liable for the release or threatened release and:

(a) is unable to determine the identity of the liable person or persons in a manner consistent with the need to take timely remedial action; or

(b) the person or persons determined by the department to be liable under 75-10-715(1) have been informed in writing of the department's determination and have been requested by the department to take appropriate remedial action but are unable or unwilling to take action in a timely manner; and

(c) the written notice to each person informs ~~him~~ *the person* that if ~~he is~~ subsequently found liable pursuant to 75-10-715(1), he *the person* may be required to reimburse the fund for the state's remedial action costs and may be subject to penalties pursuant to ~~75-10-715(3)~~ *this part*.

(4) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release that may pose an imminent and substantial threat to *the* public health, safety, or welfare or the environment has occurred or is about to occur, it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect *the* public health, safety, or welfare or the environment.

(5) *(a)* A person who violates or fails or refuses to comply with an order issued under 75-10-707 or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than $10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account:

(i) the nature, circumstances, extent, and gravity of the noncompliance; ~~and,~~

(ii) with respect to the person liable under 75-10-715(1), ~~his~~:

(A) the person's ability to pay;

(B) any prior history of ~~sueh~~ violations;

(C) the degree of culpability; *and*

(D) the economic benefit or savings, if any, resulting from the noncompliance; and

(iii) any other matters as justice may require.

HeinOnline -- 1995 vol. III 2371 1995

(b) Civil penalties collected under ~~this~~ subsection *(5)(a)* must be deposited into the environmental quality protection fund established in 75-10-704.

(6) A court has jurisdiction to review an order issued under 75-10-707 or this section only in the following actions:

(a) an action under 75-10-715 to recover remedial action costs or penalties or for contribution;

(b) an action to enforce an order issued under 75-10-707 or this section;

(c) an action to recover a civil penalty for violation of or failure to comply with an order issued under 75-10-707 or this section; or

(d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending decision of the court.

(7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department's decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.

(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or the environment resulting from the release or threatened release.

(9) The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if the department determines that remedial action is necessary to carry out the purposes of this part."

Section 3. Section 75-10-715, MCA, is amended to read:

"75-10-715. Liability — reimbursement and penalties — proceedings — defenses. (1) Notwithstanding any other provision of law and subject only to the defenses set forth in subsection (5), the following persons are jointly and severally liable for a release or threatened release of a hazardous or deleterious substance from a facility:

(a) a person who owns or operates a facility where a hazardous or deleterious substance was disposed of;

(b) a person who at the time of disposal of a hazardous or deleterious substance owned or operated a facility where the hazardous or deleterious substance was disposed of;

(c) a person who generated, possessed, or was otherwise responsible for a hazardous or deleterious substance and who, by contract, agreement, or otherwise, arranged for disposal or treatment of the substance or arranged with a transporter for transport of the substance for disposal or treatment; and

(d) a person who accepts or has accepted a hazardous or deleterious substance for transport to a disposal or treatment facility.

(2) A person identified in subsection (1) is liable for the following costs:

(a) all remedial action costs incurred by the state; and

(b) damages for injury to, destruction of, or loss of natural resources caused by the release or threatened release, including the reasonable technical and legal costs of assessing and enforcing a claim for the injury, destruction, or loss resulting from the release, unless the impaired natural resources were specifically identified as an irreversible and irretrievable commitment of natural resources in an approved final state or federal environmental impact statement or other comparable approved final environmental analysis for a project or facility that was the subject of a governmental permit or license and the project or facility was being operated within the terms of its permit or license.

(3) If the person liable under ~~75-10-715~~ *subsection* (1) fails, without sufficient cause, to comply with a department order issued pursuant to 75-10-711(4) or to properly provide remedial action upon notification by the department pursuant to 75-10-711(3), the person may be liable for penalties in an amount not to exceed two times the amount of any costs incurred by the state pursuant to this section.

(4) The department may initiate civil proceedings in district court to recover remedial action costs, natural resource damages, or penalties under subsections (1), ~~through (3)~~ *(2), and (3)*. Proceedings to recover costs and penalties must be conducted in accordance with 75-10-722. Venue for any action to recover costs, damages, or penalties lies in the county where the release occurred or where the person liable under ~~75-10-715~~ *subsection* (1) resides or has its principal place of business or in the district court of the first judicial district.

(5) No *A* person is *not* liable under subsections (1), ~~through (3)~~ *(2), and (3)* if that *the* person can establish by a preponderance of the evidence that:

(a) the department failed to follow the notice provisions of 75-10-711 when required;

(b) the release did not emanate from any vessel, vehicle, or facility to which the person contributed any hazardous or deleterious substance or over which the person had any ownership, authority, or control and was not caused by any action or omission of the person;

(c) the release or threatened release occurred solely as a result of:

(i) an act or omission of a third party other than either an employee or agent of the person; or

(ii) an act or omission of a third party other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person, if the person establishes by a preponderance of the evidence that he *the person*:

(A) exercised due care with respect to the hazardous or deleterious substance concerned, taking into consideration the characteristics of the

hazardous or deleterious substance in light of all relevant facts and circumstances; and

(B) took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from those acts or omissions;

(d) the release or threat of release occurred solely as the result of an act of God or an act of war;

(e) the release or threatened release was from a facility for which a permit had been issued by the department, the hazardous or deleterious substance was specifically identified in the permit, and the release was within the limits allowed in the permit;

(f) in the case of assessment of penalties under subsection (3), ~~that~~ factors beyond the control of the person prevented the person from taking timely remedial action; or

(g) the person accepted only household refuse (garbage, trash, or septic tank sanitary wastes generated by single or multiple residences, hotels, motels, restaurants, or similar facilities) for transport to a solid waste disposal facility, unless that person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse.

(6) (a) For the purpose of subsection (5)(c)(ii), the term "contractual relationship" includes but is not limited to land contracts, deeds, or other instruments transferring title or possession, unless the real property on which the facility is located was acquired by the person after the disposal or placement of the hazardous or deleterious substance on, in, or at the facility and one or more of the following circumstances is also established by the person by a preponderance of the evidence:

(i) At the time the person acquired the facility, the person did not know and had no reason to know that a hazardous or deleterious substance that is the subject of the release or threatened release was disposed of on, in, or at the facility.

(ii) The person is a governmental entity that acquired the facility by escheat, lien foreclosure, or through any other involuntary transfer or acquisition or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The person acquired the facility by inheritance or bequest.

(b) In addition to establishing one or more of the circumstances in subsection (6)(a)(i) through (6)(a)(iii), the person shall establish that ~~he~~ *the person* has satisfied the requirements of ~~subsections~~ *subsection* (5)(c)(i) or (5)(c)(ii).

(c) To establish that the person had no reason to know, as provided in subsection (6)(a)(i), the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of assessing this inquiry, the following must be taken into account:

(i) any specialized knowledge or experience on the part of the person;

(ii) the relationship of the purchase price to the value of the property if uncontaminated;

(iii) commonly known or reasonably ascertainable information about the property;

(iv) the obviousness of the presence or the likely presence of contamination on the property; and

(v) the ability to detect the contamination by appropriate inspection.

(d) (i) Nothing in subsections (5)(b) and (5)(c) or in this subsection (6) may diminish the liability of a previous owner or operator of the facility who would otherwise be liable under this part.

(ii) Notwithstanding this subsection (6), if the previous owner or operator obtained actual knowledge of the release or threatened release of a hazardous or deleterious substance at the facility when the person owned the real property and then subsequently transferred ownership of the property to another person without disclosing the knowledge, the previous owner is liable under subsections (1), ~~through (3)~~ *(2), and (3)* and no defense under subsection (5)(b) or (5)(c) is available to that person.

(e) Nothing in this subsection (6) affects the liability under this part of a person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous or deleterious substance that is the subject of the action relating to the facility.

(7) The liability of a fiduciary under the provisions of this part for a release or a threatened release of a hazardous or deleterious substance from a facility held in a fiduciary capacity may not exceed the assets held in the fiduciary capacity that are available to indemnify the fiduciary unless the fiduciary is liable under this part independent of the person's ownership or actions taken in a fiduciary capacity.

(8) A person who holds indicia of ownership in a facility primarily to protect a security interest is not liable under subsections (1)(a) and (1)(b) for having participated in the management of a facility within the meaning of 75-10-701(10)(b) because of any one or any combination of the following:

(a) holding an interest in real or personal property when the interest is being held as security for payment or performance of an obligation, including but not limited to a mortgage, deed of trust, lien, security interest, assignment, pledge, or other right or encumbrance against real or personal property that is furnished by the owner to ensure repayment of a financial obligation;

(b) requiring or conducting financial or environmental assessments of a facility or a portion of a facility, making financing conditional upon environmental compliance, or providing environmental information or reports;

(c) monitoring the operations conducted at a facility or providing access to a facility to the department or its agents or to remedial action contractors;

(d) having the mere capacity or unexercised right to influence a facility's management of hazardous or deleterious substances;

(e) giving advice, information, guidance, or direction concerning the administrative and financial aspects, as opposed to day-to-day operational aspects, of a borrower's operations;

(f) providing general information concerning federal, state, or local laws governing the transportation, storage, treatment, and disposal of hazardous or deleterious substances and concerning the hiring of remedial action contractors;

(g) engaging in financial workouts, restructuring, or refinancing of a borrower's obligations;

(h) collecting rent, maintaining utility services, securing a facility from unauthorized entry, or undertaking other activities to protect or preserve the value of the security interest in a facility;

(i) extending or denying credit to a person owning or in lawful possession of a facility;

(j) in an emergency, requiring or undertaking activities to prevent exposure of persons to hazardous or deleterious substances or to contain a release;

(k) requiring or conducting remedial action in response to a release or threatened release if prior notice is given to the department and the department approves of the remedial action; or

(l) taking title to a facility by foreclosure, provided that the holder of indicia of ownership, from the time the holder acquires title, undertakes to sell, re-lease property held pursuant to a lease financing transaction (whether by a new lease financing transaction or substitution of the lessee), or otherwise divest itself of the property in a reasonably expeditious manner, using whatever commercially reasonable means are relevant or appropriate with respect to the facility and taking all facts and circumstances into consideration and provided that the holder does not:

(i) outbid or refuse a bid for fair consideration for the property or outbid or refuse a bid that would effectively compensate the holder for the amount secured by the facility;

(ii) worsen the contamination at the facility;

(iii) incur liability under subsection (1)(c) or (1)(d) by arranging for disposal of or transporting hazardous or deleterious substances; or

(iv) engage in conduct described in subsection (9).

(9) The protection from liability provided in subsections (7) and (8) is not available to a fiduciary or to a person holding indicia of ownership primarily to protect a security interest if the fiduciary or person through affirmative conduct:

(a) causes or contributes to a release of hazardous or deleterious substances from the facility;

(b) allows others to cause or contribute to a release of hazardous or deleterious substances; or

(c) in the case of a person holding indicia of ownership primarily to protect a security interest, actually participates in the management of a facility by:

(i) exercising decisionmaking control over environmental compliance; or

(ii) exercising control at a level comparable to that of a manager of the enterprise with responsibility for day-to-day decisionmaking either with respect to environmental compliance or substantially all of the operational, as opposed to financial or administrative, aspects of the facility."

Section 4. Section 75-10-718, MCA, is amended to read:

"75-10-718. Liability of remedial action contractor. (1) A person who is a remedial action contractor with respect to a release or threatened release of a hazardous or deleterious substance is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss or damage to property, or economic loss.

(2) Immunity from liability, pursuant to subsection (1), does not apply in the case of a release that is caused by conduct of the remedial action contractor that is negligent or grossly negligent or that constitutes intentional misconduct.

(3) This section does not affect the liability of a person under a warranty under federal, state, or common law or the liability to an employee of an employer who is a remedial action contractor under any provision of law, including any provision of a law relating to workers' compensation.

(4) A state agency~~,~~ *or* state employee~~,~~ or an employee of a political subdivision who provides services relating to remedial action while acting within the scope of ~~its~~ *the entity's* or his *individual's* authority as a governmental agency or employee has the same exemption from liability as is provided to the remedial action contractor under this section.

(5) The defense provided by 75-10-715(5)(c) is not available to a person liable under 75-10-715(1) with respect to remedial action costs or damages caused by an act or omission of a remedial action contractor.

(6) Except as provided in subsections (4) and (5), this section does not affect the liability under this part of a person other than a remedial action contractor.

(7) This section does not affect the plaintiff's burden of establishing liability under this part.

(8) This section does not minimize the liability, lessen the standard of liability, or otherwise shield from liability a potentially liable person under 75-10-715 or section 107 of CERCLA for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance."

Section 5. Section 75-10-722, MCA, is amended to read:

"75-10-722. Payment of state costs and penalties. (1) The department shall keep a record of the state's remedial action costs.

HeinOnline -- 1995 vol. III 2377 1995

(2) Based on this record, the department shall require a person liable under 75-10-715 to pay the amount of the state's remedial action costs and, if applicable, penalties under 75-10-715(3).

(3) If the state's remedial action costs and penalties are not paid by the liable person to the department within 60 days after receipt of notice that the costs and penalties are due, the department shall bring an action in the name of the state to recover the amount owed plus reasonable legal expenses.

(4) An action to recover remedial action costs may be brought under this section at any time after any remedial action costs have been incurred, and the court may enter a declaratory judgment on liability for remedial action costs that is binding on any subsequent action or actions to recover further remedial action costs. The court may disallow costs or damages only if the person liable under 75-10-715 can show on the record that the costs are not reasonable and are not consistent with this part.

(5) An initial action ~~for recovery of remedial action costs~~ *brought under 75-10-715(4) or a contribution action for costs incurred under this part* must be commenced within 6 years after initiation of physical onsite construction of the remedial action *final permanent remedy*.

(6) Remedial action costs and any penalties recovered by the state under 75-10-715 must be deposited into the environmental quality protection fund established in 75-10-704."

Section 6. Applicability. [This act] does not apply to civil actions commenced prior to the [effective date of this act] or to the claims upon which such civil actions are based.

Section 7. Effeetive date. [This act] is effective on passage and approval.

[SB 209]

AN ACT REFORMING THE PUBLIC ASSISTANCE SYSTEM; AUTHORIZING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO ESTABLISH A DEMONSTRATION PROJECT CALLED THE FAMILIES ACHIEVING INDEPENDENCE IN MONTANA (FAIM) PROJECT; AUTHORIZING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO ADMINISTER A FOOD STAMP PROGRAM; PROVIDING RULEMAKING AUTHORITY FOR THE FOOD STAMP PROGRAM; ALLOWING PUBLIC ASSISTANCE INFORMATION TO BE USED FOR AGENCY PURPOSES; REVISING AID TO FAMILIES WITH DEPENDENT CHILDREN AND MEDICAID TO INCLUDE THE FAIM PROJECT; AND AMENDING SECTIONS 53-2-105, 53-2-211, 53-4-201, 53-4-202, 53-4-212, 53-4-241, 53-4-702, 53-4-706, 53-4-707, 53-4-717, 53-6-101, 53-6-113, 53-6-131, AND 53-6-134, MCA.

HeinOnline -- 1995 vol. III 2378 1995

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 11] grants the department of social and rehabilitation services authority to adopt rules for the administration of the food stamp program.

(1) It is the intent of the legislature that the department adopt rules concerning:

(a) eligibility for assistance, including income and resource limitations, income and resource exclusions, and transfers of resources;

(b) amounts of assistance and methods for determining benefit amounts;

(c) certification periods;

(d) reporting requirements;

(e) work registration and employment and training requirements and exemptions from those requirements;

(f) procedures and policies of the employment and training program;

(g) disqualification because of intentional program violations, voluntarily quitting a job without good cause, or any other violation of program rules;

(h) penalties applicable to recipients of aid to families with dependent children who have been sanctioned because of failure to meet any requirement of the aid to families with dependent children program; and

(i) special requirements or criteria applicable to participants in the families achieving independence in Montana (FAIM) project.

(2) It is intended that the rules adopted by the department comply with federal requirements under the Food Stamp Act Amendments of 1980, 7 U.S.C. 2011, et seq., and 7 CFR 271 through 285, as may be amended, or, in the event that waivers of federal law have been granted by the food and nutrition service of the U.S. department of agriculture, with the waivers.

(3) [Section 19] revises the department's rulemaking authority for the aid to families with dependent children program, including the FAIM project.

It is the intent of the legislature that the department adopt rules concerning:

(a) eligibility requirements, including gross and net income limitations, resource limitations, and income and resource exclusions;

(b) amounts of assistance and methods for computing benefit amounts;

(c) deprivation of parental support or care for purposes of qualifying as a dependent child;

(d) the degree of kinship required for a person to qualify as a specified caretaker relative with whom a child may live to be eligible for assistance;

(e) reporting requirements;

HeinOnline -- 1995 vol. III 2379 1995

(f) requirements for participation in the JOBS program and exemptions from participation;

(g) procedures and policies of the JOBS program;

(h) sanctions, disqualification, or other penalties for failure to comply with program rules or requirements; and

(i) special requirements or policies applicable to participants in the FAIM project.

(4) It is intended that rules adopted under [section 19] comply with federal requirements under Title IV of the Social Security Act, 42 U.S.C. 601, et seq., and 45 CFR parts 200 through 499, as amended, or, in the event that waivers of federal law have been granted by the U.S. department of health and human services, with the waivers.

(5) [Section 26] grants the department additional rulemaking authority. It is the intent of the legislature that the department adopt rules specifying the income limits for eligibility for extended medical assistance for persons receiving aid to families with dependent children under the FAIM project who lose eligibility because of increased income and specifying the length of time for which they may receive extended medical assistance.

It is intended that rules adopted under [section 26] comply with waivers of federal medicaid law granted by the secretary of the U.S. department of health and human services pertaining to the FAIM project and promote the goals of the FAIM project of self-sufficiency and responsibility of participants. In adopting the rules, the department may consider the amount of funds appropriated by the legislature for the Montana medicaid program.

Be it enacted by the Legislature of the State of Montana:

Section 1. Demonstration project — purpose. (1) The department is authorized to administer a demonstration project pursuant to section 1115 of the Social Security Act, 42 U.S.C. 1315, to provide assistance under Title IV of that act, 42 U.S.C. 601, et seq., to families who are currently receiving, eligible for, or at risk of becoming eligible for aid to families with dependent children benefits. This demonstration project may be cited as the families achieving independence in Montana (FAIM) project.

(2) The purpose of the demonstration project is to promote self-sufficiency and responsibility of participants by providing supports and incentives, such as child-care assistance, training, education, medical assistance, and resource referrals, and to make procedures and requirements less complex and more uniform in the aid to families with dependent children, food stamp, and medicaid programs.

Section 2. Definitions. As used in [sections 1 through 10], unless the context requires otherwise, the following definitions apply:

(1) 'Cash assistance" means monetary payments to a recipient of aid to families with dependent children to meet basic needs, such as shelter, utilities, clothing, and personal needs.

HeinOnline -- 1995 vol. III 2380 1995

(2) "Child-care assistance" means payments to or on behalf of the specified caretaker relative of a dependent child to defray the cost of having a third party care for the child.

(3) "Department" means the department of social and rehabilitation services provided for in 2-15-2201.

(4) "FAIM project" means the families achieving independence in Montana project, including an aid to families with dependent children part established in [section 3], a food stamp part administered under the Food Stamp Act of 1977, 7 U.S.C. 2026, and a medicaid part administered pursuant to the Social Security Act, 42 U.S.C. 1315.

(5) "JOBS program" means the job opportunities and basic skills training program established in 53-4-703.

Section 3. FAIM project — components. (1) The aid to families with dependent children part of the FAIM project consists of three components referred to as the job supplement program, pathways, and the community services program.

(2) The job supplement program is an alternative to the components of the FAIM project that provide cash assistance. An eligible family may receive assistance under the job supplement program instead of receiving assistance under pathways or the community services program or may receive assistance under the job supplement program either prior to or after receiving assistance under pathways or the community services program.

(3) Services that may be provided to eligible individuals in the job supplement program include:

(a) full medicaid benefits for dependent children, as provided in 53-6-101, and basic medicaid benefits for specified caretaker relatives, as provided in 53-6-101, if waivers of federal law are granted by the secretary of the U.S. department of health and human services that permit limited benefits. However, a specified caretaker relative who is pregnant is entitled to full medicaid benefits.

(b) child-care assistance, as provided in [section 8] and as specified by the department by rule;

(c) assistance in obtaining child support; and

(d) a one-time only cash payment to meet special employment-related needs of the family. In order to receive a one-time cash payment, the family is required to agree not to apply for or receive cash assistance for a period of time based on the size of the one-time cash payment received.

(8) The department shall furnish workers' compensation coverage, as provided in 39-71-118, for recipients in any component of the FAIM project who perform community service work or who participate in a work experience program.

However, the family of an ineligible individual is entitled to assistance for its own needs if it is otherwise eligible. The income and resources of the individual must be considered in determining the family's eligibility for assistance during the period of ineligibility.

(2) In the pathways component of the FAIM project, the department shall provide child-care assistance to all single-parent families if child care is necessary to allow the parent to participate in an activity required by the family investment agreement. Child-care assistance may, at the department's discretion, be provided to two-parent families if child care is necessary to allow either or both of the parents to participate in an activity required by the family investment agreement.

(3) In the community services program component of the FAIM project, the department shall provide child-care assistance to all single-parent families if child care is necessary to allow the parent to participate in an activity required by the family investment agreement. (1) The department of social and rehabilitation services shall adopt appropriate rules necessary for the administration of the Montana medicaid program as provided for in this part and as may be required by federal laws and regulations governing state participation in medicaid under Title XIX of the federal Social Security Act, ~~(~~42 U.S.C. 1396, et seq.~~)~~, as amended.

HeinOnline -- 1995 vol. III 2398 1995

WHEREAS, unused funds belonging to Medicaid-eligible nursing facility residents or set aside for burial have often become unavailable for recovery by the Medicaid Program; and

WHEREAS, the United States Congress has recently enacted amendments to the federal Social Security Act that require or permit the state Medicaid agency to deny Medicaid eligibility to a greater number of persons and to recover the value of Medicaid benefits already paid in order to ensure that Medicaid benefits remain available to the truly needy.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 2, 5, 17, 19, and 26] grant the department of social and rehabilitation services rulemaking authority to implement the provisions of this bill.

The legislature intends that the department of social and rehabilitation services adopt rules that are reasonably necessary to implement this bill and that the rules establish procedures and criteria for undue hardship exceptions that are consistent with 42 U.S.C. 1396p and that implement federal regulations and policies. The rules adopted to implement the provisions of this bill concerning hardship exceptions should include but are not limited to rules addressing the following:

(1) a description of the circumstances considered to constitute an undue hardship;

(2) the procedures by which an individual may seek an undue hardship exception;

(3) the persons entitled to an undue hardship exception; and

(4) whether the exception is partial or temporary and the circumstances under which partial or temporary exceptions may be granted.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in this part, unless expressly provided otherwise, the following definitions apply:

(1) "Department" means the department of social and rehabilitation services provided for in 2-15-2201.

(2) "Recipient" means an individual who has been determined by a medicaid agency to be eligible for medicaid benefits, whether or not the individual has actually received a benefit, or an individual who has received benefits, whether or not that person has been determined to be eligible.

(3) "Recoverable medical assistance" means a payment pursuant to this part, including but not limited to a payment made for items or services provided to and insurance premiums, deductibles, and coinsurance paid on behalf of a recipient who:

(a) during the recipient's lifetime, was an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or institution for mental disease and, with respect to that institutionalization, the department

HeinOnline -- 1995 vol. III 2399 1995

determined under [section 8] that the person was not reasonably expected to be discharged and return home; or

(b) was at least 55 years of age or younger if allowed by 42 U.S.C. 1396p, as may be amended, when the item or service was provided or when the insurance premium, deductible, or coinsurance was paid.

(4) "Recovery" means legal action brought for the payment or repayment of recoverable medical assistance or amounts of money paid for other purposes.

Section 2. Period of ineligibility for medical assistance when assets disposed of for less than fair market value — undue hardship exception — department to adopt rules. (1) The department sball, in accordance with 42 U.S.C. 1396p, as may be amended, and implementing federal regulations and policies, impose upon an applicant or recipient a period of ineligibility for medical assistance under this part when the applicant or recipient or the spouse of either directly or indirectly disposes of any assets for less than fair market value during the applicable 3-year, 5-year, or other period provided by 42 U.S.C. 1396p, as may he amended, or by other federal law.

(2) A period of ineligibility for medical assistance may not be imposed upon an applicant or recipient under this section to the extent that the department determines, in accordance with procedures specified by department rule, tbat the denial of eligibility would cause an undue hardship as defined by department rule.

(3) The department shall adopt rules that are consistent with 42 U.S.C. 1396p, as may be amended, and that implement federal regulations and policies to implement this section. The rules adopted under this section must include but are not limited to rules addressing the following:

(a) a description of the circumstances considered to constitute an undue hardship;

(b) the procedures by which an individual may seek an undue hardship exception;

(c) the persons entitled to an undue bardship exception; and

(d) notice and opportunity for a hearing regarding imposition of a period of ineligibility or denial of an undue hardship exception.

(4) Nothing in [section 1], 53-6-143, 53-6-144, [sections 5 through 26], or this section is intended to prohibit the department from adopting rules consistent with federal law that provide for a period of ineligibility for public assistance programs other than medical assistance when an applicant or recipient directly or indirectly disposes of assets for less than fair market value.

Section 3. Section 53-6-143, MCA, is amended to read:

"53-6-143. ~~Limitations on~~ *Medical assistance* liens and recoveries. (1) ~~An~~ *Except as provided in this section, the department may not impose a lien upon the property of an* applicant for or recipient of *medical* assistance ~~may not be required to execute an agreement creating a lien on his real property~~.

(2) A lien *for recovery of medical assistance paid or to be paid under this chapter* may be imposed against the real or personal property of ~~an individual~~ *a medicaid applicant or recipient* prior to his *the applicant's or recipient's* death ~~for recovery of medical assistance paid or to be paid on his behalf under this~~ chapter only:

(a) pursuant to a judgment of a court for recovery of *medical* assistance ~~incorrectly~~ paid on behalf of the recipient; ~~or~~

(b) on a third-party recovery as provided in 53-2-612*; or*

(c) as provided in [sections 8 through 25].

(3) ~~(a)~~ The department may recover medical assistance correctly paid on behalf of a recipient only~~:~~

~~(i)~~ as provided in ~~53-2-611, except that it may not recover for any assistance paid on behalf of a recipient for services provided before he reached age 65; or~~

~~(ii) as provided in~~ *[sections 5 through 7], [sections 8 through 25], or* 53-2-612 *or as provided in a written agreement between the department and the recipient or the recipient's representative pursuant to 42 U.S.C. 1382b(b).*

~~(b) The department may recover under 53-2-611 only:~~

~~(i) after the death of the recipient's surviving spouse, if any; and~~

~~(ii) if there is no surviving child of the recipient who is under age 21, blind, or permanently and totally disabled.~~

~~(4) Recoveries must be prorated to the federal government and the state in the proportion to which each contributed to the medical assistance. Recovery for medical assistance paid prior to July 1, 1974, shall be prorated to reimburse the county share of participation. The provisions of this section are hereby extended to provide for the recovery of all medical assistance paid under this part and likewise to all medical aid to the aged assistance paid by the department of social and rehabilitation services during the period of time July 1, 1965, through June 30, 1967.~~

(4) Except as otherwise specifically provided by 53-6-144, [sections 1, 2, and 5 through 26], and this section, the department may pursue recovery under any section or combination of sections as may be applicable in a particular case. However, the department may not recover pursuant to [sections 5 through 7] or [sections 8 through 25] more than the total amount of recoverable medical assistance paid on behalf of a recipient, plus any applicable costs, interest, or other charges specifically allowed by law. The fact that the department has or may have a lien on particular property does not preclude the department from pursuing recovery under another section against other assets of the recipient or assets of another person as provided in 53-6-144, [sections 1, 2, and 5 through 26], and this section."

Section 4. Section 53-6-144, MCA, is amended to read:

"53-6-144. Relative's responsibility. ~~The~~ *Except as otherwise provided in [sections 5 through 26] and the* provisions of other parts of this title~~, as amended,~~ notwithstanding, the only relatives that ~~can~~ *may* be held responsible for

payment of medical assistance under the program are the husband or wife of the individual, the parents of children under age 18 *years of age*, and the parents of blind or disabled persons over age 18 *years of age*."

Section 5. Recovery of medicaid benefits after recipient's death. (1) After the death of a recipient, the department shall execute and present a claim:

(a) against the recipient's estate, within the time specified in the published notice to creditors in the estate proceeding, for the total amount of recoverable medical assistance paid to or on behalf of the recipient; and

(b) against a person who has received property of the recipient by distribution or survival for an amount equal to the recoverable medical assistance paid on behalf of the recipient or the value of the property received by the person from the recipient by distribution or survival, whichever is less. The amount recoverable from a person with respect to property of the recipient must be reduced by the value of any property transferred to the person for less than full market value for which a period of ineligibility was imposed under [section 2] against the recipient during the recipient's life. The department may bring an action in district court to collect upon a claim under this subsection (1)(b).

(2) A department claim under subsection (1) must include notice of the right to seek an undue hardship exception under rules adopted by the department in accordance with subsection (7).

(3) (a) Notwithstanding any statute of limitations or other claim presentation deadline provided by law, a department claim against an estate is not barred for lack of timely presentation if it is presented in the probate proceeding within the time specified in the published notice to creditors.

(b) An action to collect a claim under subsection (1)(b) must be commenced within 3 years of the later of the recipient's death or the closing of the recipient's estate.

(4) (a) For purposes of this section, property of a deceased recipient received by distribution or survival is any real or personal property or other assets in which the recipient had any right, title, or interest immediately prior to the time of death, including but not limited to assets passing to one or more survivors, heirs, assignees, or beneficiaries of the deceased recipient through joint tenancy, tenancy in common, right of survivorship, conveyance by the recipient subject to life estate, living trust, or other arrangement. For purposes of this section, property is not received hy distribution or survival to the extent that the person received the property or property interest for consideration equal to the fair market value of the property or property interest received.

(b) Property received by distribution includes but is not limited to:

(i) property from a deceased recipient's estate distributed to a person through a probated estate or a small estate administration procedure; and

(ii) property from a deceased recipient's estate otherwise distributed to or in the possession of a person through any other procedure or when a legal procedure for distribution has not been followed.

HeinOnline -- 1995 vol. III 2402 1995

(c) Assets of a deceased recipient's estate and property of a deceased recipient received by distribution or survival are not exempt from recovery under this section because the assets or property were or may have been considered by the department as exempt income or resources for the purpose of determining eligibility for medical assistance during the recipient's lifetime.

(5) (a) The department may seek recovery under subsection (1)(a) or (1)(b), or both, with respect to a deceased recipient until its claim is satisfied in full. Upon full satisfaction of its claim, the department may not seek further recovery and shall provide appropriate releases to the deceased recipient's estate and to other affected persons.

(b) An estate or other person is not entitled to a reduction or waiver of the department's claim on the grounds that there is or may be another person from whom recovery may be made under this section.

(6) The department may waive recovery under this section if it determines that recovery would not be cost-effective. In determining whether recovery would be cost-effective for purposes of this subsection, the department may consider but is not limited to consideration of the following factors:

(a) the estimated cost of recovery;

(b) the amount reasonably likely to be recovered;

(c) the likelihood that recovery by the department will cause a person to become eligible for public assistance; and

(d) the importance of the case or the issues in the case and the need for judicial interpretation of issues that may recur with respect to the administration or implementation of this section.

(7) (a) Upon presentation or assertion of a claim by the department under this section, the personal representative of the estate or another affected person may apply to the department, in accordance with procedures established by department rule, for a waiver of recovery based on undue hardship. The department shall waive its recovery under this section in whole or in part if it determines that recovery would result in undue hardship as defined by department rule.

(b) The department shall adopt rules that are consistent with 42 U.S.C. 1396p, as may be amended, and that implement federal regulations and policies, establishing procedures and criteria for undue hardship exceptions. The rules adopted under this section must include but are not limited to rules addressing the following:

(i) a description of the circumstances considered to constitute an undue hardship;

(ii) the procedures by which an individual may seek an undue hardship exception;

(iii) the persons entitled to an undue hardship exception; and

(iv) whether an exception is partial or temporary and the circumstances under which partial or temporary exceptions may be granted.

HeinOnline -- 1995 vol. III 2403 1995

(c) If a person is aggrieved by a department determination on an application for an undue hardship exception, the person may assort a claim of entitlement to an undue hardship exception in any court proceeding on a department petition for allowance of an estate claim or for recovery of an amount due under this section. When a person claims entitlement to an undue hardship exception in the proceeding, the court shall make a determination on the claim for an exception based upon the department rules adopted in accordance with this section. Department denial of all or any part of the relief requested in an exception application under this section may be reviewed by a district court only as provided in this subsection (c). Denial does not grant a right to a contested case hearing or a right to judicial review under the Montana Administrative Procedure Act or the department's rules.

(8) (a) Except as provided in subsection(8)(b), if the requirements of this section are met, the department may collect upon its claim.

(b) The department may not recover under this section while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection (b) does not preclude the department from recovering from the recipient's estate after the death of the surviving spouse or child.

(9) All money recovered under this section from any source must be distributed to the state general fund and to the United States as required by applicable state and federal laws and regulations.

Section 6. Payment of certain funds of deceased recipient to department. (1) (a) A nursing facility or a person, other than a financial institution, holding personal funds of a deceased nursing facility resident who received medicaid benefits at any time shall, within 30 days following the resident's death, pay those funds to the department.

(b) A nursing facility may satisfy a debt owed by the deceased resident to the facility from the deceased resident's personal funds that are held by the nursing facility and that would have been payable to the facility from the resident's funds. The facility shall pay the remaining funds to the department as required by this section.

(c) Funds paid to the department under this section are not considered to be property of the deceased resident's estate, and [section 5] does not apply to recovery of the funds by the department.

(2) For purposes of this section, a nursing facility is holding personal funds of a resident if the facility:

(a) maintains possession of the funds in the facility; or

(b) as the recipient's trustee or representative, has deposited the resident's funds in an individual or shared account in a financial institution.

(3) The department shall apply any funds received under this section proportionately to the federal and state shares of recoverable medical assistance and shall pay any remaining amount to a person entitled by law to the funds.

HeinOnline -- 1995 vol. III 2404 1995

Section 7. Payment of excess burial funds or assets to department. (1) After the death of a person who at any time received medicaid benefits, a mortician, funeral director, or other person, including hut not limited to the decedent's spouse, heir, devisee, or personal representative, who holds funds or other property in excess of $5,000 in value that was specifically designated and set aside for paying for the disposition of the decedent's remains and for related expenses shall, after paying for the disposition and related expenses, pay all remaining funds to the department within 30 days following the burial, cremation, or other final disposition of the decedent's remains. The funds must be paid to the department regardless of any provision in a written contract, trust, or other agreement entered into on or after [the effective date of this section], directing a different disposition of the funds. Funds paid to the department under this section are not considered to be property of the decedent's estate, and [section 5] does not apply to recovery of the funds by the department.

(2) The department shall apply any funds received under this section proportionately to the federal and state shares of recoverable medical assistance and shall pay any remaining amount to a person entitled by law to the funds.

Section 8. Department lien upon real property of certain medicaid recipients — conditions. (1) Following notice and opportunity for hearing as provided in [section 9], the department shall impose a lien upon the real property, including the home, of an institutionalized recipient of recoverable medical assistance to secure the assets of the recipient for recovery of medical assistance paid on behalf of the recipient prior to, on, or after the imposition of the lien if:

(a) the recipient has been admitted to a nursing facility, an intermediate care facility for the mentally retarded, or an institution for mental disease;

(b) the property upon which a lien is being imposed is the recipient's home and the home is not lawfully resided in by:

(i) the recipient's spouse;

(ii) the recipient's child who is under 21 years of age, blind, or permanently and totally disabled; or

(iii) the recipient's sibling who was residing in the recipient's home for a period of at least 18 months immediately prior to the recipient's institutionalization; and

(c) the recipient has been determined by the department, pursuant to subsection (2), to be permanently institutionalized.

(2) A recipient is permanently institutionalized for purposes of subsection (1)(c) if the department determines that the recipient cannot reasonably be expected to be discharged from the facility and to return home. There is a rebuttable presumption that the recipient cannot reasonably be expected to be discharged from the facility and return home if the recipient or a representative of the recipient declares that there is no intent to return home or if the recipient has been institutionalized for 6 months or longer without a discharge plan. The recipient's institutionalization for a period of 6 months or longer without a discharge plan does not give rise to the presumption if the facility was required by law to adopt a discharge plan but failed to do so. A recipient or a recipient's

HeinOnline -- 1995 vol. III 2405 1995

representative who alleges that there is a reasonable expectation of discharge from the facility and a return home has the burden of demonstrating the reasonable expectation. The reasonable expectation must be established based upon medical evidence and medical opinion. A declaration hy the recipient or a recipient's representative that the recipient intends to be discharged from the facility and to return home is not alone sufficient to estahlish that there is a reasonable expectation of discharge from the facility and a return home.

(3) For purposes of this section, real property of a recipient includes any interest in real property that may be subject to a judgment lien.

Section 9. Notice of intent to impose lien — opportunity for hearing. Before imposing a lien under [section 8], the department shall provide the recipient 30 days' written notice of its determination under [section 8(1)(c)], of its intent to impose a lien, and of an opportunity for a hearing pursuant to the department's hearing procedures under Title 2, chapter 4, part 6.

Section 10. Contents of lien document — scope of obligation secured. (1) The lien must contain the name and address of the recipient who owns an interest in the property, a legal description of the property, and an address and telephone number of the office or representative of the department who can provide more information about the lien. The lien applies only to the property described in the lien.

(2) The lien need not be executed by or on behalf of the medicaid recipient, but it must be executed hy an authorized agent or employee of the department. The execution must be acknowledged as provided in 70-21-203.

(3) The lien need not state the specific amount of medical assistance repayment owed. The lien is sufficient to secure repayment of past, current, and future recoverable medical assistance if the lien states that:

(a) the lien is imposed under [sections 8 through 25] to secure the described property for recovery of medical assistance paid on hehalf of the recipient prior to, on, and after the date of the lien; and

(b) the amount paid for recoverable medical assistance is due upon sale, transfer, or exchange of any right, title, or interest of the recipient in the property or upon the recipient's death.

Section 11. Filing of lien — effect of filing — priority — renewal — dissolution of lien. (1) The lien must be filed in the office of the clerk and recorder in the county in which the real property is located.

(2) Filing of the lien constitutes legal notice of the lien to all persons, including subsequent purchasers, encumbrancers, mortgagees, and other lienholders. Upon filing, the lien is prior to any earlier unrecorded interest or claim and is prior to any subsequent interest or claim, whether or not recorded. The lien is subject to any unpaid property taxes, any prior recorded mortgage, or any other prior recorded encumhrance, interest, or claim. For purposes of recovery under [sections 8 through 25] a sale, transfer, or exchange of the property by the recipient is considered a relinquishment of any homestead exemption under 70-32-201 and 70-32-202 of the recipient in the property subject to the lien.

HeinOnline -- 1995 vol. III 2406 1995

(3) Except as provided in [sections 8 through 25], the lien has the effect of a judgment lien when the lien is filed. For purposes of provisions of state laws relating to judgment liens, the department is considered the judgment creditor and the recipient or the recipient's spouse or successor in interest is considered the judgment debtor.

(4) After filing, the lien remains effective for a period of 6 years unless earlier satisfied, released, or dissolved. The department may renew a lien for one or more additional 6-year periods.

(5) If the recipient is discharged from the facility and returns home, the lien dissolves and is no longer effective unless a new lien is later imposed in accordance with [sections 8 through 25]. Following the recipient's discharge and return home, the department shall upon written request file a release of lien in the clerk and recorder's office. Dissolution of the lien under this subsection does not preclude the department from recovering under [section 5, 6, or 7].

(6) If the lien is imposed pursuant to [section 8] on the recipient's interest in jointly owned property that is subject to a right of survivorship, upon the recipient's death, the recipient's interest passes to the survivor, subject to the lien imposed pursuant to [section 8].

Section 12. Recovery of medical assistance secured by lien — application for issuance of writ of execution. (1) After the recipient's death or upon the sale, transfer, or exchange of any right, title, or interest of the recipient in the property, the department may file with the clerk of the district court in the county in which the real property is located an application for issuance of a writ of execution for levy on the real property described in the lien. The levy may be for the amount of recoverable medical assistance paid on behalf of the recipient prior to, on, and after the date of the lien, including amounts paid up to the date of sale of the property, plus interest and costs as provided by law. Costs do not include attorney fees.

(2) The application for the writ must be sworn and must contain the following:

(a) the name of the recipient, a legal description of the real property, and a description of the recipient's interest in the property;

(b) a statement that the department has imposed a lien upon the property under [section 8];

(c) a statement that the lien complies with the requirements of [sections 8 through 25];

(d) the date upon which the lien was filed and the office in which it was filed;

(e) a description of the sale, transfer, exchange, or other event that entitles the department to recover;

(f) a statement that the lien has not dissolved under [section 11(5)];

(g) the amount of recoverable medical assistance; the amount of any unreimbursed taxes, insurance costs, maintenance costs, or other costs paid under [section 23]; and, if applicable, a statement that additional amounts may be paid up to the time that the property is sold in satisfaction of the lien;

HeinOnline -- 1995 vol. III 2407 1995

(h) a statement that the total amount due has not been paid as of the date of the application for the writ;

(i) a statement that recovery is not probibited by this section;

(j) the names and addresses of all persons who have a recorded interest in the property, including a recipient or recipient's estate, co-owner, purchaser, grantee, encumbrancer, mortgagee, and lienholder; and

(k) a request that a writ of execution be issued for sale of the described property if an action is not filed within the time provided for in [section 14].

(3) The filing of an application under this section for a writ of execution is not the filing of a legal action, and the requirements applicable to legal actions do not apply to the application or application proceedings.

Section 13. Notice of application — proof of notice — request for issuance of writ of execution. (1) The department shall provide notice, as required by this section, of the filing of the application for a writ of execution pursuant to [section 12] to all persons having a recorded interest in the property or residing lawfully on the property.

(2) The notice must contain a description of the property and must state that the department has a lien under [section 8] upon the described property, that the department has filed an application for a writ of execution seeking sale of the property, and that a writ will be issued unless an action challenging issuance of the writ bas been filed in accordance with [section 14] within 60 days of the date of mailing or service of notice or first publication of notice. The department shall include with the notice a copy of the application for the writ. The notice must also include notice of the right to seek an undue hardship exception as provided in [section 17].

(3) (a) The department may mail a copy of the notice, postage prepaid and return receipt requested, to the name and address stated in the recorded instrument creating each person's interest in the property or, in the case of a person residing on the property, to the address of the residence on the property. Mailing as provided in this subsection (a) is sufficient notice to the addressee if the return receipt is returned to the department and indicates that the notice was received by or on behalf of the addressee.

(b) If the return receipt is not returned to the department indicating that the notice was received by or on behalf of the addressee, the department shall attempt with reasonable diligence to locate the addressee and to personally serve or mail notice to that person.

(c) If after the exercise of reasonable diligence the department is unable to locate the person owning tbe interest in the property, the department shall publish the notice required by subsection (2) three times, once each week for 3 successive weeks, in a newspaper published in the county in which the property is located if a newspaper is published in the county. If a newspaper is not published in the county, then publication must be in a newspaper having a general circulation in the county.

HeinOnline -- 1995 vol. III 2408 1995

(d) With respect to a person residing lawfully on the property but having no recorded interest in the property, the notice may he delivered to the residence and delivery is sufficient notice as to that person.

(e) In the alternative, the notice and application may be personally served upon any person entitled to notice under this section.

(4) (a) After giving notice as required by this section, the department shall file with the clerk of court an affidavit describing:

(i) the manner in which notice has heen provided to each person entitled to notice;

(ii) the date of mailing, personal service, or first publication of the notice; and

(iii) the date by which each person is required to file an action to challenge issuance of the writ of execution.

(b) The department shall attach to the affidavit the return receipt, the affidavit of personal service, the affidavit of publication, or other proof of service of the notice. If no action has been filed within the time required by [section 14], the affidavit must so state and may request immediate issuance of the writ.

Section 14. Action to challenge issuance of writ of execution. A person with a recorded interest in or residing lawfully upon the real property described in an application filed under [section 12], including the recipient or recipient's estate or a co-owner, purchaser, grantee, encumbrancer, mortgagee, or lienholder, or any person described in [section 8(1)(b) or 15(2) or (3)], may, within 60 days of mailing or service of notice or first publication of notice as provided in [section 13], file an action in the district court in the county in which the real property is located challenging the requested issuance of a writ of execution. The court shall determine the validity or invalidity of the department's lien and order appropriate relief, including issuance of the writ or denial of the application for issuance of the writ.

Section 15. Department right of recovery — limitations. (1) Except as provided in [sections 17 and 19] and this section, the department may collect upon its lien as provided in [sections 8 through 25].

(2) The department may not recover upon a lien imposed on the recipient's home under [section 8] while the recipient's sibling or child who has resided lawfully and continuously in the home for at least 1 year immediately before the recipient's institutionalization continues to lawfully reside in the home. This subsection does not preclude tbe department from recovering under [section 5, 6, or 7].

(3) The department may not recover on a lien imposed under [section 8] while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection does not preclude the department from later recovery in accordance with [section 18].

Section 16. Payment of amount due — periodic payments — substitute security. (1) If the total amount due to the department to satisfy

HeinOnline -- 1995 vol. III 2409 1995

a lien imposed under [sections 8 through 25] is paid, the department may not file an application under [section 12], shall withdraw its application if the application has already been filed, or shall instruct the sheriff to cancel the sale proceedings.

(2) In lieu of applying for a writ of execution, the department may agree with the heirs or devisees of the recipient to accept periodic payments for the repayment of recoverable medical assistance or may agree with the recipient's surviving spouse to accept substitute security and partial payment. The department may agree to periodic payments or substitute security if the terms of agreement, including security for repayment, are acceptable to the department and if the agreement does not reduce the amount due or the likelihood of recovering the amount due. The department may delay filing an application for issuance of a writ of execution for purposes of conducting negotiations for an agreement in lieu of execution.

Section 17. Waiver of recovery in cases of undue hardship — rulemaking. (1) (a) A person with a recorded interest in real property subject to a lien under [sections 8 through 25] or any other interested person may apply to the department, in accordance with procedures established by department rule, for a waiver of recovery because of undue hardship. The department shall waive its recovery under this section, in whole or in part, if it determines that recovery would result in undue hardship as defined by department rule.

(b) The department shall adopt rules, consistent with 42 U.S.C. 1396p, as may be amended, and implementing federal regulations and policies, establishing procedures and criteria for granting undue hardship exceptions under this section. The rules must include but are not limited to rules addressing the following:

(i) a description of the circumstances considered to constitute an undue hardship;

(ii) the procedures by which an individual may seek an undue hardship exception;

(iii) the persons entitled to an undue hardship exception; and

(iv) whether an exception is partial or temporary and the circumstances under which a partial or temporary exception may be granted.

(c) A person aggrieved by a department determination on an application for an undue hardship exception may assert a claim of entitlement to an undue hardship exception in an action filed under [section 14] to challenge issuance of the writ. If a person claims entitlement to an undue hardship exception as part of that action, the court shall make a determination on the undue hardship claim in accordance with the department's rules adopted pursuant to this section. Department denial of all or any part of the relief requested in an application for an undue hardship exception under this section may be reviewed by a district court only through filing of an action as provided in this subsection (c). Denial does not grant a right to a contested case hearing or a right to judicial review under the Montana Administrative Procedure Act or the department's rules.

(2) The department may waive recovery of recoverable medical assistance secured by a lien imposed under [section 8] if the department determines that

HeinOnline -- 1995 vol. III 2410 1995

recovery would not be cost-effective. In determining whether recovery would be cost- effective, the department may consider but is not limited to consideration of the following factors:

(a) the estimated cost of recovery;

(b) the amount reasonably likely to be recovered;

(c) the likelihood that recovery by the department will cause a person to become eligible for public assistance; and

(d) the importance of the case or the issues in the case and the need for judicial interpretation of issues that may recur with respect to the administration or implementation of [sections 8 through 25].

Section 18. Delay in recovery — sale subject to lien. (1) If the department is precluded by [section 15(2) or (3)] from recovery upon a lien imposed under [sections 8 through 25], the department shall maintain the lien in place and upon elimination of the condition that precluded recovery, the department may recover under this section. The department may not file an application for issuance of a writ of execution to recover under this subsection more than 3 years after elimination of the last condition that precluded recovery.

(2) If upon sale, transfer, or exchange of property subject to a lien imposed pursuant to [sections 8 through 25] the department is precluded by [section 15(2) or (3)] from recovering upon the lien, the lien remains in effect, subject to renewal as provided in [section 11], and the sale, transfer, or exchange is also subject to the lien.

Section 19. Spouse's limited exemption from lien. (1) Subject to Title 70, chapter 32, a recipient's surviving spouse who owns a home or an interest in a home in which the spouse resides that is subject to a lien imposed under [sections 8 through 25] is, upon sale, transfer, or exchange of the home, entitled to an exemption from the department's lien in an amount determined in accordance with this section. The exemption is in the form of:

(a) a partial release of the department's lien if the exemption amount is less than the full amount of the department's lien; or

(b) a full release of the department's lien if the exemption amount is equal to or greater than the full amount of the department's lien.

(2) The amount of the exemption is the lesser of an amount equal to:

(a) the fair market value of the interest in the home that the surviving spouse received from the recipient by distribution or survival; or

(b) $100,000 minus the total fair market value of all of the surviving spouse's assets, other than the interest in the home that the surviving spouse received from the recipient by distribution or survival. For purposes of this section, the surviving spouse's assets do not include personal property that is exempt from execution under Title 25, chapter 13, part 6.

(3) The department may by rule require a surviving spouse to file an application for the exemption and to provide information, documentation, and verification regarding the applicant's assets and the fair market value of assets.

HeinOnline -- 1995 vol. III 2411 1995

The department shall provide the applicant notice of its determination on the application and of the opportunity for a hearing pursuant to Title 2, chapter 4, part 6.

(4) Upon determination by the department that the applicant is entitled to an exemption, the department shall provide to the applicant an appropriate full or partial release in the amount of the exemption.

Section 20. Issuance of writ of execution by clerk of court. (1) If the requirements of subsection (2) are met, the clerk of court shall issue a writ of execution specifying the property to he levied upon, the amount due as of the date of filing of the application, and a statement that additional amounts may be due up to and through the date of the sale.

(2) The clerk shall issue the writ if:

(a) (i) an action has not been filed under [section 14] within 60 days of mailing, service, or first publication of notice, as provided in [section 13];

(ii) the department has filed an affidavit meeting the requirements of [section 13(4)]; and

(iii) the department has filed a sworn application containing the statements required by [section 12]; or

(b) the court has ordered the issuance of the writ in an action under [section 14].

Section 21. Effect of sale — title acquired. The purchaser of property pursuant to a writ of execution issued under [sections 8 through 25] acquires the right, title, interest, and claim that the recipient had at the time the lien was imposed, subject only to any right, title, interest, or claim arising from an instrument recorded prior to the department's lien under [section 8] and to any unpaid property taxes. The sale is absolute and is not subject to any period of redemption allowed by Title 25, chapter 13, part 8, or other law.

Section 22. Disposition of sale proceeds — application of recovered medical assistance. (1) The proceeds of a sale of property sold pursuant to a writ of execution issued under [section 20] must be distributed in the following order:

(a) as satisfaction of any unpaid property taxes and prior recorded interests as described in [section 11(2)];

(b) as payment of any claims under [section 23(3) and (4)];

(c) to the department for application to any costs incurred under [section 23(1) and (2)] or incurred in collection;

(d) to the department for recoverable medical assistance.

(2) The department shall apply any funds received under subsection (1)(d) proportionately to the federal and state shares of recoverable medical assistance.

HeinOnline -- 1995 vol. III 2412 1995

(3) Any excess funds remaining after application of proceeds to recoverable medical assistance must be paid to the recipient, if living, or otherwise to the recipient's representative or successor in interest.

Section 23. Action by department or other person to preserve property subject to lien — recovery of costs. (1) The department may, in its discretion, take any action it considers necessary to prevent waste or loss or to preserve the value of property subject to a lien under [sections 8 through 25], including but not limited to the following:

(a) the payment of any unpaid taxes on the property;

(b) the purchase or renewal of insurance coverage on the property and the payment of necessary insurance premiums;

(c) the ordering of and payment for necessary repairs and maintenance on the property; and

(d) if the property is unoccupied, the rental or lease of the property and the application of any receipts first to unpaid property taxes, insurance, and maintenance and repair and, second, any remaining amount toward repayment of recoverable medical assistance.

(2) The department's reasonable costs and expenses to prevent waste or loss or to preserve the value of the property are secured hy the lien imposed under [section 8] and may be recovered in addition to all other amounts secured by the lien.

(3) A person who, after the institutionalization or death of the recipient and after the institutionalization of the recipient's surviving spouse, if any, paid real property taxes, homeowner's insurance premiums, or reasonable costs of necessary maintenance or repairs on behalf of the recipient or recipient's spouse, with respect to property subject to a lien under [sections 8 through 25], has a claim against the proceeds of a sale of the property under writ of execution issued pursuant to [section 20] for recovery of any amounts paid for those purposes. The claim must be supported by written documentation that clearly demonstrates the amount of each payment, the purpose of each payment, and the services and items purchased with each payment. A claim for reimbursement made under this subsection is prior to the department's lien imposed under [section 8].

(4) The amount of a claim made under subsection (3) must be reduced by:

(a) the amount of any rents and profits from the property paid after the institutionalization or death of the recipient and the institutionalization of the recipient's surviving spouse, if any;

(b) the value of any property that the person with a claim under subsection (3) will receive by distribution or survival from a deceased recipient if the recipient did not leave a surviving spouse; and

(c) the value of any property that the person with a claim under subsection (3) will receive by distribution or survival from the recipient's deceased spouse if the spouse survived the recipient.

HeinOnline -- 1995 vol. III 2413 1995

Section 24. Time for filing of application. Except as provided in [section 18], the department may not file an application for issuance of a writ of execution to recover upon a lien imposed under [sections 8 through 25] more than 3 years after the latest of:

(1) a sale, transfer, or exchange of any right, title, or interest of the recipient in the property;

(2) the death of the recipient; or

(3) the death of the recipient's surviving spouse.

Section 25. Coordination of lien with other medical assistance recoveries. The existence of a valid lien imposed under [sections 8 through 25] or the fact that a lien under [sections 8 through 25] is invalid for any reason or is unenforceahle under [section 17] does not preclude the department from recovering under [section 5, 6, or 7].

Section 26. Rulemaking authority. The department may adopt rules to implement 53-6-143, 53-6-144, and [sections 1, 2, and 5 through 25]. The rules must comply with applicable federal law in 42 U.S.C. 1396, et seq., as may be amended, and applicable implementing regulations and policies.

Section 27. Repealer. Sections 53-2-601, 53-2-611, and 53-5-401, MCA, are repealed.

Section 28. Codification instruction. [Sections 1, 2, and 5 through 26] are intended to be codified as an integral part of Title 53, chapter 6, part 1, and the provisions of Title 53, chapter 6, part 1, apply to [sections 1, 2, and 5 through 26].

Section 29. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 30. Retroactive applicability. [Section 2] applies retroactively, within the meaning of 1-2-109, to assets disposed of or trusts established after August 10, 1993, for purposes of determining eligibility for medical assistance on or after July 1, 1995.

Section 31. Applicability. (1) [Sections 3 through 7] apply to medical assistance recipients who die on or after [the effective date of those sections].

(2) [Sections 2 and 8 through 25] apply as a condition of medical assistance eligibility or continuation of medical assistance eligibility after [the effective date of those sections].

Section 32. Effective dates. (1) [Sections 1, 28 through 31, and this section] are effective on passage and approval.

(2) [Sections 2 through 27] are effective July 1, 1995.

(3) The department may not authorize degradation of high-quality waters unless it has been affirmatively demonstrated by a preponderance of evidence to the department that:

(a) degradation is necessary because there are no economically, environmentally and technologically feasible ~~alternatives~~ *modifications* to the proposed project that would result in no degradation;

CHAPTER NO. 497

[SB 331]

AN ACT GENERALLY REVISING THE MONTANA WATER QUALITY ACT; ESTABLISHING WATER QUALITY STANDARDS; REQUIRING THAT TREATMENT STANDARDS BE ECONOMICALLY, ENVIRONMENTALLY, AND TECHNOLOGICALLY FEASIBLE; AMENDING SECTIONS 75-5-103, 75-5-106, 75-5-301, 75-5-302, 75-5-304, 75-5-305, 75-5-401, 75-5-403, 75-5-605, 75-5-614, 75-5-631, 75-5-636, AND 75-6-112, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, experience with implementation and enforcement of the Montana water quality statutes has revealed deficiencies in the statutes that have led to inefficiency and unfairness in administration and enforcement of the statutes; and

WHEREAS, those deficiencies can be addressed by selective amendment of the statutes.

STATEMENT OF INTENT

A statement of intent is required to provide guidance to the board of health and environmental sciences regarding rulemaking. The legislature confirms the policy of this state, as reflected in 75-5-101. It is concerned that implementation of the water quality laws has in the past been too dependent on assumptions and conjecture springing from experiences and circumstances from other states and has not been sufficiently based on the conditions and needs of our state. The legislature intends that, in promulgating rules under this bill, the board of health and environmental sciences should seriously consider the impact of proposed rules and that the rules should be adopted only on the basis of sound, scientific justification and never on the basis of projections or conjecture. The legislature is specifically concerned that water quality criteria must reflect concentrations that can be reliably measured, or the rules will, as a practical matter, be unenforceable. [Section 1], providing conditions for adoption of standards more stringent than federal standards, is not intended to prohibit the adoption of ground water quality standards.

Be it enacted by the Legislature of the State of Montana:

Section 1. Standards more stringent than federal standards. (1) In adopting rules to implement this chapter, the board may adopt rules that are more stringent than corresponding draft or final federal regulations, guidelines, or criteria if the board makes written findings, based on sound scientific or technical evidence in the record, which state that rules that are more stringent than corresponding federal regulations, guidelines, or criteria are necessary to protect the public health, beneficial use of water, or the environment of the state.

(2) The board's written findings must be accompanied by a board opinion referring to and evaluating the public health and environmental information and studies contained in the record that forms the hasis for the board's conclusion.

HeinOnline -- 1995 vol. III 2423 1995

Section 2. Site-specific standards of water quality for aquatic life. (1) Notwithstanding any other provisions of this chapter and except as provided in subsection (2), the board, upon application by a permit applicant, permittee, or person potentially liable under any state or federal environmental remediation statute, shall adopt site-specific standards of water quality for aquatic life, both acute and chronic, as the standards of water quality required under 75-5-301(2) and (3). The site-specific standards of water quality must he developed in accordance with the procedures set forth in draft or final federal regulations, guidelines, or criteria.

(2) If the department, based upon its review of an application submitted under subsection (1) and sound scientific, technical, and available site-specific evidence, determines that the development of site-specific criteria in accordance with draft or final federal regulations, guidelines, or criteria would not be protective of heneficial uses, the department, within 90 days of the submission of an application under subsection (1), shall notify the applicant in writing of its determination and of all additional procedures that the applicant is required to comply with in the development of site-specific standards of water quality under this section. If there is a dispute between the department and the applicant as to the additional procedures, the board shall, on the request of the department or the applicant, hear and determine the dispute. The board's decision must be based on sound scientific, technical, and available site-specific evidence.

Section 3. Section 75-5-103, MCA, is amended to read:

public health, recreation, safety, *or* welfare, *to* livestock, *or to* wild animals, birds, fish, or other wildlife. A discharge, seepage, drainage, infiltration or flow ~~which~~ *that* is authorized under the pollution discharge permit rules of the board is not pollution under this chapter. ~~(26)~~*(27)* "Water well" means an excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed and intended for the location, diversion, artificial recharge, or acquisition of ground water."

Section 4. Section 75-5-106, MCA, is amended to read:

"**75-5-106. Interagency cooperation — enforcement authorization.** (1) The council, board, and department may require the use of records of all state agencies and may seek the assistance of ~~such~~ *the* agencies. *When the department's review of a permit application submitted under another chapter or title is required or requested, the department shall coordinate the review under*

this chapter with the review conducted by the agency or unit under the other chapter, following the time schedule for that review. State, county, and municipal officers and employees, including sanitarians and other employees of local departments of health, shall cooperate with the council, board, and department in furthering the purposes of this chapter, so far as is practicable and consistent with their other duties.

(2) The department may authorize a local water quality district established according to the provisions of Title 7, chapter 13, part 45, to enforce the provisions of this chapter and rules adopted under this chapter on a case-by-case basis. If a local water quality district requests the authorization, the local water quality district shall present appropriate documentation to the department that a person is violating permit requirements established by the department or may be causing pollution, as defined in 75-5-103, of state waters or placing or causing to be placed wastes in a location where they are likely to cause pollution of state waters. The board may adopt rules regarding the granting of enforcement authority to local water quality districts."

Section 5. Section 75-5-301, MCA, is amended to read:

"**75-5-301. Classification and standards for state waters.** Consistent with the provisions of ~~75-5-302 through 75-5-307 and~~ 80-15-201 *and this chapter*, the board shall:

(1) establish ~~and modify~~ the classification of all *state* waters in accordance with their present and future most beneficial uses, *creating an appropriate classification for streams that, due to sporadic flow, do not support an aquatic ecosystem that includes salmonid or nonsalmonid fish*;

(2) *(a)* formulate *and adopt* standards of water ~~purity and classification of water according to its most beneficial uses, giving consideration to the economics of waste treatment and prevention~~ *quality, giving consideration to the economics of waste treatment and prevention.*

(b) Standards adopted by the board must meet the following requirements:

(i) for carcinogens, the water quality standard for protection of human health must be the value associated with an excess lifetime cancer risk level, assuming continuous lifetime exposure, not to exceed 1 x 10^{-3} in the case of arsenic and 1 x 10^{-5} for other carcinogens. However, if a standard established at a risk level of 1 x 10^{-3} for arsenic or 1 x 10^{-5} for other carcinogens violates the maximum contaminant level obtained from 40 CFR, part 141, then the maximum contaminant level must be adopted as the standard for that carcinogen.

(ii) standards for the protection of aquatic life do not apply to ground water;

(3) review, from time to time at intervals of not more than 3 years *and, to the extent permitted by this chapter, revise* established classifications of waters and *adopted* standards of water ~~purity and classification~~ *quality*;

(4) adopt rules governing the granting of mixing zones, requiring that mixing zones granted by the department be specifically identified, and requiring that mixing zones have:

(a) the smallest practicable size;

(b) a minimum practicable effect on water uses; and

(c) definable boundaries;

(5) adopt rules implementing the nondegradation policy established in 75-5-303, including but not limited to rules that:

(a) provide a procedure for department review and authorization of degradation;

(b) establish criteria for the following:

(i) determining important economic or social development; and

(ii) weighing the social and economic importance to the public of allowing the proposed project against the cost to society associated with a loss of water quality; ~~and~~

(c) establish criteria for determining whether a proposed activity or class of activities will result in nonsignificant changes in water quality for any parameter in order that those activities are not required to undergo review under 75-5-303(3). These criteria must be established in a manner that generally:

(i) equates significance with the potential for harm to human health or the environment;

(ii) considers both the quantity and the strength of the pollutant;

(iii) considers the length of time the degradation will occur; ~~and~~

(iv) considers the character of the pollutant so that greater significance is associated with carcinogens and toxins that bioaccumulate or biomagnify and lesser significance is associated with substances that are less harmful or less persistent.

(d) provide that changes of nitrate in ground water are nonsignificant if the discharge will not cause degradation of surface water and the predicted concentration of nitrate at the boundary of the ground water mixing zone does not exceed:

(i) 7.5 milligrams per liter for nitrate sources other than domestic sewage;

(ii) 5.0 milligrams per liter for domestic sewage effluent discharged from a conventional septic system;

(iii) 7.5 milligrams per liter for domestic sewage effluent discharged from a septic system using level two treatment, which must be defined in the rules; or

(iv) 7.5 milligrams per liter for domestic sewage effluent discharged from a conventional septic system in areas where the ground water nitrate level exceeds 5.0 milligrams per liter primarily from sources other than human waste.

(6) to the extent practicable, ensure that the rules adopted under subsection (5) establish objective and quantifiable criteria for various parameters. These criteria must, to the extent practicable, constitute guidelines for granting or

denying applications for authorization to degrade high-quality waters under the policy established in 75-5-303(2) and (3).

(7) adopt rules to implement this section."

Section 6. Section 75-5-302, MCA, is amended to read:

"75-5-302. Revised classifications not to lower water quality standards — exception. In revising classifications or standards or in adopting new classifications or standards, the board may not so formulate standards of water ~~purity~~ *quality* or classify ~~any~~ state water as to lower ~~any~~ *the* water quality standard applicable to ~~any~~ state water below the level applicable under the classifications and standards adopted except upon a finding that a particular state water has been classified under a standard or classification of water quality that is higher than the actual water quality that existed at the time of classification and only if the action is taken pursuant to 75-5-307. *When the board or department is presented with facts indicating that a body of water is misclassified, the board shall, within 90 days, initiate rulemaking to correct the misclassification.*"

Section 7. Section 75-5-304, MCA, is amended to read:

"75-5-304. Adoption of standards — pretreatment, effluent, performance. *(1)* The board shall:

(a) adopt pretreatment standards for wastewater discharged into a municipal disposal system;;

(b) adopt effluent standards as defined in 75-5-103;;

(c) adopt toxic effluent standards and prohibitions;; and

(d) establish standards of performance for new point source discharges.

(2) In taking action under subsection (1), the board shall ensure that the standards are cost-effective and economically, environmentally, and technologically feasible."

Section 8. Section 75-5-305, MCA, is amended to read:

"75-5-305. Adoption of requirements for treatment of wastes — variance procedure — appeals. (1) The board may establish minimum requirements for the treatment of wastes. *For cases in which the federal government has adopted technology-based treatment requirements for a particular industry or activity in 40 CFR, chapter I, subchapter N, the board shall adopt those requirements by reference. To the extent that the federal government has not adopted minimum treatment requirements for a particular industry or activity, the board may do so, through rulemaking, for parameters likely to affect beneficial uses, ensuring that the requirements are cost-effective and economically, environmentally, and technologically feasible. Except for the technology-based treatment requirements set forth in 40 CFR, chapter I, subchapter N, minimum treatment may not be required to address the discharge of a parameter when the discharge is considered nonsignificant under rules adopted pursuant to 75-5-301.*

HeinOnline -- 1995 vol. III 2429 1995

(2) The board shall establish minimum requirements for the control and disposal of sewage from private and public buildings, including standards and procedures for variances from the requirements.

(3) An applicant for a variance from minimum requirements adopted by a local board of health pursuant to 50-2-116(1)(i) may appeal the local board of health's final decision to the department by submitting a written request for a hearing within 30 days after the decision. The written request must describe the activity for which the variance is requested, include copies of all documents submitted to the local board of health in support of the variance, and specify the reasons for the appeal of the local board of health's final decision.

(4) The department shall conduct a hearing on the request pursuant to Title 2, chapter 4, part 6. Within 30 days after the hearing, the department shall grant, conditionally grant, or deny the variance. The department shall base its decision on the board's standards for a variance.

(5) A decision of the department pursuant to subsection (4) is appealable to district court under the provisions of Title 2, chapter 4, part 7."

Section 9. Section 75-5-401, MCA, is amended to read:

"**75-5-401. Board rules for permits.** (1) The board shall adopt rules:

(a) governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters, including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems;

(b) governing the issuance, denial, modification, or revocation of permits. *The board may not require a permit for a water conveyance structure or for a natural spring if the water discharged to state waters does not contain industrial waste, sewage, or other wastes. Discharge to surface water of ground water that is not altered from its ambient quality does not constitute a discharge requiring a permit under this part and is not degradation if:*

(i) the discharge does not contain industrial waste, sewage, or other wastes;

(ii) the water discharged does not cause the receiving waters to exceed applicable standards for any parameters; and

(iii) to the extent that the receiving waters in their ambient state exceed standards for any parameters, the discharge does not increase the concentration of the parameters.

(2) The rules shall *must* allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that the rules may allow the issuance of a temporary permit under which pollution may result if the department ~~insures~~ *ensures* that ~~such~~ *the* permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.

(3) The rules shall provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and

that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible.

CHAPTER NO. 498

[SB 349]

AN ACT REQUIRING SITE-SPECIFIC AMBIENT AIR QUALITY AND METEOROLOGICAL MONITORING AT COMMERCIAL HAZARDOUS WASTE INCINERATORS; REQUIRING COMMERCIAL HAZARDOUS WASTE INCINERATORS TO PROVIDE TELEMETERING SERVICE TO THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES WITH AN IMMEDIATE NOTIFICATION SYSTEM ACTIVATED WHEN EMISSIONS APPROACH OR EXCEED PERMITTED LIMITS; CLARIFYING ALLOWABLE INTAKES; REQUIRING COMMERCIAL HAZARDOUS WASTE INCINERATORS TO ACHIEVE THE LOWEST ALLOWABLE EMISSION LEVELS; ESTABLISHING A PRESUMPTION OF CONTINUING VIOLATION FOR CERTAIN VIOLATIONS OF THE CLEAN AIR ACT OF MONTANA; AMENDING SECTIONS 75-2-231 AND 75-2-413, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this hill because the bill gives the department authority to adopt administrative rules that specify meteorologic conditions that necessitate cessation of the burning of bazardous waste at a commercial hazardous waste incinerator if site-specific monitoring determines that inversion conditions exist.

Be it enacted by the Legislature of the State of Montana:

Section 1. Commercial hazardous waste incinerators — additional permit requirements. (1) In addition to the requirements under 75-2-231, the department shall require the owner or operator of an existing commercial hazardous waste incinerator or an applicant for an air quality permit for a commercial hazardous waste incinerator to submit a plan that requires the cessation of the burning of hazardous waste if site-specific monitoring determines that inversion conditions, as defined by department rule, exist. The department shall consider the proximity of the commercial hazardous waste incinerator to populated areas when determining the appropriate plan content. The plan must include a site-specific ambient air quality and meteorological monitoring program in order to establish the conditions under which the

burning of commercial hazardous waste must be halted and conditions under which the burning of commercial hazardous waste may be resumed. Conditions of the plan must be incorporated as a condition of the facility's permit.

(2) When, because of the proximity of a commercial hazardous waste incinerator to populated areas, the department determines that continuing monitoring is appropriate, the department shall require the owner or operator of an existing commercial hazardous waste incinerator or an applicant for an air quality permit for a commercial hazardous waste incinerator to provide telemetering service to the department with an immediate notification system activated when emissions approach or exceed permitted limits.

Section 2. Section 75-2-231, MCA, is amended to read:

"75-2-231. Medical waste and hazardous waste incineration — additional permit requirements. (1) Because of the potential ~~formation~~ *emission* of chlorinated dioxins, furans, heavy metals, and carcinogens as a result of the incineration of medical waste and hazardous waste and the potential health risk these chemicals pose, the board shall adopt rules establishing additional permit requirements for commercial medical waste and commercial hazardous waste incinerators. For the purposes of this section, the term "commercial medical waste incinerator" does not include hospital or medical facility incinerators that primarily incinerate medical waste generated onsite. The board shall adopt rules that:

(a) regulate the type and amount of plastic and other materials in the medical waste stream and hazardous waste stream that may be a source of chlorine, in order to minimize the potential ~~creation~~ *emission* of chlorinated dioxins, furans, ~~heavy metals,~~ and carcinogens;

(b) require commercial medical waste and commercial hazardous waste incinerators to achieve the lowest achievable emission rate~~, except when best available control technology is adequate~~ to prevent *the public health risk from air emissions or ambient concentrations from* exceeding the *negligible risk standard required by 75-2-215 and any applicable federal* allowable ~~daily~~ intake standards, as determined pursuant to subsection (3), for dioxins, furans, heavy metals, and other ~~carcinogens~~ *hazardous air pollutants*;

(c) implement the requirements of subsection (2), including establishing procedures and standards for the collection of ~~high-quality~~ *high-quality* scientific information and for the submission of the information by the applicant;

(d) establish procedures for the monitoring, testing, and inspection of:

(i) the medical waste stream and hazardous waste stream, including *heavy metals and* possible precursors to the formation of chlorinated dioxins, furans, ~~heavy metals,~~ and carcinogens;

(ii) combustion, including destruction and removal efficiencies; and

(iii) emissions, including continuous emission monitoring and air pollution control devices; and

(e) are necessary to implement the provisions of this section and to coordinate the requirements under this section with the requirements contained in 75-2-211 and 75-2-215.

(2) A person who applies for an air quality permit or alteration pursuant to 75-2-211 and 75-2-215 for a commercial medical waste *incinerator* or commercial hazardous waste incinerator shall provide, to the satisfaction of the department, the following information:

(a) a dispersion model of emissions, using approved methods, and those studies that are necessary to identify the potential community exposure;

(b) an analysis of the potential pathways for human exposure to air contaminants, particularly chlorinated dioxins, furans, heavy metals, and other carcinogens, including the potential for inhalation, ingestion, and physical contact by the affected communities; and

(c) a quantitative analysis of the estimated total possible human exposure to chlorinated dioxins, furans, heavy metals, and carcinogens for the affected communities.

(3) The department may not issue or alter an air quality permit pursuant to this chapter until the department has determined, based upon an analysis of the information provided by the applicant pursuant to subsection (2) and other necessary and relevant data, that the public health risk from *air emissions or ambient concentrations of* chlorinated dioxins, furans, heavy metals, and other ~~carcinogens~~ *hazardous air pollutants* will not exceed *the negligible risk standard required by 75-2-215 and any applicable* ~~appropriate~~ federal standards for allowable ~~daily~~ intake, as determined by the department after a review of established and relevant federal standards and guidelines.

(4) This section may not be construed in any way to:

(a) require the board to promulgate standards for the allowable ~~daily~~ intake of any substances for which the federal government has not established standards;

(b) allow the board to promulgate standards for the allowable ~~daily~~ intake of any substances for which the federal government has established standards that are more stringent than the federal standards; or

(c) limit or otherwise impair the duty of the department under 75-2-215 to determine that emissions and ambient concentrations will constitute a negligible risk as required by 75-2-215(3)(d), including emissions and ambient concentrations of dioxins, furans, heavy metals, and carcinogens, before issuing an air quality permit pursuant to 75-2-211 and 75-2-215."

Section 3. Section 75-2-413, MCA, is amended to read:

"75-2-413. Civil penalties — out-of-state litigants — effect of action — *presumption of continuing violation under certain circumstances.* (1) A person who violates any provision of this chapter, a rule adopted under this chapter, or any order or permit made or issued under this chapter is subject to a civil penalty not to exceed $10,000 per violation. Each day of each violation constitutes a separate violation. The department may institute and maintain in

the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty. The civil penalty is in lieu of the criminal penalty provided for in 75-2-412.

(2) (a) Action under subsection (1) is not a bar to enforcement of this chapter or of a rule, order, or permit made or issued under it by injunction or other appropriate civil remedies.

(b) An action under subsection (1) or to enforce this chapter or a rule, order, or permit made or issued under it may be brought in the district court of any county where a violation occurs or is threatened if the defendant cannot be located in Montana.

(3) If the department has notified a person operating a commercial hazardous waste incinerator of a violation and if the department makes a prima facie showing that the conduct or events giving rise to the violations are likely to have continued or recurred past the date of notice, the days of violation are presumed to include the date of the notice and every day after the notice until the person establishes that continuous compliance has been achieved. This presumption may be overcome to the extent that the person operating a commercial hazardous waste incinerator can prove by a preponderance of evidence that there were intervening days when a violation did not occur, that the violation was not continuing in nature, or that the telemetering device was compromised or otherwise tampered with.

~~(3)~~*(4)* Money collected under this section must be deposited in the state general fund. This subsection does not apply to money collected by an approved local air pollution control program."

Section 4. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 75, chapter 2, part 2, and the provisions of Title 75, chapter 2, part 2, apply to [section 1].

Section 5. Effective date. [This act] is effective on passage and approval.

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill gives the department of labor and industry authority to adopt administrative rules. It is the intent of the legislature that the department adopt rules to implement a self-funding registration program for contractors to ensure that:

HeinOnline -- 1995 vol. III 2438 1995

(1) contractors are in compliance with the laws governing workers' compensation coverage, unemployment insurance coverage, and other state laws; and

(2) all persons in the construction business are operating on a "level playing field" with regard to compliance with state laws.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. It is the purpose of [sections 1 through 25] to ensure that all contractors are competing fairly and in compliance with state laws.

Section 2. Definitions. As used in [sections 1 through 25], the following definitions apply:

(1) "Contractor" means a person, firm, or corporation that:

(a) in the pursuit of an independent business, offers to undertake, undertakes, or submits a bid to construct, alter, repair, add to, subtract from, improve, move, wreck, or demolish for another a building, highway, road, railroad, excavation, or other structure, project, development, or improvement attached to real estate, including the installation of carpeting or other floor covering, the erection of scaffolding or other structures or works, or the installation or repair of roofing or siding; or

(5) "Verification" means the receipt and duplication by a political subdivision of a contractor registration card that is current on its face.

Section 3. Registration required — prohibited acts — criminal penalty. (1) On or before July 1, 1996, each contractor shall register with the department.

(2) It is a misdemeanor for a contractor to:

(a) advertise, offer to perform work, submit a bid, or perform work as a contractor:

(i) without being registered as required by [sections 1 through 25]; or

(ii) when the contractor's registration is suspended;

(b) use a false or expired registration number in purchasing or offering to purchase an advertisement for which a contractor registration number is required; or

HeinOnline -- 1995 vol. III 2439 1995

(c) transfer a valid registration to an unregistered contractor to work under a registration issued to another contractor.

(3) The department may verify the workers' compensation coverage information provided by the applicant in subsection (1)(b), including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Montana.

(4) Registration must be denied if:

(a) the applicant has been previously registered as a sole proprietor, partnership, limited liability company, or corporation and was a principal or officer of the corporation; and

(b) the applicant has an unsatisfied final judgment in an action based on Title 39, chapter 3, part 7, that was incurred during a previous registration under [sections 1 through 25].

HeinOnline -- 1995 vol. III 2440 1995

Section 5. Bond or other security required. Each applicant shall, at the time of registration or reregistration, file with the department a surety bond or other security as provided in Title 39, chapter 3, part 7.

(4) A contractor may supply a short-term bond or insurance policy to bring its registration period to the full 1 year.

(5) If a contractor's surety bond or other security has an unsatisfied judgment against it or it is canceled, the contractor's registration is automatically suspended on the effective date of the impairment or cancellation. The department shall give notice of the suspension to the contractor.

Section 7. When partnership or joint venture considered registered. A partnership or joint venture is considered registered under [sections 1 through 25] if one of the general partners or venturers whose name under which the partnership or venture does business is registered.

Section 8. Fees — education program. (1) The department shall charge fees for:

(a) issuance, renewal, and reinstatement of certificates of registration; and

(b) changes of name, address, or business structure.

(2) The department shall set the fees by administrative rule. The fees shall cover the full cost of issuing certificates, filing papers and notices, and administering and enforcing [sections 1 through 25]. The costs include reproduction, travel, per diem, and administrative and legal support costs.

(3) The fees charged in subsection (1)(a) may not exceed $80.

(4) The fees collected under this section must be deposited in the state special revenue account to the credit of the department for the administration and enforcement of [sections 1 through 25].

HeinOnline -- 1995 vol. III 2441 1995

(5) The department shall establish, cooperatively with representatives of the building industry, an industry and consumer information program, funded with 15% of the fees, to educate the huilding industry about the registration program and to educate the public regarding the hiring of building contractors.

(6) The fee for a joint application for a certificate of registration and an independent contractor exemption may not exceed the fee charged for a certificate of registration.

Section 9. Registration prerequisite to suit or lien claim — limiting liability. (1) A person engaged in the business or acting in the capacity of a contractor may not bring or maintain an action in any court of this state for the collection of compensation for the performance of any work or for breach of contract for which registration is required under [sections 1 through 25] without alleging and proving that the contractor was a registered contractor and held a current and valid certificate of registration at the time the contractor entered the contract for the performance of work.

(2) For the purposes of this section, the court may not find a contractor in compliance with the registration requirements of [sections 1 through 25] unless:

(a) the department has on file the information required by [section 4]; and

(b) the contractor has a current bond or other security as required by [section 5].

(3) In determining whether a contractor is in compliance with the registration requirements of [sections 1 through 25], the court shall consider the length of time during which the contractor did not hold a valid certificate of registration.

(4) A contractor may not bring or maintain a lien claim under Title 71, chapter 3, part 5, unless the contractor is registered at the time of entering into a contract.

(5) A contractor engaging the services of another contractor is not liable as an employer for workers' compensation and unemployment insurance coverage for the other contractor or for any employee of the other contractor if the contractor verifies with the department that the other contractor with whom the contractor is contracting for services is registered as provided under [sections 1 through 25].

(15) to a contract security company, licensed under Title 37, chapter 60, operating within the scope of the license; or

(16) to a person who engages in the activities regulated as an employee of a registered contractor with wages as the sole compensation or as an employee with wages as the sole compensation.

Section 11. Business practices — advertising — penalty. (1) Except as provided in [section 7], a person who has registered under one name as provided in [sections 1 through 25] may not engage in the business or act in the capacity of a contractor under any other name unless that name also is registered under [sections 1 through 25].

(2) Except for telephone books, all advertising, contracts, correspondence, cards, signs, posters, papers, and documents that show a contractor's name or address must show the contractor's name and address as registered under [sections 1 through 25].

(3) (a) The alphabetized listing of contractors appearing in the advertising section of directories, excluding telephone books, and all advertising must show the contractor's current registration number. However, signs on motor vehicles and on-premises signs do not constitute advertising under this section.

(b) All materials used to directly solicit business from retail customers who are not businesses must show a contractor's current registration numher. A contractor may not use a false or expired registration number in purchasing or offering to purchase an advertisement. Advertising by radio or television is not subject to this subsection.

(4) A contractor may not advertise that the contractor is bonded because of the bond required to be filed provided in [section 5].

(5) A contractor may not falsify a registration number and use it in connection with a solicitation or identification as a contractor. An individual contractor, partner, associate, agent, salesperson, solicitor, officer, or employee of a contractor shall use a true name and address at all times while engaged in the business or capacity of a contractor or in activities related to a contractor.

(6) (a) The finding of a violation of this section by the department at a hearing held in accordance with the Montana Administrative Procedure Act subjects the person who commits the violation to a penalty of not more than $5,000, as determined by the department. The required hearing may be held by telephone or by videoconference. A penalty collected under this section must be deposited in the state special revenue account to the credit of the department for administration and enforcement of [sections 1 through 25].

(b) Penalties under this section do not apply to a violation that is determined to be an inadvertent error.

Section 12. Unlawful advertising — liability — citations. (1) When determining a violation under [section 11], the person who purchased or offered to purchase the advertising must be held responsible.

(2) If the department, upon investigation, has probable cause to believe that a person holding a registration, an applicant for registration, or an unregistered person acting in the capacity of a contractor who is not otherwise exempted from [sections 1 through 25] has violated [section 11] by unlawfully advertising for work covered by [sections 1 through 25] in an alphabetical or classified directory, the department may issue a citation containing an order of correction. The order must require the violator to cease the unlawful advertising.

(3) If the person to whom a citation is issued under subsection (2) notifies the department in writing that the person contests the citation, the department shall offer an opportunity for an adjudicative proceeding under the Montana Administrative Procedure Act within 30 days after receiving the notification.

Section 13. Department to compile and update list of registered contractors — availability — fee. (1) The department shall compile a list of all contractors registered under [sections 1 through 25] and update the list at least bimonthly. The list is public information and must be available to the public upon request for a reasonable fee.

(2) The department shall inform a person, firm, or corporation whether a contractor is registered. The department shall provide the information without charge, except for a reasonable fee for any copies made.

Section 14. Provisions exclusive — certain local authority not limited or abridged. The provisions of [sections 1 through 25] relating to the registration or licensing of a person, firm, or corporation, including the requirement of a bond with the state of Montana named as obligee and the collection of a fee, are exclusive. A political subdivision of the state may not require or issue any registrations, licenses, or bonds for the same or a similar purpose. However, this section does not limit or abridge the authority of a local government to levy and collect a general and nondiscriminatory license fee levied upon all businesses. This section does not limit the authority of a local government with respect to contractors not required to be registered under [sections 1 through 25].

Section 15. Violation — infraction. (1) It is a violation of [sections 1 through 25] and an infraction for any contractor to:

(a) advertise, offer to perform work, submit a bid, or perform work as a contractor without being registered as required by [sections 1 through 25];

( ) advertise, offer to perform work, submit a bid, or perform work as a contractor when the contractor's registration is suspended; or

(c) transfer a valid registration to an unregistered contractor or allow an unregistered contractor to work under a registration issued to another contractor.

(2) Each day that a contractor works without being registered as required by [sections 1 through 25], works while the contractor's registration is suspended, or works under a registration issued to another contractor is a separate infraction. Each worksite at which a contractor works without being registered as required by [sections 1 through 25], works while the contractor's registration is suspended, or works under a registration issued to another contractor is a separate infraction.

HeinOnline -- 1995 vol. III 2445 1995

Section 16. Violations — investigations — citations. (1) The department shall appoint compliance inspectors to investigate alleged or apparent violations of [sections 1 through 25]. An authorized compliance inspector, upon presentation of appropriate credentials, may inspect and investigate worksites at which a contractor had bid or is presently working to determine whether the contractor is registered in accordance with [sections 1 through 25] or rules adopted under [section 25] or whether there is a violation of [section 15]. Upon request of the compliance inspector, a contractor or an employee of the contractor shall provide information identifying the contractor.

(2) If the employee of an unregistered contractor is cited by a compliance inspector, that employee is cited as the agent of the unregistered contractor, and issuance of the citation to the employee is notice to the contractor that the contractor is in violation of [sections 1 through 25]. An employee who is citod by a compliance inspector is not liable for any of the alleged violations contained in the citation unless the employee is also the contractor.

Section 17. Failure to provide information to identifying contractor — misdemeanor. Willful refusal to provide information identifying a contractor as required by [section 16] is a misdemeanor.

Section 18. Restraining orders — injunctions. (1) If the authorized compliance inspector, upon investigation or inspection, reasonably believes that a contractor has failed to register in accordance with [sections 1 through 25] or the rules adopted under [section 25], the department may issue an order immediately restraining further construction work at the worksite by the contractor. The order shall describe the specific violation that necessitated the issuance of the restraining order. The contractor or representative to whom the restraining order is directed may request a hearing to be conducted pursuant to the Montana Administrative Procedure Act. A request for hearing may not stay the effect of the restraining order.

(2) In addition to and after having invoked the powers of restraint vested in the department as provided in subsection (1), the department, through the attorney general, may petition the district court to enjoin any activity in violation of [sections 1 through 25]. A prima facie case for issuance of an injunction must be established by affidavits and supporting documentation that a restraining order was served upon the contractor and that the contractor continued to work after service of the order. Upon the filing of the petition, the district court has jurisdiction to grant injunctive or other appropriate relief, pending the outcome of enforcement proceedings under [sections 1 through 25], or to enforce restraining orders issued by the department. If the contractor fails to comply with a court order, the department shall petition the district court for an order holding the contractor in contempt of court and for any other appropriate relief.

Section 19. Notice of infraction — service. The department may issue a notice of infraction if the department reasonably believes that the contractor required to be registered by [sections 1 through 25] has failed to do so or has otherwise committed a violation under [section 15]. A notice of infraction issued under this section may be personally served on the contractor named in the notice by the department's compliance inspectors or service may be made by certified mail directed to the contractor named in the notice of infraction. If the contractor named in the notice of infraction is a firm or corporation, the notice

HeinOnline -- 1995 vol. III 2446 1995

may be personally served on any employee of the firm or corporation. If a notice of infraction is personally served upon an employee of a firm or corporation, the department shall send a copy of the notice by certified mail within 4 days of service to the contractor if the department is able to obtain the contractor's address.

Section 20. Notice of infraction — form. The form of the notice of the infraction issued under [sections 1 through 25] must include a statement:

(1) that the notice represents a determination that the infraction has been committed by the contractor named in the notice and that the determination is final unless contested as provided in [sections 1 through 25];

(2) that the infraction is a civil offense;

(3) of the specific violation that necessitated the issuance of the notice of infraction;

(4) of penalty involved if the infraction is established;

(5) of the options provided in [sections 1 through 25] for responding to the notice and the procedures necessary to exercise these options;

(6) that at a hearing to contest the notice of infraction, the state has the burden of proving, by a preponderance of the evidence, that the infraction was committed and that the contractor may subpoena witnesses, including the compliance inspector who issued and served the notice of infraction;

(7) signed by the person who has been served with the notice of infraction that the contractor promises to respond to the notice of infraction in one of the ways provided in [sections 1 through 25];

(8) that refusal to sign the notice of infraction as directed in subsection (7) is a misdemeanor and may be punished by a fine, imprisonment in jail, or both; and

(9) that the contractor's failure to respond to a notice of infraction as promised is a misdemeanor and may be punished by a fine, imprisonment in jail, or both.

Section 21. Notice of infraction — determination — appeal — duty to respond. (1) Unless contested, the notice of infraction represents a determination that the contractor to whom the notice was issued committed the infraction.

(2) If a party desires to contest the determination, the party shall file a notice of appeal with the department within 20 days of the issuance of the notice of infraction. The department shall conduct a hearing in accordance with the Montana Administrative Procedure Act. The department may conduct the hearing by telephone or by videoconference.

(3) A contractor who is issued a notice of infraction shall respond within 20 days of the date of issuance of the notice of infraction.

(4) If a contractor named in the notice does not elect to contest the notice of infraction, the contractor shall pay to the department the amount of the penalty

HeinOnline -- 1995 vol. III 2447 1995

prescribed for the infraction. When payment of the appropriate penalty is received by the department, the department shall make the appropriate entry in its records.

(5) If a contractor named in the notice elects to contest the notice of infraction, the contractor shall respond by filing an answer of protest with the department, specifying the grounds of protest.

Section 22. Notice of infraction — failure to respond — refusal to sign — penalty. (1) If a contractor issued a notice of infraction fails to respond within the prescribed response period, the contractor is guilty of a misdemeanor and the department may cause the criminal proceedings to he initiated against the person for prosecution in the lowest court of concurrent jurisdiction in the county where the infraction occurred.

(2) After a final determination by the department that an infraction has been committed, a contractor who fails to pay a penalty within 30 days, unless waived, reduced, or suspended pursuant to [section 24], and who fails to file an appeal pursuant to [section 23] is guilty of a misdemeanor and the department may cause the criminal proceedings to be initiated against the person for prosecution in the lowest court of concurrent jurisdiction in the county in which the infraction occurred.

(3) A contractor who fails to pay a penalty within 30 days after exhausting appellate remedies pursuant to [section 23] is guilty of a misdemeanor and the department may cause the criminal proceedings to be initiated against the person for prosecution in the lowest court of concurrent jurisdiction in the county where the infraction occurred.

(4) It is a misdemeanor for a person who has heen personally served with a notice of infraction to refuse to sign a written promise to respond to the notice.

(5) It is a misdemeanor for a contractor who has been personally served with a notice of infraction to willfully violate the written promise to respond to a notice of infraction as provided in [sections 1 through 25], regardless of the ultimate disposition of the infraction.

Section 23. Infraction — administrative hearing — procedure — burden of proof — order — appeal. (1) The department shall conduct a case related to a contractor's notice of infraction pursuant to Title 2, chapter 4.

(2) The burden of proof is on the department to establish the commission of the infraction by a preponderance of the evidence. The notice of infraction must be dismissed if the defendant establishes that, at the time the notice was issued, the defendant was registered by the department, was not suspended, or was exempt from registration.

(3) The hearings officer shall dismiss the notice of infraction at any time upon written notification from the department that the contractor named in the notice of infraction was registered, was not suspended, or was exempt from registration at the time the notice of infraction was issued.

(4) After consideration of the evidence and argument, the hearings officer shall determine whether the infraction was committed. If it has not been established that the infraction was committed, an order dismissing the notice

HeinOnline -- 1995 vol. III 2448 1995

must be entered in the record of the proceedings. If it has been estahlished that the infraction was committed, the hearings officer shall issue findings of fact and conclusions of law in the decision and order determining whether the infraction was committed.

(5) An appeal from the hearings officer's determination or order must be to the district court.

Section 24. Infraction — penalty. (1) A contractor found to have committed an infraction under [section 15] must be assessed a penalty of $150 for each day for each infraction in which the contractor conducted business without being registered, beginning with the date the notice of infraction was served to the contractor or to the contractor's agent.

(2) The department may waive, reduce, or suspend the penalty imposed for the infraction only upon a showing of good cause that the penalty would be unduly burdensome to the contractor.

(3) A penalty collected under this section must be deposited in the state special revenue account to the credit of the department for administration and enforcement of [sections 1 through 25].

Section 25. Rulemaking authority. The department may adopt rules to implement [sections 1 through 25].

Section 26. Section 37-71-211, MCA, is amended to read:

(4) A change in the name of a business or a change in the type of business may not impair a bond for the purposes of this section as long as one of the original applicants for the bond maintains partial ownership in the business covered by the bond."

Section 28. Section 39-3-705, MCA, is amended to read:

"**39-3-705. Suit on bond.** *(1)* Any ~~employee employed by a contractor~~ *person, firm, or corporation having a claim against the contractor for any of the items referred to in 39-3-703* may bring an action on the surety bond ~~in his own name for unpaid wages and fringe benefits~~ *in the district court in the county in*

which the work was performed or in any county that has jurisdiction over the contractor.

(2) The surety issuing the bond must be named as a party to any suit upon the bond. Action upon the bond or deposit must be commenced by filing the summons and complaint with the clerk of the appropriate district court within 1 year from the date of expiration of the certificate of registration that was in force at the time the claimed labor was performed and benefits accrued, the taxes and contribution owing the state became due, or the claimed contract work was completed. Service of process in an action against the contractor, the contractor's bond, or the deposit must be exclusively by service upon the department. Three copies of the summons and complaint and a fee of $10 for handling costs must be served by certified mail upon the department at the time suit is started. The $10 fee must be deposited in the state special revenue fund to the credit of the department. The department shall maintain a record, available for public inspection, of all suits served. Service is not complete until the department receives the $10 fee and three copies of the summons and complaint. The service constitutes service on the registrant and the surety for suit upon the bond or deposit. The department shall mail the summons and complaint or a copy of the summons and complaint to the registrant at the address listed in the registrant's application and to the surety within 48 hours after it has been received.

(3) The surety is not liable in an aggregate amount in excess of the amount named in the bond or for any penalty assessed pursuant to [sections 1 through 25]. The liability for the surety may not accumulate when the bond has been renewed, continued, reinstated, reissued, or otherwise extended. The surety may, upon notice to the department and the parties, tender to the clerk of the court that has jurisdiction over the claim an amount equal to the claims under the bond or the amount of the bond less any judgments, if any, previously satisfied from the bond and exonerate the bond to the extent of the tender. However, if the actions commenced and pending at any one time exceed the amount of the bond then unimpaired, claims must be satisfied from the bond in the following order:

(a) labor, including employee benefits;

(b) taxes and contributions due to the state; and

(c) any court costs, interest, and attorney fees that a plaintiff may be entitled to recover.

(4) If a final judgment impairs the liability of the surety to the extent that the bond is no longer in effect in the full amount required in 39-3-703, the department shall suspend the registration of the contractor until the bond liability has been furnished in the required amount, unimpaired by unsatisfied judgment claims. If the bond becomes fully impaired, a new bond must be furnished in the amount prescribed by 39-3-703.

(5) A person who filed and served a summons and complaint as required by this section and who has an unsatisfied final judgment against the registrant for any items referred to in 39-3-703 may execute upon the security held by the department by serving a certified copy of the unsatisfied final judgment within 1 year of the date of the entry of the judgment. Upon the receipt of service of the certified copy, the department shall pay or order to be paid from the deposit, through the district court that rendered the judgment, a payment toward the

HeinOnline -- 1995 vol. III 2451 1995

unsatisfied judgment. The priority of payment by the department must be the order of receipt by the department, but the department has no liability for payment in excess of the amount of the deposit."

Section 29. Section 39-3-706, MCA, is amended to read:

"39-3-706. Liability of ~~person~~ *contractor* contracting with *another* contractor ~~for failure to require bond.~~ ~~Any person~~ *A contractor* contracting with a *another* contractor who fails to require the *other* contractor to ~~acquire the surety bond provided for in 39-3-703(1)~~ *be registered pursuant to [sections 1 through 25]* is liable to the employees of ~~that~~ *the other* contractor for their wages and fringe benefits on that particular job."

Section 30. Section 39-71-120, MCA, is amended to read:

"39-71-120. Independent contractor defined. (1) An "independent contractor" is one who renders service in the course of an occupation and:

(a) has been and will continue to be free from control or direction over the performance of the services, both under his *the* contract and in fact; ~~and~~

(b) is engaged in an independently established trade, occupation, profession, or business; *and*

(c) has received an exemption granted under 39-71-401(3).

(2) An individual performing services for remuneration is considered to be an employee under this chapter unless the requirements of subsection (1) are met."

Section 31. Repealer. Section 39-3-704, MCA, is repealed.

Section 32. Codification instruction. [Sections 1 through 25] are intended to be codified as an integral part of Title 39, and the provisions of Title 39 apply to [sections 1 through 25].

Section 33. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 501

[SB 371]

AN ACT DEFINING "OUTSTANDING RESOURCE WATERS"; IDENTIFYING CERTAIN STATE WATERS AS OUTSTANDING RESOURCE WATERS; ESTABLISHING A PROCESS FOR STATE CLASSIFICATION OF OTHER WATERS AS OUTSTANDING RESOURCE WATERS; IDENTIFYING ACTIVITIES THAT ARE EXEMPT FROM THE WATER QUALITY NONDEGRADATION REVIEW PROCESS; AND AMENDING SECTIONS 75-5-103, 75-5-301, AND 75-5-303, MCA.

HeinOnline -- 1995 vol. III 2452 1995

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill gives the board of health and environmental sciences the authority to adopt administrative rules. It is the intent of the legislature that this legislation and the rules adopted pursuant to this legislation serve as Montana's regulatory scheme for both outstanding national resource waters and outstanding state resource waters. It is the further intent of the legislature that surface and ground water in Montana be designated as outstanding resource waters only if there is no other reasonable means of protecting the water. The legislature intends that because this designation may severely limit future use of the designated water, the designation should be accomplished only after a very thorough examination of the environmental, social, and economic impacts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-103, MCA, is amended to read:

"75-5-103. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(2) "Contamination" means impairment of the quality of state waters by sewage, industrial wastes, or other wastes, creating a hazard to human health.

(3) "Council" means the water pollution control advisory council provided for in 2-15-2107.

(4) "Degradation" means a change in water quality that lowers the quality of high-quality waters for a parameter. The term does not include those changes in water quality determined to be nonsignificant pursuant to 75-5-301(5)(c).

(5) "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

(6) "Disposal system" means a system for disposing of sewage, industrial, or other wastes and includes sewage systems and treatment works.

(7) "Effluent standard" means a restriction or prohibition on quantities, rates, and concentrations of chemical, physical, biological, and other constituents which are discharged into state waters.

(8) "Existing uses" means those uses actually attained in state waters on or after July 1, 1971, whether or not those uses are included in the water quality standards.

(9) "High-quality waters" means state waters whose quality for a parameter is better than standards established pursuant to 75-5-301. All waters are high-quality water unless classified by the board within a classification for waters that are not suitable for human consumption or not suitable for growth and propagation of fish and associated aquatic life.

(10) "Industrial waste" means a waste substance from the process of business or industry or from the development of any natural resource, together with any sewage that may be present.

HeinOnline -- 1995 vol. III 2453 1995

(11) "Interested person" means a person who has submitted oral or written comments on the department's preliminary decision regarding degradation of state waters, pursuant to 75-5-303. The term includes a person who has requested authorization to degrade high-quality waters.

(12) "Local department of health" means the staff, including health officers, employed by a county, city, city-county, or district board of health.

(13) "Mixing zone" means an area established in a permit or final decision on nondegradation issued by the department where water quality standards may be exceeded, subject to conditions that are imposed by the department and that are consistent with the rules adopted by the board.

(14) "Other wastes" means garbage, municipal refuse, decayed wood, sawdust, shavings, bark, lime, sand, ashes, offal, night soil, oil, grease, tar, heat, chemicals, dead animals, sediment, wrecked or discarded equipment, radioactive materials, solid waste, and all other substances that may pollute state waters.

(15) *"Outstanding resource waters" means:*

(a) state surface waters located wholly within the boundaries of areas designated as national parks or national wilderness areas as of [the effective date of this act]; or

(b) other surface waters or ground waters classified by the board under the provisions of [section 3] and approved by the legislature.

(16) "Owner or operator" means a person who owns, leases, operates, controls, or supervises a point source.

~~(16)~~*(17)* "Parameter" means a physical, biological, or chemical property of state water when a value of that property affects the quality of the state water.

~~(17)~~*(18)* "Person" means the state, a political subdivision of the state, institution, firm, corporation, partnership, individual, or other entity and includes persons resident in Canada.

~~(18)~~*(19)* "Point source" means a discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, or vessel or other floating craft, from which pollutants are or may be discharged.

~~(19)~~*(20)* "Pollution" means contamination or other alteration of the physical, chemical, or biological properties of state waters which exceeds that permitted by Montana water quality standards, including but not limited to standards relating to change in temperature, taste, color, turbidity, or odor; or the discharge, seepage, drainage, infiltration, or flow of liquid, gaseous, solid, radioactive, or other substance into state water which will or is likely to create a nuisance or render the waters harmful, detrimental, or injurious to public health, recreation, safety, welfare, livestock, wild animals, birds, fish, or other wildlife. A discharge, seepage, drainage, infiltration or flow which is authorized under the pollution discharge permit rules of the board is not pollution under this chapter. Activities conducted under the conditions imposed by the

department in short-term authorizations pursuant to 75-5-308 are not considered pollution under this chapter.

~~(20)~~*(21)* "Sewage" means water-carried waste products from residences, public buildings, institutions, or other buildings, including discharge from human beings or animals, together with ground water infiltration and surface water present.

~~(21)~~*(22)* "Sewage system" means a device for collecting or conducting sewage, industrial wastes, or other wastes to an ultimate disposal point.

~~(22)~~*(23)* "Standard of performance" means a standard adopted by the board for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants.

~~(23)~~*(24)* "State waters" means a body of water, irrigation system, or drainage system, either surface or underground; however, this subsection does not apply to irrigation waters where the waters are used up within the irrigation system and the waters are not returned to any other state waters.

~~(24)~~*(25)* "Treatment works" means works, including sewage lagoons, installed for treating or holding sewage, industrial wastes, or other wastes.

~~(25)~~*(26)* "Water quality protection practices" means those activities, prohibitions, maintenance procedures, or other management practices applied to point and nonpoint sources designed to protect, maintain, and improve the quality of state waters. Water quality protection practices include but are not limited to treatment requirements, standards of performance, effluent standards, and operating procedures and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from material storage.

~~(26)~~*(27)* "Water well" means an excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed and intended for the location, diversion, artificial recharge, or acquisition of ground water."

Section 2. Outstanding resource waters — statement of purpose. (1) The legislature, understanding the requirements of applicable federal law and the uniqueness of Montana's water resource, recognizes that certain state waters are of such environmental, ecological, or economic value that the state should prohibit, to the greatest extent practicable, changes to the existing water quality of those waters. Outstanding resource waters must be afforded the greatest protection feasible under state law, after thorough examination.

(2) The purpose of this section and [section 3] is to provide this protection and to provide guidance to the board in establishing rules to accomplish that level of protection.

Section 3. Outstanding resource water classification — rules — criteria — limitations — procedure. (1) As provided under the provisions of 75-5-301 and this section, the board may adopt rules regarding the classification of waters as outstanding resource waters. Neither this section nor rules adopted pursuant to this section apply to an activity that is identified as nonsignificant

under 75-5-301(5)(c) and that is exempted from nondegradation review required under 75-5-303.

(2) The department may not:

(a) grant an authorization to degrade under 75-5-303 in outstanding resource waters; or

(b) grant an authorization to degrade if that authorization would cause significant degradation, as defined by board rules adopted under 75-5-301(5), in outstanding resource waters.

(3) (a) A person may petition the board for rulemaking to classify waters as outstanding resource waters. The board shall initially review a petition against the criteria identified in subsection (3)(c) to determine whether the petition contains sufficient credible information for the board to accept the petition.

(b) The board may reject a petition without further review if it determines that the petition does not contain the sufficient credible information required by subsection (3)(a). If the board rejects a petition under this subsection (3)(b), it shall specify in writing the reasons for the rejection and the petition's deficiencies.

(c) The board may not adopt a rule classifying state waters as outstanding resource waters until it accepts a petition and finds that, based on a preponderance of the evidence:

(i) the waters identified in the petition constitute an outstanding resource based on the criteria provided in subsection (4);

(ii) the classification is necessary to protect the outstanding resource identified under subsection (3)(a); and

(iii) there is no other effective process available that will achieve the necessary protection.

(4) The board shall consider the following criteria in determining whether certain state waters are outstanding resource waters. However, the board may determine that compliance with one or more of these criteria is insufficient to warrant classification of the water as an outstanding resource water. The board shall consider:

(a) whether the waters have been designated as wild and scenic;

(b) the presence of endangered or threatened species in the waters;

(c) the presence of an outstanding recreational fishery in the waters;

(d) whether the waters provide the only source of suitable water for a municipality or industry;

(e) whether the waters provide the only source of suitable water for domestic water supply; and

(f) other factors that indicate outstanding environmental or economic values not specifically mentioned in this subsection (4).

HeinOnline -- 1995 vol. III 2456 1995

(5) After acceptance of a petition, the board shall require the preparation of an environmental impact statement, as provided under Title 75, chapter 1, part 2, when classification as an outstanding resource water may cause significant adverse impacts to the environment, including significant adverse impacts to social or economic values.

(6) The board shall consult with other relevant state agencies when reviewing outstanding resource water classification petitions.

(7) (a) In accordance with 2-4-315, the board may deny an accepted outstanding resource water classification petition if it finds that:

(i) the requirements of subsection (3) have not been met; or

(ii) based on information available to the board from the environmental impact statement or otherwise, approving the outstanding resource waters classification petition would cause significant adverse environmental, social, or economic impacts.

(b) If the board denies the petition, it shall identify its reasons for petition denial.

(8) A rule classifying state waters as outstanding resource waters under this section may be adopted but is not effective until approved by the legislature.

(9) The board may not postpone or deny an application for an authorization to degrade state waters under 75-5-303 based on pending:

(a) board action on an outstanding resource water classification petition regarding those waters; or

(b) legislative approval of board action designating those waters as outstanding resource waters.

Section 4. Section 75-5-301, MCA, is amended to read:

"**75-5-301. Classification and standards for state waters.** Consistent with the provisions of 75-5-302 through 75-5-307 and 80-15-201, the board shall:

(1) establish and modify the classification of all waters in accordance with their present and future most beneficial uses;

(2) formulate standards of water purity and classification of water according to its most beneficial uses, giving consideration to the economics of waste treatment and prevention;

(3) review, from time to time at intervals of not more than 3 years, established classifications of waters and standards of water purity and classification;

(4) adopt rules governing the granting of mixing zones, requiring that mixing zones granted by the department be specifically identified, and requiring that mixing zones have:

(a) the smallest practicable size;

(b) a minimum practicable effect on water uses; and

HeinOnline -- 1995 vol. III 2457 1995

(c) definable boundaries;

(5) adopt rules implementing the nondegradation policy established in 75-5-303, including but not limited to rules that:

(a) provide a procedure for department review and authorization of degradation;

(b) establish criteria for the following:

(i) determining important economic or social development; and

(ii) weighing the social and economic importance to the public of allowing the proposed project against the cost to society associated with a loss of water quality; and

(c) establish criteria for determining whether a proposed activity or class of activities, *in addition to those activities identified in [section 6],* will result in nonsignificant changes in water quality for any parameter in order that those activities are not required to undergo review under 75-5-303(3). These criteria must be established in a manner that generally:

(i) equates significance with the potential for harm to human health or the environment;

(ii) considers both the quantity and the strength of the pollutant;

(iii) considers the length of time the degradation will occur; and

(iv) considers the character of the pollutant so that greater significance is associated with carcinogens and toxins that bioaccumulate or biomagnify and lesser significance is associated with substances that are less harmful or less persistent.

(6) to the extent practicable, ensure that the rules adopted under subsection (5) establish objective and quantifiable criteria for various parameters. These criteria must, to the extent practicable, constitute guidelines for granting or denying applications for authorization to degrade high-quality waters under the policy established in 75-5-303(2) and (3).

(7) adopt rules to implement this section."

Section 5. Section 75-5-303, MCA, is amended to read:

"**75-5-303. Nondegradation policy.** (1) Existing uses of state waters and the level of water quality necessary to protect those uses must be maintained and protected.

(2) Unless authorized by the department under subsection (3) *or exempted from review under [section 6],* the quality of high-quality waters must be maintained.

(3) The department may not authorize degradation of high-quality waters unless it has been affirmatively demonstrated by a preponderance of evidence to the department that:

(a) degradation is necessary because there are no economically, environmentally, and technologically feasible alternatives to the proposed project that would result in no degradation;

(b) the proposed project will result in important economic or social development that exceeds the benefit to society of maintaining existing high-quality waters and exceeds the costs to society of allowing degradation of high-quality waters;

(c) existing and anticipated use of state waters will be fully protected; and

(d) the least degrading water quality protection practices determined by the department to be economically, environmentally, and technologically feasible will be fully implemented by the applicant prior to and during the proposed activity.

(4) The department shall issue a preliminary decision either denying or authorizing degradation and shall provide public notice and a 30-day comment period prior to issuing a final decision. The department's preliminary and final decisions must include:

(a) a statement of the basis for the decision; and

(b) a detailed description of all conditions applied to any authorization to degrade state waters, including, when applicable, monitoring requirements, required water protection practices, reporting requirements, effluent limits, designation of the mixing zones, the limits of degradation authorized, and methods of determining compliance with the authorization for degradation.

(5) An interested person wishing to challenge a final department decision may request a hearing before the board within 30 days of the final department decision. The contested case procedures of Title 2, chapter 4, part 6, apply to a hearing under this section.

(6) Every 5 years, the department shall review authorizations to degrade state waters. To enable the department to adequately review authorizations as required under this section, the authorization holder shall revise the initial authorization application no sooner than 3 1/2 years and no later than 4 years after the date of the authorization or the date of the latest department review. The specific revised information required must be determined hy the department. If, based on the review, the department determines that the standards and objectives of 75-5-303 or the rules adopted pursuant to 75-5-303 are not being met, it shall revoke or modify the authorization. A decision by the department to revoke or modify an authorization may be appealed to the board.

(7) *The board may not issue an authorization to degrade state waters that are classified as outstanding resource waters.*

(8) The board shall adopt rules to implement this section."

Section 6. Nonsignificant activities. (1) The categories or classes of activities identified in subsection (2) cause changes in water quality that are nonsignificant because of their low potential for harm to human health or the environment and their conformance with the guidance found in 75-5-301(5)(c).

(2) The following categories or classes of activities are not subject to the provisions of 75-5-303:

(a) existing activities that are nonpoint sources of pollution as of April 29, 1993;

(b) activities that are nonpoint sources of pollution initiated after April 29, 1993, when reasonable land, soil, and water conservation practices are applied and existing and anticipated beneficial uses will be fully protected;

(c) use of agricultural chemicals in accordance with a specific agricultural chemical ground water management plan promulgated under 80-15-212, if applicable, or in accordance with an environmental protection agency-approved label and when existing and anticipated uses will be fully protected;

(d) changes in existing water quality resulting from an emergency or remedial activity that is designed to protect public health or the environment and is approved, authorized, or required by the department;

(e) changes in existing water quality resulting from treatment of a public water supply system, as defined in 75-6-102, or a public sewage system, as defined in 75-6-102, by chlorination or other similar means that is designed to protect the public health or the environment and that is approved, authorized, or required by the department;

(f) the use of drilling fluids, sealants, additives, disinfectants, and rehabilitation chemicals in water well or monitoring well drilling, development, or abandonment, if used according to department-approved water quality protection practices;

(g) short-term changes in existing water quality resulting from activities authorized by the department pursuant to 75-5-308;

(h) land application of animal waste, domestic septage, or waste from public sewage treatment systems containing nutrients when the wastes are applied to the land in a beneficial manner, application rates are based on agronomic uptake of applied nutrients, and other parameters will not cause degradation;

(i) incidental leakage of water from a public water supply system, as defined in 75-6-102, or from a public sewage system, as defined in 75-6-102, utilizing best practicable control technology designed and constructed in accordance with Title 75, chapter 6;

(j) discharges of water from water well or monitoring well tests, hydrostatic pressure and leakage tests, or wastewater from the disinfection or flushing of water mains and storage reservoirs, conducted in accordance with department-approved water quality protection practices;

(k) oil and gas drilling, production, abandonment, plugging, and restoration activities performed in accordance with Title 82, chapter 10, or Title 82, chapter 11;

(l) short-term changes in existing water quality resulting from ordinary and everyday activities of humans or domesticated animals, including but not limited to:

(i) such recreational activities as boating, hiking, hunting, fishing, wading, swimming, and camping;

(ii) fording of streams or other bodies of water by vehicular or other means; and

(iii) drinking from or fording of streams or other bodies of water by livestock and other domesticated animals;

(m) coal and uranium prospecting performed in accordance with Title 82, chapter 4;

(n) solid waste management systems, motor vehicle wrecking facilities, and county motor vehicle graveyards licensed and operating in accordance with Title 75, chapter 10, part 2, or Title 75, chapter 10, part 5;

(o) hazardous waste management facilities permitted and operated in accordance with Title 75, chapter 10, part 4;

(p) metallic and nonmetallic mineral exploration permitted under and performed in accordance with Title 82, chapter 4, parts 3 and 4;

(q) nonpoint sources of pollution that cause short-term changes in existing water quality resulting from:

(i) activities authorized under Title 75, chapter 7, part 1; or

(ii) customary activities involving the use of water established by an existing water right or permit recognized under Montana law;

(r) the maintenance, repair, or replacement of dams, diversions, weirs, or other constructed works that are related to existing water rights and that are within wilderness areas so long as existing and anticipated beneficial uses are protected and as long as the changes in existing water quality relative to the project are short term; and

(s) any other activity that is nonsignificant because of its low potential for harm to human health or to the environment and its conformance with the guidance found in 75-5-301(5)(c).

Section 7. Codification instruction. [Sections 2, 3, and 6] are intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [sections 2, 3, and 6].

HeinOnline -- 1995 vol. III 2461 1995

PROVIDE FOR DIFFERING BENEFITS FOR PERSONS ENROLLED IN THE PROGRAM; SPECIFYING REQUIREMENTS FOR MANAGED HEALTH CARE ENTITIES; PROVIDING REQUIREMENTS RELATING TO ENROLLEES OF THE PROGRAM; PROVIDING FOR PAYMENT REDUCTIONS AND ADJUSTMENTS; AUTHORIZING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO SEEK NECESSARY WAIVERS; PROVIDING FOR OVERSIGHT BY THE LEGISLATIVE AUDITOR; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTIONS 17-7-502 AND 33-1-102, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the State of Montana is experiencing substantial rates of growth in Medicaid expenditures and the rate of growth in Medicaid expenditures is higher than the rate of growth of the state general fund; and

WHEREAS, the increasing cost of Medicaid is limiting the ability of the Legislature to address other needs of the citizens of the state of Montana; and

WHEREAS, it is the intent of the Legislature to promote the delivery of necessary medical care to Medicaid recipients in a cost-effective manner and to encourage providers and insurers to put in place programs that will improve the health of Medicaid recipients; and

WHEREAS, the Legislature desires to promote the development of healthy competition among providers of medical care with respect to cost-effectiveness and innovation in the provision of services.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 1,4,5,6, and 7] grant rulemaking authority to the department of social and rehabilitation services and because [section 3] grants rulemaking authority to the commissioner of insurance.

The rules adopted by the department of social and rehabilitation services pursuant to [section 1] must provide for the identification of persons eligible for enrollment in the integrated health care program.

The rules adopted by the commissioner of insurance pursuant to [section 3] may provide for the elimination or reduction of any requirement found in Title 33, chapter 31, if the commissioner of insurance finds the requirement unnecessary for the operation of a managed care community network in a rural area or because of federal requirements for prepaid health plans.

The rules adopted by the commissioner of insurance pursuant to [section 3] must set forth criteria for assessing the financial soundness of a managed care community network and must also establish reserve requirements, as determined appropriate by the commissioner, in the event that a managed care community network is declared insolvent or bankrupt.

The rules adopted by the department of social and rehabilitation services pursuant to [section 4] may provide for different benefit packages for different categories of persons enrolled in a managed health care entity.

The rules adopted by the department of social and rehabilitation services pursuant to [section 5] must provide:

(1) a definition of emergency care for purposes of reimbursing all providers of emergency care to persons enrolled in the program;

(2) quality assurance and utilization review requirements for managed health care entities; and

(3) a definition of community-based organizations with which managed health care entities are encouraged to seek cooperation.

The rules adopted by the department of social and rebabilitation services pursuant to [section 6] must provide for all fee-for-service and managed health care plan options for enrollees.

Under [section 7], the department of social and rehabilitation services is required to adopt rules to provide for a method to reduce payments to managed health care entities, taking into consideration any adjustment payments to health care facilities for certain key services and the implementation of methodologies to limit financial liability for managed health care facilities.

Be it enacted by the Legislature of the State of Montana:

Section 1. Policy of medicaid managed care — system for integrated health care services. It is the public policy of the state of Montana to adopt, to tbe extent practicable, a health care program that encourages the integration of health care services and that manages the health care of program enrollees to improve their health while preserving reasonable choice within a competitive and cost-efficient environment. In furtherance of this public policy, the department shall develop and implement an integrated health care program consistent with the provisions of [sections 1 through 9]. The provisions of [sections 1 through 9] apply only to the program created under [sections 1 through 9]. The department shall by rule identify persons eligible for enrollment in the program. The department shall inform enrollees of their choice, if any, among health care delivery systems. Persons enrolled in the program may also be offered cost-effective indemnity insurance plans, subject to availability.

Section 2. Definitions. As used in [sections 1 through 9], the following definitions apply:

(1) "Commissioner" means the commissioner of insurance provided for in 2-15-1903.

(2) "Department" means the department of social and rehabilitation services.

(3) "Health maintenance organization" means a bealth maintenance organization as defined in 50-5-101.

(4) "Managed care community network" or "network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by a person and that provides or arranges managed health care services under contract with the department to enrollees of the program.

(5) "Managed health care entity" or "entity" means a health maintenance organization or a managed care community network.

(6) "Person" means:

(a) an individual;

(b) a group of individuals;

(c) an insurer, as defined in 33-1-201;

(d) a health service corporation, as defined in 33-30-101;

(e) a corporation, partnership, facility, association, or trust; or

(f) an institution of a governmental unit of any state licensed by that state to provide health care, including but not limited to a physician, hospital, hospital-related facility, or long-term care facility.

(7) "Program" means the integrated health care program created by [sections 1 through 9].

Section 3. Managed care community network. (1) A managed care community network shall comply with:

(a) the requirements of Title 33, chapter 31, but the commissioner may by rule reduce or eliminate a requirement of Title 33, chapter 31, if the requirement is demonstrated to be unnecessary for the operation of the managed care community network; and

(b) the federal requirements for prepaid health plans as provided in 42 CFR, part 434.

(2) A managed care community network may contract with the department to provide any combination of medicaid-covered health care services that is acceptable to the department.

(3) A managed care community network shall demonstrate its ability to bear the financial risk of servicing enrollees under the program. The commissioner shall by rule adopt criteria for assessing the financial soundness of a network. The rules must consider the extent to which a network is composed of providers who directly render health care and are located within the community in which they seek to contract rather than solely arrange or finance the delivery of health care. The rules must consider risk-bearing and management techniques, as determined appropriate by the commissioner. The rules must also consider whether a network has sufficiently demonstrated its financial solvency and net worth. The commissioner's criteria must be based on sound actuarial, financial, and accounting principles. The commissioner is responsible for monitoring compliance with the rules.

(4) A managed care community network may not begin operation before the effective date of rules adopted by the commissioner under [sections 1 through 9], the approval of any necessary federal waivers, and the completion of the review of an application submitted to the commissioner. The commissioner may charge the applicant an application review fee for the commissioner's actual cost of review of the application. The fees must be adopted by rule by the commissioner. Fees collected by the commissioner must be deposited in an account in the special revenue fund and are statutorily appropriated, as provided in 17-7-502, to the commissioner to defray the cost of application review.

HeinOnline -- 1995 vol. III 2464 1995

(5) A health care delivery system that contracts with the department under the program may not be required to provide or arrange for any health care or medical service, procedure, or product that violates religious or moral teachings and beliefs if that health care delivery system is owned, controlled, or sponsored by or affiliated with a religious institution or religious organization but must comply with the notice requirements of [section 5(4)(c)].

(6) The commissioner shall adopt rules to protect managed care community networks against financial insolvency. Managed care community networks are subject to health maintenance protections against financial insolvency contained in 33-31-216 in the event that a managed care community network is declared insolvent or bankrupt.

Section 4. Different benefit packages. (1) The department may by rule provide for different benefit packages for different categories of persons enrolled in the program. Alcohol and substance abuse services, services for mental disorders, services related to children with chronic or acute conditions requiring longer-term treatment and followup, and rehabilitation care provided by a freestanding rehabilitation hospital or a rehahilitation unit may be excluded from a benefit package if those services are made available through a separate delivery system. An exclusion does not prohibit the department from developing and implementing demonstration projects for categories of persons or services. Benefit packages for persons eligible for medical assistance under Title 53, chapter 6, parts 1 and 4, may be based on the requirements of those parts and must be consistent with the Title XIX of the Social Security Act. [Sections 1 through 9] apply only to services purchased by the department.

(2) The program established by [sections 1 through 9] may be implemented by the department in various contracting areas at various times. The health care delivery systems and providers available under the program may vary throughout the state. A licensed managed health care entity must he permitted to contract in any geographic area for which it has a sufficient provider network and that otherwise meets the requirements of the state contract.

Section 5. Requirements for managed health care entities. (1) A managed health care entity that contracts with the department for the provision of services under the program shall comply with the requirements of this section for purposes of the program.

(2) The entity shall provide for reimbursement for health care providers for emergency care, as defined by the department by rule, that must be provided to its enrollees, including emergency room screening services and urgent care that it authorizes for its enrollees, regardless of the provider's affiliation with the managed health care entity. Health care providers must be reimhursed for emergency care in an amount not less than the department's rates for those medical services rendered by health care providers who are not under contract with the entity to enrollees of the entity.

(3) The entity shall provide that any health care provider affiliated with a managed health care entity may also provide services on a fee-for-service basis to department clients who are not enrolled in a managed health care entity.

(4) The entity shall provide client education services as determined and approved by the department, including but not limited to the following services:

HeinOnline -- 1995 vol. III 2465 1995

(a) education regarding appropriate use of health care services in a managed care system;

(b) written disclosure of treatment policies and any restrictions or limitations on health services, including but not limited to physician services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologicals, and radiological examinations; and

(c) written notice that the enrollee may receive from another provider those medicaid-covered services that are not provided by the managed health care entity but that are the financial responsibility of the entity.

(5) The entity shall provide that enrollees within its system will be informed of the full panel of health care providers. Contracts for the provision of services beyond 125 miles from the borders of Montana may not be entered into if services of comparable cost and quality are available within the state of Montana.

(6) The entity may not discriminate in its enrollment or disenrollment practices among recipients of medical services or program enrollees based on health status.

(7) For purposes of participation in the medicaid program, the entity shall comply with quality assurance and utilization review requirements established by the department by rule.

(8) The entity shall require that each provider meets the standards for accessibility and quality of care established by law. The department shall prepare an annual report regarding the effectiveness of the standards on ensuring access and quality of care to enrollees.

(9) The entity shall maintain, retain, and make available to the department records, data, and information, in a uniform manner determined by the department, that is sufficient for the department to monitor utilization, accessibility, and quality of care and that is consistent with accepted practices in the health care industry.

(10) Except for health care providers who are prepaid, the entity shall pay all approved claims for covered services that are correctly completed and submitted to the entity within 30 days after receipt of the claim or receipt of the appropriate capitation payment or payments by the entity from the state for the month in which the services included on the claim were rendered, whichever is later. If payment is not made or mailed to the provider by the entity by the due date under this subsection, an interest penalty of 1% of any amount unpaid must be added for each month or fraction of a month after the due date until final payment is made. [Sections 1 through 9] do not prohibit managed health care entities and health care providers from mutually agreeing to terms that require more timely payment.

(11) The entity shall seek cooperation with community-based programs provided by local health departments, such as the women, infants, and children food supplement program, childhood immunization programs, health education programs, case management programs, and health screening programs.

(12) The entity shall seek cooperation with community-based organizations, as defined by rule of the department, that may continue to operate under a

HeinOnline -- 1995 vol. III 2466 1995

contract with the department or a managed health care entity under [sections 1 through 9] to provide case management services to medicaid clients.

(13) A managed health care entity that provides written notice pursuant to subsection (4)(c) to an enrollee of medicaid-covered services available from another provider is responsible for payment for those services by another provider.

Section 6. Requirements relating to enrollees. (1) All individuals enrolled in the program must be provided with a full written explanation of all fee-for-service and managed health care plan options as provided by rule. The department shall provide to enrollees, upon enrollment in the program and at least annually, notice of the process for requesting an appeal under the department's administrative appeal procedures. The department shall maintain a toll-free telephone number for program enrollees' use in reporting problems with managed health care entities.

(2) If an individual becomes eligible for participation in the program while the individual is hospitalized, the department may not enroll the individual in the program until after the individual has been discharged from the hospital. This subsection does not apply to a newborn infant whose mother is enrolled in the program.

(3) The department shall, by rule, establish rates for managed health care entities that:

(a) are certified to be actuarially sound, in accordance with the department's current payment system;

(b) take into account any difference of cost to provide health care to different populations based on age and eligibility category. The rates for managed health care entities must be determined on a capitated basis.

(c) are based on treatment settings reasonably available to enrollees.

Section 7. Payment reductions and adjustments — freedom to contract. (1) The department shall by rule establish a method to reduce its payments to managed health care entities to take the following into consideration:

(a) any adjustment payments paid to health care facilities under subsection (2)(b) to the extent that those payments or any part of those payments have been taken into account in establishing capitated rates under [section 5]; and

(b) the implementation of methodologies to limit financial liability for managed health care entities under [section 5].

(2) For key services provided by a hospital that contracts with an entity, adjustment payments that are not included in capitated rates must be paid directly to the hospital by the department. Adjustment payments may include but need not be limited to:

(a) adjustment payments to disproportionate share hospitals as defined by department rule;

(b) perinatal center payments; and

HeinOnline -- 1995 vol. III 2467 1995

(c) payments for capital, direct medical education, indirect medical education, and certified registered nurse anesthetists.

(3) For any hospital eligible for the adjustment payments described in this section, the department shall maintain, through the period ending June 30, 1996, reimbursement levels in accordance with statutes and rules in effect at the time the payments are made.

(4) [Sections 1 through 9] do not limit or otherwise impair the authority of the department to enter into a contract, negotiated pursuant to [sections 1 through 9], with a managed health care entity, including a health maintenance organization, that provides for termination or nonrenewal of the contract without cause upon notice as provided in the contract and without a hearing. If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program and managed care.

Section 8. Waiver. The department may seek and obtain any necessary authorization provided under federal law to implement the program, including the waiver of any federal statutes or regulations. The department may not expand eligibility requirements unless authorized by the legislature. The department may seek a waiver of the federal requirement that the combined membership of medicare and medicaid enrollees in a managed health care entity may not exceed 75% of the managed health care entity's total enrollment. The department may not seek a waiver of the inpatient hospital reimbursement methodology in 42 U.S.C. 1396(a)(13) even if the federal agency responsible for administering Title XIX determines that 42 U.S.C. 1396(a)(13) applies to managed health care systems.

Section 9. Legislative auditor — oversight. (1) In order to prevent, detect, and eliminate fraud, waste, abuse, mismanagement, and misconduct and to determine that the program is administered fairly and effectively, the legislative auditor shall oversee all aspects of the managed care covered by [sections 1 through 9].

(2) A medical provider may not be compelled to provide individual medical records of patients unless the records are provided in accordance with the provisions of the Government Health Care Information Act. State and local governmental agencies shall provide the requested information, assistance, or cooperation.

(3) All activities conducted by the legislative auditor must be conducted in a manner that ensures the preservation of evidence for use in criminal prosecutions. The legislative auditor may present for prosecution the findings of any activity to the office of the attorney general or to United States attorneys in Montana.

(4) The legislative auditor shall report all convictions, terminations, and suspensions taken against vendors, contractors, and health care providers to the department and to any agency responsible for licensing or regulating those persons or entities.

HeinOnline -- 1995 vol. III 2468 1995

(5) The legislative auditor shall make periodic reports, findings, and recommendations regarding its oversight activities authorized by this section.

(6) [Sections 1 through 9] do not limit investigations by the department that may otherwise be required by law or that may be necessary in the department's capacity as the central administrative authority responsible for administration of public aid programs in this state.

Section 10. Applicability to managed care community networks. A managed care community network, as defined in [section 2], is governed by the provisions of this chapter and by [sections 1 through 9], but the commissioner may by rule reduce or eliminate a requirement of this chapter if the requirement is demonstrated to be unnecessary for the operation of a managed care community network.

Section 11. Section 17-7-502, MCA, is amended to read:

"17-7-502. Statutory appropriations — definition — requisites for validity. (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to clarify rulemaking authority of the department of fish, wildlife, and parks and the department of livestock with regard to the administration and regulation of game farms. It is intended that rules promulgated pursuant to Title 87, chapter 4, part 4, be adopted in accordance with the Montana Negotiated Rulemaking Act, Title 2, chapter 5, part 1.

(1) It is intended that the department of fish, wildlife, and parks have primary authority with regard to rules governing:

(a) game farm licensure;

(b) reporting requirements;

(c) exterior fencing requirements;

(d) classification of species the importation of which may present a threat to the state's wildlife population;

(e) general enforcement of game farm licensing violations; and

(f) the definition of "reasonable time" in the context of 87-4-419(2), which must reflect specific seasonal issues related to breeding and disease.

(2) It is intended that the department of livestock have primary authority with regard to rules governing:

(a) transportation and identification of game farm animals;

(b) health inspection and game farm quarantines, including interior facilities; and

(c) importation restrictions on exotic species.

(3) It is intended that the department of livestock's rules address the issue of immediate depopulation of game farm animals that test positive for tuberculosis.

(4) It is intended that both the department of fish, wildlife, and parks and the department of livestock consider the feasibility of using DNA as an additional method of identification of game farm animals.

(5) It is intended that the game farm advisory council advise both the department of fish, wildlife, and parks and the department of livestock regarding the administration of game farm operations, which may include input into the rules adopted pursuant to [this act].

(6) It is the intent of the legislature that in adopting rules pursuant to 87-4-426(6), the department of fish, wildlife, and parks provide for a timely and simplified process for minor amendments to an existing license. This may include, when appropriate, a categorical exclusion under the provisions of Title 75, chapter 1, part 1.

HeinOnline -- 1995 vol. III 2480 1995

STATEMENT OF INTENT

A statement of intent is required for this bill because it grants rulemaking authority to the department of social and rehabilitation services to adopt rules for expedited procedures.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 25] may be known and cited as the "Medical Support Reform Act".

Section 2. Purpose. The purpose of [sections 1 through 25] is to promote the health and medical care of children and to conserve the expenditure of public assistance funds by ensuring that children have access to reasonable health insurance coverage or a health benefit plan provided by their parents, who are primarily responsible for their support.

Section 3. Scope. [Sections 1 through 25] do not expand any coverage available to any individual under any health insurance coverage or a health benefit plan required under federal law or Title 33, chapter 22, though [sections 1 through 25] may expand the class of children who may he eligible for individual insurance or health benefit plan coverage due to a duty of support owed to them by their parents.

Section 4. Definitions. For purposes of [sections 1 through 25], the following definitions apply:

(1) "Child" means an individual, whether over or under 18 years of age, to whom or on whose behalf a legal duty of support is owed by a parent. The term includes but is not limited to a child enrolled or eligible for enrollment under a health benefit plan or individual insurance policy.

(2) "Child support guidelines" means guidelines adopted under the provisions of 40-5-209.

(3) "COBRA" means the federal Consolida ɔd Omnibus Budget Reconciliation Act of 1985, under which dependent children of employees may continue to receive, for a limited time under specific circumstances, health plan coverage after termination of employment.

(5) "Health benefit plan" or "plan" means a group health benefit plan or combination of plans, other than public assistance programs, that provides medical care or benefits for a child. The term includes but is not limited to a health maintenance organization, self-funded group, medical or health services corporation, or similar plan.

(6) "Individual insurance" means health or medical insurance coverage other than a group health benefit plan or public assistance that is or may be provided individually for a child.

(7) "Medical care" means diagnosis, cure, mitigation, treatment, or prevention of disease, illness, or injury, including well baby checkups, periodic examinations, and any other undertaking for the purpose of affecting any structure or function of the body.

HeinOnline -- 1995 vol. III 2481 1995

(8) "Medical support order" means a judgment, decree, or order, including approval of a settlement agreement issued by a tribunal of competent jurisdiction, that provides for the medical care of a child and that complies with the requirements of [sections 1 through 25].

(9) "Obligated parent" means the parent who is required by a medical support order to provide for the medical care of a child. The obligated parent is not necessarily the same as an obligor for child support.

(10) "Parent" means a father or mother and includes a child's guardian or other adult caretaker having lawful charge of the child.

(11) "Payor" or "payor of income" means a person, firm, corporation, association, union, employer, trustee, political subdivision, state agency, or any agent thereof who pays income to a parent on a periodic basis, who has or provides individual insurance or a health benefit plan, and who is subject to the jurisdiction of this state under Rule 4B of the Montana Rules of Civil Procedure.

(12) "Plan administrator" means the person or entity that assesses and collects premiums, accepts and processes claims, and pays benefits.

(15) "Third-party custodian" means an agency or person other than a parent who:

(a) is authorized by legal process to have physical custody of a child;

(b) has actual physical custody of a child with the written consent of the parent or parents having legal custody of the child; or

(c) has actual physical custody of a child because of the parents' neglect, failure, or inability to provide for the child's support, medical care, and other needs.

(16) "Tribunal" means a court of competent jurisdiction or the department.

Section 5. Establishing medical support orders. (1) In an action or proceeding to establish a child support order, whether temporary or final, or to modify an existing child support order, the tribunal shall also establish a medical support order. In establishing a medical support order, a tribunal shall consider:

(a) the best interests of the child;

(b) the child's present and anticipated needs for medical care;

(c) the financial ability of the parents to pay for individual insurance or a health benefit plan; and

(d) the extent to which an available health benefit plan or individual insurance coverage is subsidized or reduced in cost by an employer or by participation in a plan on a group basis.

HeinOnline -- 1995 vol. III 2482 1995

(2) Except as otherwise provided in [sections 1 through 25], a trihunal may not consider a child's eligibility for a public assistance program as a factor in determining a parent's financial ability to afford individual insurance or a health benefit plan.

Section 6. Contents of medical support order. (1) A medical support order may specify terms for individual insurance coverage and, to the extent of options within an available health benefit plan, the terms for plan coverage, including:

(a) minimum required policy limits;

(b) minimum required coverage;

(c) maximum terms for deductibles or required copayments; and

(d) other significant terms.

(2) If a child is already covered by individual insurance or a health benefit plan, if the child does not have existing coverage but coverage can be obtained under a health benefit plan that is available to the primary parent, or if the child does not have existing coverage and coverage for the child under a plan is available to the other parent, then the medical support order must require participation in that plan unless:

(a) the cost of continuing coverage or the cost of the health benefit plan is not reasonable or cost-beneficial; or

(b) another plan or individual insurance is available that will better serve the interests of the parties.

(3) If health benefit plans are available to both parents at a combined cost that is reasonable or cost-beneficial and with benefits that are complementary or compatible as primary and secondary coverage, the medical support order must require both parents to provide coverage for the child.

(4) If, at the time of the medical support order, coverage for the child in a health benefit plan is not available to either parent, the parent other than the primary parent must be required to obtain individual insurance coverage for the child. If the cost of individual insurance is not reasonable or cost-effective:

(a) the parent other than the primary parent must be required to obtain individual insurance or a health benefit plan at such time in the future that it becomes available to that parent at reasonable cost. The requirements in this subsection (4) to obtain a plan are not enforceable if:

(b) the primary parent has obtained individual insurance or a health benefit plan for the child and both parents have agreed in writing to share the costs of maintaining the coverage; or

(c) the other parent persuades the tribunal that the cost of available health benefit plans is not reasonable or cost-beneficial.

(5) This section also applies when a child is placed with a third-party custodian, unless a parent has obtained individual insurance or a plan for the child and both parents have agreed in writing to share the costs of maintaining

HeinOnline -- 1995 vol. III 2483 1995

the coverage or a parent persuades the tribunal that tbe cost of available individual insurance and plans is not reasonable or cost-beneficial. For purposes of tbis subsection, the primary parent is considered to be the parent witb whom the child resided for the most 24-hour periods in the 12 months prior to placement with the third-party custodian.

(6) The medical support order must also provide that the cost of individual insurance or the healtb benefit plan, any copayments and deductibles required under the coverage, and all medical expenses for the child that are not covered by individual insurance or the plan must be shared between parents in accordance with the child support guidelines. If tbe order fails to designate each parent's share, each parent is liable for 50% of tbe costs and expenses.

(7) (a) Except as provided in subsection (7)(b), if the cost of individual insurance or a health benefit plan is not reasonable or cost-beneficial or if a plan is not otherwise available and if the child is a recipient of medical assistance under Title XIX of the federal Social Security Act or later becomes a recipient of medical assistance:

(i) when the child is a recipient together with a parent, the medical support order must require the other parent to pay $50 per month;

(ii) when the child is not a recipient with a parent, the medical support order must require each parent to pay $50 per month; and

(iii) when the child is a recipient with both parents, neither parent has an obligation under this subsection (7)(a).

(b) The tribunal may order the parent or parents to pay a greater or lesser amount each month as tbe tribunal finds appropriate to the circumstances.

(c) The amounts ordered to be paid under this subsection (7) must be paid to the department for return to the appropriate state treasury fund to help offset the costs of the medical assistance program.

(8) The costs of providing individual insurance or a health benefit plan may not be used as a direct offset to the child support obligation. However, as provided by the child support guidelines, the costs may be considered in making or modifying a child support order.

(9) (a) Individual insurance or a health benefit plan is presumed to be available at reasonable cost if:

(i) an amount payable for individual insurance or health benefit plan premiums does not exceed 25% of the obligated parent's total parental child support obligation when calculated under the child support guidelines without credit for the medical support obligation; or

(ii) a health benefit plan is available through an employer or other group organization for which the premium is partially or entirely paid by the employer or other group organization.

(b) The presumption under subsection (9)(a) may be rebutted by clear and convincing evidence and the tribunal has the discretion to:

HeinOnline -- 1995 vol. III 2484 1995

(i) order individual insurance or health benefit plan coverage when the amount of the premium may be greater than the presumptive amount; or

(ii) not order coverage when the amount of the premium is less than the presumptive amount.

Section 7. Mandatory provisions of medical support order. (1) Unless the tribunal expressly specifies otherwise, a medical support order must include terms directed toward the provisions of [section 6(2) through (9)], even though a provision contained in those subsections may not apply to the parent's circumstances at the time the order is entered. The terms may be established as alternatives or contingencies that provide that if circumstances later change, the health needs of the child will continue to be met under one of the subsections without need for modification of the medical support order or other action by the tribunal that issued the order or any other tribunal of competent jurisdiction.

(2) If circumstances change and a parent believes that corresponding changes in costs are not reasonable or cost-beneficial, the parent may move to petition any appropriate tribunal for relief.

(3) If a health benefit plan is provided through an employer, union, or other group, the medical support order must also include provisions necessary to entitle the order to recognition as a qualified medical child support order.

Section 8. Persistence and duration of obligation. (1) A parent's obligation to provide for medical care of a child ceases only when the parental obligation to support a child terminates under law.

(2) The obligations to provide medical care for a child, provide financial child support, and provide or comply with visitation and custody arrangements are independent of each other, and the failure or inability to provide one or more does not reduce one of the others.

(3) A guardian or caretaker who is not the child's father or mother may not be compelled to support the child or be held liable for the child's expenses, except to the extent that the guardian or caretaker has voluntarily agreed in writing to assume the responsibility.

Section 9. Effect of order on health benefit plans. (1) The duties and responsibilities under a plan pursuant to [sections 1 through 25] apply equally to a union or employer that serves as the administrator of a plan for a parent who is a member or employee.

(2) A copy of a medical support order requiring enrollment of a child in a health benefit plan may be submitted to the plan administrator by either parent, by the department, or by a third-party custodian. The party submitting the order shall submit the child's name and birth date and the names and mailing addresses of the parents. If the child is a recipient of public assistance, the party submitting the order shall also submit the address of the department. If there is a third-party custodian of the child, the address of the third-party custodian must also be submitted.

(3) Presentation of the medical support order to the plan administrator authorizes each parent, the department, if the department has interest, or the

HeinOnline -- 1995 vol. III 2485 1995

third-party custodian to receive pertinent notices from the plan administrator and to freely communicate and generally interact with the plan administrator in all respects regarding the child's benefits as fully and effectively as if the obligated parent were to do so personally.

(4) If a medical support order requires the child to be enrolled in a health benefit plan, presentation of the order to the plan administrator binds the plan to enroll the child in the plan as provided by [sections 1 through 25].

(5) If a health benefit plan is available through the obligatod parent's employer or other payor of income, presentation of the medical support order to the payor binds the payor to enrollment of the child in the plan and to automatically deduct premium payments required by the plan from the obligated parent's income and remit them to the plan provider for as long as the obligated parent is eligible for coverage.

(6)(a) Ambiguities and discrepancies in an order may not be used to unreasonably or unnecessarily delay health benefit plan coverage for a child.

(b) If more than one plan is available to an obligated parent and the medical support order fails to specify a plan or combination of benefits to be provided for a child or if there has been a change in plans due to a change in employment of the obligated parent or for some other reason, the parties and the department shall apply the medical support order so as to provide the child with coverage under a plan that has a reasonable cost and that provides the child with benefits closest to those described in the order.

Section 10. Authorization to enroll and participate in health benefit plan. (1) A plan administrator shall enroll a child when given a medical support order even if the obligated parent fails to execute documents required by the plan. The parents, the department, and a third-party custodian may release to a plan provider, employer, union, or other group any information necessary to obtain or enforce medical support or to facilitate the preparation, submission, processing, verification, or payment of claims.

(2) The signature of either parent, of an authorized representative of the department, or of a third-party custodian authorizes the plan to receive and process claims and exercise any available options for the continuation or extension.

Section 11. Authorization to cure nonpayment of health benefit plan premium. In the case of an actual or threatened adverse action that would reduce or terminate plan benefits because of nonpayment of premium or insufficient payment of premium, the other parent, the department, or the third-party custodian may advance the cost of necessary premiums and keep benefits continually in force for the child. The advance may be entered as a judgment for unpaid child support in favor of the advancing party and against the obligated parent.

Section 12. Obligations of health benefit plan. (1) Upon receipt of a medical support order requiring a parent to provide coverage for a child, the administrator of a health benefit plan who receives the order shall accept the order as a valid authorization to enroll or provide benefits to the child. The

HeinOnline -- 1995 vol. III 2486 1995

health benefit plan may rely upon the face of the order and need not inquire as to its legal sufficiency.

(2) A plan administrator shall give the nonobligated parent, the department, whenever public assistance is paid to the child, or a third-party custodian all notices and correspondence from the plan and allow them to freely communicate and interact with the plan in all respects regarding the child's benefits as fully and effectively as if done by the obligated parent.

(3) A copy of the medical support order must be accepted by the plan administrator as a request and application of the eligible obligated parent requesting that new or continued benefits, including continuation coverage available under COBRA, be provided for the child. As soon as practical and no later than 30 days after receipt of the order or upon the obligated parent obtaining eligibility, the child must be enrolled under the plan as an individual entitled to available benefits. Enrollment may not be delayed until an open enrollment period.

(4) If a plan is provided by an employer or other payor of income, the payor shall deduct the necessary premiums, if any, from the income of the obligated parent and remit the premiums to the plan as provided in [section 13].

(5) Within 30 days after receipt of a copy of a medical support order, the health benefit plan shall give written notice to both parents, to the department, and to any third-party custodian setting forth the status of the child's enrollment in the plan and the addresses and telephone numbers of the offices where further information can be obtained and where changes of address and other updated information should be submitted.

(6) If coverage is transferred to a different plan, within 30 days of transfer, the new plan shall provide written notice to both parents, to the department, whenever public assistance is paid for the child, or to the third-party custodian setting forth the status of the child's enrollment in the plan and the addresses and telephone numbers of the offices where further information can be obtained and where changes of address and other updated information should be submitted.

(7) A plan administrator may not terminate a child's coverage unless:

(a) written evidence shows that the medical support order is no longer in effect, that the child will be enrolled in another health benefit plan, or that individual insurance is provided;

(b) the employer, union, or other group eliminates coverage for all members or employees;

(c) the plan is available through the obligated parent's employer or other payor of income and the obligated parent's employment or right to receive income from the payor is terminated and continued coverage under COBRA is not available or the time for such coverage is expired; or

(d) the plan is available through the obligated parent's employer or other payor of income, the amount of the premium or the premium together with child support exceeds the limits in this section, and the other parent, the department, or the third-party custodian has not cured the insufficiency under [section 11].

HeinOnline -- 1995 vol. III 2487 1995

Section 13. Obligation of payor. (1) Upon receipt of a medical support order, a payor providing a health benefit plan shall withhold from the obligated parent's income an amount equal to the required premium, if any, and apply the withheld amount to the plan premium, except that amounts withheld may not exceed the maximum amount permitted under the federal Consumer Credit Protection Act. If the premium exceeds the maximum, the payor may not withhold the excess. If the premium, together with child support to be withheld, exceeds the maximum, child support has priority and the payor may not withhold the part of the premium that is in excess of the maximum.

(2) A medical support order has priority over garnishment of the income of the obligated parent for any purpose, except child support.

(3) (a) The payor shall continue withholding premiums when an obligated parent resumes employment following any break in service, layoff, leave of absence, or other similar circumstance.

(b) Upon the termination of employment, extended layoff, or any other break in service that causes coverage under a health benefit plan to cease, the payor shall immediately notify the other parent and the department or the third-party custodian, if either submitted the medical support order or submitted a written notice of interest to the plan.

(4) (a) A payor who is an employer may not discharge, refuse to employ, or take other disciplinary action against an obligated parent solely because of the issuance of a medical support order.

(b) The obligated parent has the burden of proving that the issuance of the medical support order was the sole reason for the employer's action.

(c) A payor knowingly violating this section is subject to the contempt powers of the tribunal issuing the medical support order. The tribunal may, in addition, impose a civil penalty of not more than $150.

Section 14. Obtaining information. Upon the request of either of the child's parents, the department, or a third-party custodian, a health benefit plan shall provide information about the child's health benefit coverage, including but not limited to:

(1) a description of the benefits and options available under the plan and summaries of the terms and costs of all plans and options for which the child is eligible;

(2) names and addresses of the employer, union, plan, or other entities involved in administering the plan;

(3) identification cards or other methods for access to coverage, including but not limited to numbers, codes, or other references applicable to the plan or to the group through which the child participates;

(4) claims received or paid on behalf of the child, including the dates and amounts of payments and the names and addresses of parties who have submitted claims or received payment for claims; and

(5) other information relevant to the preparation, submission, processing, or verification of claims.

HeinOnline -- 1995 vol. III 2488 1995

Section 15. Paying claims. Payment for a medical claim assigned to the department must be to the department. If a medical claim is not assigned to the department and the claim is submitted by a parent or a third-party custodian, payment must be to the health service provider involved. Payment may be to the parent or third-party custodian submitting the claim if there is written evidence of prepayment to the health service provider by that parent or third-party custodian.

Section 16. Newborn children. A health benefit plan must provide the coverage required by 33-22-301 to a newborn child covered by [sections 1 through 25].

Section 17. Adopted children — preexisting conditions. A health benefit plan shall provide the coverage required by 33-22-130 to a child placed for adoption.

Section 18. Nonexclusion — nondiscrimination by health benefit plan. A health benefit plan may not deny or limit enrollment of an obligated parent's child or discriminate against a child because:

(1) the child is not claimed as a dependent on the obligated parent's state or federal income tax return or considered as a dependent for tax purposes;

(2) the child was born out of wedlock;

(3) the child does not reside with the obligated parent;

(4) the child does not reside in the health plan's service area. A plan that provides medical care at particular locations or geographic areas shall also provide comparable benefits for a child whose residence or location is elsewhere.

(5) the natural child of the obligated parent has a preexisting condition, unless the plan does not provide for enrollment or provides only for limited enrollment of children with preexisting conditions.

Section 19. Medical assistance eligibility. A health benefit plan may not use information pertaining to medical assistance eligibility under Title XIX of the federal Social Security Act as a factor in enrolling a child in a plan or in making payments for benefits on behalf of the covered child. A health benefit plan may not impose any restrictions or requirements on recipients of medical assistance or the department different from those applicable to any other plan participant.

Section 20. Void health benefit plans. A health benefit plan provision that denies or restricts coverage for a child in violation of a provision of [sections 15 through 18] is void as against public policy.

Section 21. Penalty imposed by tribunal. (1) In addition to any other penalty provided by [sections 1 through 25] or other law, a tribunal, after a hearing, may impose a civil penalty not to exceed $25 for each day that a parent, health benefit plan, employer, union, or other payor is found to have knowingly violated a medical support order or a provision of or a rule adopted under [sections 1 through 25].

(2) The civil penalty must be deposited as provided in [section 13].

HeinOnline -- 1995 vol. III 2489 1995

(3) Imposition of a civil penalty under this section may be appealed if the tribunal is a court or may be reviewed under Title 2, chapter 4, part 7, if the tribunal is the department.

Section 22. Duties of parents — consequences of noncompliance. (1) An obligated parent shall promptly execute and deliver to the provider of individual insurance, to a health benefit plan, or to another proper party all forms and instruments necessary to ensure the child's timely enrollment and continuous participation in any individual insurance or plan ordered by the medical support order. An obligated parent shall timely submit claims for processing, verification, and payment. Intentional delay or interference with enrollment or with the timely submission for processing, verification, and payment of a claim is punishable as provided in [section 21] and by an award of costs and attorney fees to an opposing party.

(2) An obligated parent shall provide the other parent, the department, and the third-party custodian with identification cards or other methods for access to coverage, including but not limited to numbers, codes, or other references applicable to the individual insurance, health benefit plan, or group through which the child receives coverage. Intentional delay or failure to provide information is punishable as provided in [section 21] and by an award of costs and attorney fees to an opposing party.

(3) If a party receives a reimbursement payment from individual insurance or from a health benefit plan but is not the party who has paid or is paying the underlying bill of the health service provider, the party receiving the payment shall promptly pay over the proceeds to the proper party. In addition to any applicable penalty for theft, conversion, civil contempt, or other wrongdoing, the amount of the payment may be entered as a judgment in favor of the proper party and against the party failing to promptly pay over the reimbursement.

(4) An obligated parent who defaults on a medical support order by failing to obtain individual insurance or a health benefit plan or who permits the individual insurance or plan coverage to lapse without securing a comparable replacement is liable for all of the child's medical expenses and shall indemnify the other parent, the department, or the third-party custodian for the cost of obtaining health benefit coverage and for all medical expenses of the child. The obligated parent may be relieved of liability by proving to the satisfaction of the tribunal that:

(a) no reasonable-cost or cost-beneficial individual insurance coverage or health benefit plan was available for the child during the period of time involved and the other parent, the department, or the third-party custodian has received notice of the nonavailability;

(b) the individual insurance coverage or plan ceased to be available for reasons wholly unrelated to the conduct of the obligated parent, replacement coverage has not been available, and timely written notice of the nonavailability has been given to the other parent, the department, or the third-party custodian; or

(c) the other parent or third-party custodian has obtained health coverage for the child and all parties have entered into an enforceable written agreement to share the costs of the coverage.

HeinOnline -- 1995 vol. III 2490 1995

(5) An obligated parent who provides individual insurance coverage or a health benefit plan that is deficient under the requirements of the medical support order is liable, including liability by indemnification, for all of the child's medical expenses that should have been covered but were not and for the cost to the other parent, the department, or the third-party custodian of obtaining coverage that complies with the order. The obligated parent may be relieved of liability by proving to the satisfaction of the trihunal that:

(a) the coverage provided for the child has been the best available during the periods of time involved and timely written notice regarding the coverage available was given to the other parent, the department, or the third-party custodian;

(b) benefits have been reduced for reasons wholly unrelated to the conduct of the obligated parent, better coverage has not been available, and timely written notice has been given to the other parent, the department, or the third-party custodian; or

(c) the other parent or the third-party custodian has obtained coverage for the child and all parties have entered into an enforceable written agreement to share the costs of the coverage.

(6) Any liability for medical costs and expenses incurred under this section may be entered as a judgment for unpaid support in favor of the party or agency paying the same and against the obligated parent.

(7) The consequences of noncompliance with a medical support order apply, to the extent possible, to a judgment, decree, or support order that requires a parent to obtain medical or health insurance coverage for a child or to pay for a child's medical care and that was entered:

(a) by a tribunal prior to enactment of [sections 1 through 25]; or

(b) by a court or administrative agency of competent jurisdiction in another state or territory.

Section 23. Health coverage — notice of intent to purchase. (1) The department or a court on request of the department may issue an order requiring the obligated parent to appear and show cause why an order should not be issued permitting the department to purchase individual insurance or health benefit plan coverage for the obligated parent's child and requiring recovery of the premium from the obligated parent if the tribunal finds that:

(a) a medical support obligation has been established by order of a tribunal;

(b) the obligated parent has become delinquent by failing to provide individual insurance or a health benefit plan or lets the individual insurance or health benefit plan lapse;

(c) there is no payor to whom an order of enrollment under [section 12] applies;

(d) the child is currently eligible for medical assistance benefits under Title XIX of the federal Social Security Act, as amended; and

HeinOnline -- 1995 vol. III 2491 1995

(e) other individual insurance or a health benefit plan is available for the child and can be purchased at a reasonable cost.

(2) Prior to issuing or requesting an order to show cause, the department shall give the obligated parent notice of the intent to purchase coverage under this section and an opportunity to enroll the child in individual insurance or a health benefit plan within 30 days after notice is received by the obligated parent.

(3) If the obligated parent provides written proof within the 30 days after receipt of the notice that the child is enrolled in individual insurance or a health benefit plan, no further action may be taken by the department.

(4) After issuing a show cause order and after opportunity for hearing, the tribunal shall promptly rule upon the issues. The proceeding must be dismissed if the tribunal finds that the obligated parent has enrolled the child in individual insurance or a health benefit plan or that the individual insurance or plan that the department intends to purchase is not reasonable.

(5) A health benefit plan purchased under this section may be continued by the department until:

(a) the child is no longer eligible for medical assistance benefits;

(b) the obligated parent is no longer responsible under the law for the medical needs of the child; or

(c) the obligated parent provides written proof that the child has been enrolled in individual insurance or another adequate health benefit plan.

Section 24. Expedited enforcement procedures. (1) A parent, the department, or the third-party custodian may apply to the court for expedited enforcement procedures under [sections 1 through 25]. If the child receives medicaid, a parent or third-party custodian may apply to the department for and the department may on its own motion use expedited enforcement procedures under [sections 1 through 25].

(2) Upon receipt of an application, the tribunal may issue an order requiring the obligated parent to appear and show cause why an order, penalty, fine, or any combination should not be determined, assessed, and entered under one or more provisions of [sections 1 through 25]. The obligated parent may appear at the hearing or submit an affidavit asserting the obligated parent's position and defense. The show cause order must be issued if the tribunal finds that:

(a) a medical support obligation has been established by order of a tribunal or by a court or administrative agency of another state, territory, or Indian reservation;

(b) the obligated parent is liable for medical costs and expenses or premium payments under [sections 1 through 25];

(c) a parent receives a reimbursement payment from individual insurance or a health benefit plan and fails to promptly turn the payment over to the party who has paid or is paying the underlying bill of the health service provider;

HeinOnline -- 1995 vol. III 2492 1995

(d) a parent is delinquent in paying to the other parent, the department, or a third-party custodian the parent's share of:

(i) copayments and deductibles required under the individual insurance or plan; or

(ii) costs and expenses not covered by individual insurance or a health benefit plan; or

(e) there are fines, penalties, or other financial sanctions that may be imposed under [sections 1 through 25].

(3) Prior to applying for expedited enforcement, the applicant shall give the obligated parent notice of the claim under [sections 1 through 25]. The obligated parent may pay the claim within 30 days after receiving the notice. A copy of the notice must he given to the other parent, to the department, if the department is not the applicant or the tribunal hearing the matter and if public assistance is paid for the child, or to the third-party custodian. The other parent, the department, or the third-party custodian may participate in the proceedings as a party.

(4) An application for expedited enforcement may be based on any credible statements or evidence presented to the tribunal, including the sworn affidavit of:

(a) a health care provider who has provided care or benefits for the child;

(b) an authorized representative of the department, the health benefit plan, or the individual insurer;

(c) either parent of the child; or

(d) the third-party custodian of the child.

(5) The order to show cause must inform the obligated parent and any other party of the party's right to respond by affidavit. An affidavit may include written proof of payment. A hearing must be scheduled within 15 days after the date of service of the order on the obligated parent. If an affidavit with written proof of payment is not received by the tribunal within 15 days and the obligated parent does not appear at the hearing, judgment may be entered for the relief requested. If an affidavit with written proof of payment is received but the obligated parent does not appear at the hearing, the tribunal may resolve the issues on the basis of credible documents and affidavits submitted.

(6) After issuing a show cause order and after opportunity for hearing, the tribunal shall promptly rule upon the issues. The proceeding must be dismissed if the tribunal finds written proof of payment of the liability and the amount of the liability is not contested by a party to the proceedings.

(7) If the tribunal finds the obligated parent liable, the tribunal shall enter the amount of the liability as an award against the liable parent. If requested to do so, the tribunal may make an award specifically in favor of a health care provider, health benefit plan, or individual insurer to the extent that an unsatisfied bill of the health care provider, health benefit plan, or individual insurer is part of the unsatisfied medical support liability involved. If the tribunal finds that the conduct, claim, or response of a party was frivolous or in

HeinOnline -- 1995 vol. III 2493 1995

bad faith, the tribunal may impose sanctions against the party including an award of costs and attorney fees.

(8) Awards under this section may be collected by any remedy available for the collection of delinquent child support, but claims for current or past-due child support have priority.

(9) An award under this section is a final order and may be appealed if the tribunal is a court or may be reviewed under Title 2, chapter 4, part 7, if the tribunal is the department.

Section 25. Rulemaking authority. The department may adopt rules to implement [sections 1 through 25].

Section 26. Section 33-22-1202, MCA, is amended to read:

"33-22-1202. Limited benefit disability insurance policies authorized. (1) Insurers and health service corporations may issue limited benefit disability insurance policies that do not provide mandated health care coverage as required in 33-22-111, 33-22-114, 33-22-131, 33-22-229, 33-22-301, 33-22-302, 33-22-304, 33-22-504, 33-22-506, 33-22-509, 33-22-703, 33-22-1002, 33-30-1001, 33-30-1003, 33-30-1004, 33-30-1008, 33-30-1011, 33-30-1013, or any other provision enacted after January 1, 1991, unless the provision specifically mandates coverage for policies issued under this part.

(2) Limited benefit disability insurance policies may be issued only to the following persons:

(a) employers who:

(i) employ 20 or fewer employees working at least 20 hours per week; and

(ii) have been in business in the state for at least 12 months and have not contributed, within the preceding 12 months, to payment of any premiums for disability insurance on behalf of an employee;

(b) disabled or injured workers and their families;

(c) unemployed individuals and their families;

(d) self-employed individuals and their families; and

(e) a parent, or the department of social and rehabilitation services on behalf of the parent, who is ordered by a court or administrative authority of this or another state or who is required under 40-5-208~~(1)(b)~~ to provide health insurance coverage for a child if health insurance coverage is not available through employment or a union. This subsection (e) applies only to orders or modifications of orders issued after July 1, 1991, by a court or administrative authority.

(3) The insurer or health service corporation may establish terms and conditions for copayments and deductibles.

(4) The insurer or health service corporation issuing a limited benefit disability insurance policy shall provide the insured individual with a written disclosure statement, separate from the insurance policy, certificate, or evidence

of coverage, stating in clear and understandable language and format which mandatory coverages and providers are not covered by the policy and what coverage is provided by the policy.

(5) Limited benefit disability insurance policies must provide coverage in accordance with the minimum requirements set forth in 33-22-1203."

Section 27. Section 40-4-204, MCA, is amended to read:

"**40-4-204. Child support — orders to address health insurance — withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and the child's educational and medical needs;

(e) the financial resources and needs of the noncustodial parent;

(f) the age of the child;

(g) the cost of day care for the child;

(h) any custody arrangement that is ordered or decided upon; and

(i) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for finding that the application of the standards and guidelines is unjust to the child or a party or is inappropriate

HeinOnline -- 1995 vol. III 2495 1995

in that particular case. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(4) Each *temporary or final* district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a ~~provision addressing health insurance coverage in the following cases:~~

~~(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment, decree, or order may contain a provision requiring that coverage for the child or children be continued or obtained.~~

~~(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.~~

~~(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.~~

~~(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.~~

~~(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation~~ *medical support order as provided for in [sections 1 through 25].*

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to

HeinOnline -- 1995 vol. III 2496 1995

include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) After October 1, 1993, if a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(6) For the purposes of income withholding under subsection (5), every district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(7) ~~If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.~~

~~(8)~~ Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order.

~~(9)(a)~~*(8) (a)* A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support to be paid to:

(i) the legal custodian of the minor child;

(ii) (A) any other person, organization, or agency having legal physical custody of the minor child under a legal assignment of rights; or

(B) the court for the benefit of the minor child;

(iii) any other person or agency designated as caretaker of the minor child by agreement of the legal custodian; or

(iv) any assignee or other person, organization, or agency authorized to receive or collect child support.

HeinOnline -- 1995 vol. III 2497 1995

(b) A judgment, decree, or order that omits the provision required by subsection ~~(9)(a)~~ *(8)(a)* is subject to the requirements of subsection ~~(9)(a)~~ *(8)(a)* without need for an amendment to the judgment, decree, or order or for any further action by the court."

Section 28. Section 40-4-208, MCA, is amended to read:

"40-4-208. Modification and termination of provisions for maintenance, support, and property disposition. (1) Except as otherwise provided in 40-4-201(6), a decree may be modified by a court as to maintenance or support only as to installments accruing subsequent to actual notice to the parties of the motion for modification.

(2) (a) Whenever the decree proposed for modification does not contain provisions relating to maintenance or support, modification under subsection (1) may only be made within 2 years of the date of the decree.

(b) Whenever the decree proposed for modification contains provisions relating to maintenance or support, modification under subsection (1) may only be made:

(i) upon a showing of changed circumstances so substantial and continuing as to make the terms unconscionable;

(ii) upon written consent of the parties; or

(iii) upon application by the department of social and rehabilitation services, whenever the department of social and rehabilitation services is providing services under Title IV-D of the federal Social Security Act. The support obligation must be modified, as appropriate, in accordance with the guidelines promulgated under 40-5-209. A modification under this subsection may not be made within 12 months after the establishment of the order or the most recent modification.

(c) The nonexistence of a medical support order as defined in [section 4] or a violation of a medical support order justifies an immediate modification of child support in order to:

(i) provide for the actual or anticipated costs of the child's medical care;

(ii) provide or maintain a health benefit plan or individual health insurance coverage for the child; or

(iii) eliminate any credit for a medical support obligation when it has been permitted or used as a credit in the determination of the child support obligation.

(3) The provisions as to property disposition may not be revoked or modified by a court, except:

(a) upon written consent of the parties; or

(b) if the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

HeinOnline -- 1995 vol. III 2498 1995

(4) Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(5) Provisions for the support of a child are terminated by emancipation of the child or the child's graduation from high school if the child is enrolled in high school, whichever occurs later, but in no event later than the child's 19th birthday, unless the termination date is extended or knowingly waived by written agreement or by an express provision of the decree. Provisions for the support of a child do not terminate upon the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump-sum payment, to the extent just and appropriate in the circumstances."

(2) ~~(a)~~ If the department is providing ~~child support enforcement~~ *IV-D* services ~~and the obligor is required by an existing district court order or an administrative order under this section to provide health insurance coverage~~ for a child, the department shall also enforce ~~the health insurance obligation.~~ *any order issued by a court or administrative agency of competent jurisdiction that:*

(a) requires the obligor to make payments for the health or medical needs of the child, whether expressed in monthly dollar amounts or in a lump-sum dollar amount. The department shall apply the same enforcement remedies as are available for the enforcement of child support as if those remedies expressly applied to medical or health obligations.

Section 31. Section 40-6-116, MCA, is amended to read:

"**40-6-116. Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily must be for periodic payments, which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court considers just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, including medical needs;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

(h) the responsibility of the parents for the support of others;

HeinOnline -- 1995 vol. III 2503 1995

(i) the value of services contributed by the custodial parent;

(j) the cost of day care for the child; and

(k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for finding that the application of the standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(7) The judgment or order, *whether temporary or final,* concerning child support and each modification of a judgment or order for child support must include a ~~provision addressing health insurance coverage in the following cases:~~ *medical support order as defined in [section 4].*

~~(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment or order may contain a provision requiring that coverage for the child or children be continued or obtained.~~

~~(b) In the event that health insurance required in a child support judgment or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party shall, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.~~

~~(c) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.~~

~~(d) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.~~

(8) (a) Unless an exception is found under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) After October 1, 1993, if a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(9) For the purposes of income withholding as provided in subsection (8), whenever the district court establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

~~(10) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.~~

~~(11)~~*(10)* Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

Collections may not change significantly on an annual basis.

(b) The term does not include revenue:

HeinOnline -- 1995 vol. III 2526 1995

(i) that an agency will receive only as a result of an occurrence that is not a routine part of agency operations;

(ii) that will vary significantly on an annual basis; or

(iii) that is unable to be included in the agency budget because of the erratic nature of receipt.

~~(1)~~*(3)* "Dedicated revenue provision" means an administrative or legislative action that allocates the revenue from a tax, fee, assessment, or other source to an account in the state special revenue fund *as described in 17-2-102.*

(4) "General revenue source" means a source of revenue not governed by established or implied restrictions based on the source or limited use of the revenue. The term includes taxes, interest earnings, investment earnings, fines, and forfeitures.

(2) All assets, liabilities, and fund balances of accounts terminated ~~by 15-1-501, 20-9-343, and 31-1-602~~ *by the legislature* accrue to the general fund."

Section 18. Section 17-1-505, MCA, is amended to read:

The use of a dedicated revenue provision may be justified if it satisfies one or more of the following:

(a) *The program or activity funded* provides direct benefits for those who pay the dedicated tax, fee, or assessment, *and the tax, fee, or assessment is commensurate with the costs of the program or activity*;.

(b) *The use of the dedicated revenue provision* provides special information or other advantages that could not be obtained if the revenue were allocated to the general fund;.

(c) ~~provides~~ *The dedicated revenue provision provides* program funding at a level equivalent to the expenditures established by the legislature;.

(d) *The dedicated revenue provision* involves collection and allocation formulas that are appropriate to the present circumstances *and current priorities* in state government;.

(e) impairs *The dedicated revenue provision does not impair* the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending;.

(f) *The dedicated revenue provision* results in an ~~inappropriate~~ *an appropriate projected* ending fund balance;.

(g) *The dedicated revenue provision* fulfills a continuing, legislatively recognized need;~~, and~~.

(h) ~~results~~ *The dedicated revenue provision does not result* in accounting or auditing inefficiency.

~~(3)~~*(4)* The committee shall establish procedures to facilitate ~~the~~ *a biennial* review and evaluation ~~required by this section~~ *of dedicated revenue provisions*. ~~Each interim, the committee shall attempt to propose measures that will reduce dedicated revenue to an amount that is less than one-third of all state revenue.~~

If the review determines that the revenue dedication is constitutionally mandated, is for deht service, funds emergency services, or is a user fee that is designed to provide direct benefits for those who pay the dedicated tax, fee, or assessment in an amount commensurate with the benefits provided, the revenue dedication ~~does not need a~~ *may be exempt from* future review.

~~(4)~~*(5)* Upon completion of the review, the committee shall report a summary of its findings to the legislature, including its recommendation of termination or extension, with or without modification, of the dedicated revenue provision. The summary must include the purpose of the revenue dedication, the source of funding, the activity funded, the number of personnel associated with the activity, and any balance in the dedicated revenue fund. The summary must state the reason why the revenue dedication is exempt from future review.

~~(5) The committee shall review statutory appropriations to determine if the appropriation should be made by a legislative appropriation. During the 1995 biennium, the committee shall review the statutory appropriation of administrative costs in 75-11-313.~~"

Section 19. Principles of revenue dedication. (1) It is the policy of the legislature that a revenue source not be dedicated for a specific purpose unless one or more of the following conditions are met:

(a) The person or entity paying the tax, fee, or assessment is the direct beneficiary of the specific activity that is funded by the tax, fee, or assessment; the entire cost of the activity is paid by the beneficiary; and the tax, fee, or assessment paid is commensurate with the cost of the activity, including reasonable administrative costs.

(b) There is an expectation that funds donated by a person or entity will he used for a specified purpose. Grants from private or public entities are considered donations under this subsection.

(c) There is a legal basis for the revenue dedication. A legal basis is a constitutional mandate, federal mandate, or statutory requirement in which a source of funds is designated for a specific purpose.

(d) There is a recognized need for accountability through a separation of funding from the general fund consistent with generally accepted accounting principles.

(2) The total funding for a program is a legislative budget and policy issue for which a dedicated revenue provision may not be justified if:

(a) a general fund appropriation is needed to supplement the dedicated revenue support for the program or activity; or

(b) dedicating a revenue source or portion of a revenue source diverts funds that could be considered a general revenue source.

(3) In the consideration of the general appropriations act for each biennium, the legislature shall determine the appropriateness of dedicating revenue to a program or activity under conditions described in subsection (2). The office of budget and program planning shall describe the occurrence in its presentation of the executive budget, and the legislative fiscal analyst shall highlight the

issue in the budget analysis and for the appropriations subcommittee considering the revenue dedication.

Section 20. Review of statutory appropriations. (1) Each interim, the legislative finance committee shall review the criteria set forth in subsection (4) to ensure that legislative policy is clearly stated concerning the use of statutory appropriations.

(2) Each biennium, the office of budget and program planning and the legislative fiscal analyst shall, in development and analysis of the executive budget, identify instances in which statutory appropriations in current law do not appear consistent with the criteria set forth in subsection (4).

(3) As part of each agency audit, the legislative auditor shall review statutory appropriations to the agency and report instances in which they do not appear consistent with the criteria set forth in subsection (4).

(4) The review of statutory appropriations must determine whether a statutory appropriation meets the requirements of 17-1-505. A statutory appropriation from a continuing and reliable source of revenue may not be used to fund administrative costs.

(5) The office of budget and program planning shall, consistent with the review provisions in this section, review each piece of legislation that proposes to create or amend a statutory appropriation. Its findings concerning the statutory appropriation must be contained in the fiscal note accompanying that legislation.

If the forage that is subject to embargo is found to have met all of the requirements of the state certification program and the department verifies compliance with the program, the board shall release the embargo. The board may also release the forage under the following conditions:

(a) verification of guaranteed delivery back to the original producer, as defined in [section 3];

If resolution is not accomplished, the board may condemn the forage and implement through its employees any of the conditions set forth in this section. If the board proceeds with correction of these conditions after 30 days, all actual expenses incurred and documented by the board are payable by the producer unless the person in possession of the forage also has an interest in the forage."

Section 3. Section 33-22-1811, MCA, is amended to read:

"33-22-1811. Availability of coverage — required plans. (1) (a) As a condition of transacting business in this state with small employers, each small employer carrier shall offer to small employers at least two health benefit plans. One plan must be a basic health benefit plan, and one plan must be a standard health benefit plan.

(b) (i) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible small employer that applies for either plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with this part.

HeinOnline -- 1995 vol. III 2657 1995

(ii) In the case of a small employer carrier that establishes more than one class of business pursuant to 33-22-1808, the small employer carrier shall maintain and offer to eligible small employers at least one basic health benefit plan and at least one standard health benefit plan in each established class of business. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

(A) the criteria are not intended to discourage or prevent acceptance of small employers applying for a basic or standard health benefit plan;

(B) the criteria are not related to the health status or claims experience of the small employers' employees;

(C) the criteria are applied consistently to all small employers that apply for coverage in that class of business; and

(D) the small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business.

(iii) The provisions of subsection (1)(b)(ii) may not be applied te a class of business into which the small employer carrier is no longer enrolling new small businesses.

(c) The provisions of this section are effective 180 days after the commissioner's approval of the basic health benefit plan and the standard health benefit plan developed pursuant to 33-22-1812, provided that if the program created pursuant to 33-22-1818 is not yet operative on that date, the provisions of this section are effective on the date that the program begins operation.

(2) (a) A small employer carrier shall, pursuant to 33-1-501, file the basic health benefit plans and the standard health benefit plans to be used by the small employer carrier.

(b) The commissioner may at any time, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this part.

(3) Health benefit plans covering small employers must comply with the following provisions:

(a) A health benefit plan may not, because of a preexisting condition, deny, exclude, or limit benefits for a covered individual for losses incurred more than 12 months following the effective date of the individual's coverage. A health benefit plan may not define a preexisting condition more restrictively than ~~33-22-110, except that the condition may be excluded for a maximum of 12 months~~ *33-22-110(2)*.

(b) A health benefit plan must waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to those services if the qualifying previous coverage was continuous to a date not less tban 30 days prior to the submission of an application for new coverage. This subsection (3)(b)

does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan.

(c) A health benefit plan may exclude coverage for late enrollees for 18 months or for an 18-month preexisting condition exclusion, provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed 18 months from the date the individual enrolls for coverage under the health benefit plan.

(d) (i) Requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, must be applied uniformly among all small employers that have the same number of eligible employees and that apply for coverage or receive coverage from the small employer carrier.

(ii) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.

(e) (i) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subsection (3)(c).

(ii) A small employer carrier may not modify a basic or standard health benefit plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(4) (a) A small employer carrier may not be required to offer coverage or accept applications pursuant to subsection (1) in the case of the following:

(i) to a small employer when the small employer is not physically located in the carrier's established geographic service area;

(ii) to an employee when the employee does not work or reside within the carrier's established geographic service area; or

(iii) within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have the capacity within its established geographic service area to deliver service adequately to the members of a group because of its obligations to existing group policyholders and enrollees.

(b) A small employer carrier may not be required to provide coverage to small employers pursuant to subsection (1) for any period of time for which the commissioner determines that requiring the acceptance of small employers in accordance with the provisions of subsection (1) would place the small employer carrier in a financially impaired condition."

CHAPTER NO. 525

[HB 504]

AN ACT REQUIRING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES AND THE DEPARTMENT OF LABOR AND INDUSTRY TO ADOPT RULES GOVERNING THE USE OF A PERSONAL

HeinOnline -- 1995 vol. III 2665 1995

ASSISTANT BY A PERSON WITH A DISABILITY; PROVIDING THAT THE ACTIONS OF A PERSONAL ASSISTANT ARE NOT SUBJECT TO REGULATION BY THE BOARD OF NURSING; PROVIDING DEFINITIONS; AND AMENDING SECTION 37-8-103, MCA.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 1] requires the department of social and rehabilitation services and the department of labor to adopt rules governing the use of personal assistants by persons with disabilities.

The legislature intends that the rules adopted by the departments allow a person with a disability or an immediately involved representative, such as a parent or guardian, to arrange for and direct the use of a personal assistant. The rules must allow the person with a disability to act as though the person is the employer, for the purposes of selection, management, and supervision, of the personal assistant in making the decisions of who to employ, terms of employment, length of employment, and other matters, although the personal assistant is the employee of another person or entity. Before a person with a disability would be allowed to act as though that person is the employer, the person must also have a plan of care approved by a physician or health care professional, stating what aspects of the disabled person's care the personal assistant may be assigned.

The contents of a plan of care must be addressed by rule and must include the individual's needs for personal assistance services, a plan for emergency back-up, and tasks assigned to the personal assistant. The plan of care may also address training, recruitment, and replacement of personal assistants and schedules for supervision and annual review of care by the health care professional.

Be it enacted by the Legislature of the State of Montana:

Section 1. Agencies to adopt rules governing personal assistant services. (1) Recognizing the importance of consumer control over personal assistance services in a self-directed service model, the legislature directs the department of social and rehabilitation services and the department of labor and industry to adopt administrative rules authorizing a person with a disability to act as though the person is the employer, for the purposes of selection, management, and supervision, of a personal assistant, although the personal assistant is the employee of another person or entity. The rules must reflect both the rights and protection guaranteed to workers under existing labor law and ensure that consumers of personal assistant services have day-to-day control, supervision, and direction over those services.

(2) As used in this section, the following definitions apply:

(a) "Ancillary services" means services ancillary to basic services provided to an individual in need of bome-based care who needs one or more of the following basic services:

(i) homemaker-type services, including but not limited to shopping, laundry, cleaning, and seasonal chores;

HeinOnline -- 1995 vol. III 2666 1995

(ii) companion-type services, including but not limited to transportation, letter writing, reading mail, assisting with alternative communication, and escort; and

(iii) assistance with cognitive tasks, including but not limited to managing finances, planning activities, prompting, and problem solving.

(b) "Basic services" includes assistance:

(i) getting in and out of bed, a wheelchair, or a motor vehicle; and

(ii) with routine bodily functions including:

(A) health maintenance activities;

(B) bathing and personal hygiene;

(C) dressing and grooming;

(D) feeding, including preparation and cleanup; and

(E) setup, use, and maintenance of assistive technologies.

(c) "Personal assistant services" means those basic and ancillary services that enable an individual in need of home-based care to live in the individual's home and community rather than in an institution and to carry out functions of daily living, self-care, and mobility.

(d) "Individual in need of home-based services" means an individual with a physical or mental impairment who requires assistance in completing functions of daily living, self-care, and mobility.

(3) The department of social and rehabilitation services is not required to provide personal care services as part of the medicaid program in a self-directed service model as described in this section unless the personal assistant is an employee of an entity willing to provide the protections guaranteed to workers under existing labor laws, including but not limited to the payment of workers' compensation and unemployment insurance premiums.

(4) This section does not prohibit the department of social and rehabilitation services from determining the amount, scope, and duration of the personal assistance services provided under the medicaid program, nor does this section mandate personal assistance services.

(5) Medical and related liability for personal care services provided pursuant to this section rests with the person directing the services.

Section 2. Section 37-8-103, MCA, is amended to read:

"**37-8-103. Exemptions — limitations on authority conferred.** (1) ~~No provisions of this law~~ *This chapter* may *not* be construed as prohibiting:

(a) gratuitous nursing by friends or members of the family;

(b) incidental care of the sick by domestic servants or persons primarily employed as housekeepers;

(c) nursing assistance in the case of an emergency;

(d) the practice of nursing by students enrolled in approved nursing education programs;

(e) the practice of nursing in this state by any legally qualified nurse of another state whose engagement requires the nurse to accompany and care for a patient temporarily residing in this state during the period of one ~~such~~ engagement not to exceed 6 months in length, provided that person does not represent to the public that the person is a nurse licensed to practice in this state;

(f) the practice of any legally qualified nurse of another state who is employed by the United States government or any bureau, division, or agency ~~thereof~~ *of the United States* while in the discharge of that nurse's official duties;

(g) nursing or care of the sick, with or without compensation, when done in connection with the practice of the religious tenets of any well-established religion or denomination by adherents ~~thereof~~ *of the religion or denomination*;

[HB 540]

AN ACT GENERALLY REVISING THE MONTANA YOUTH COURT ACT; AND AMENDING SECTIONS 40-6-233, 41-3-102, 41-5-102, 41-5-304, 41-5-306, 41-5-403, 41-5-514, 41-5-522, 41-5-604, 41-5-802, AND 41-5-811, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-6-233, MCA, is amended to read:

"**40-6-233. Remedy for parental abuse.** The abuse of parental authority is the subject of judicial cognizance in a civil action brought by the child or by its relative within the third degree or by the county commissioners of the county where the child resides. When the abuse is established, the child may be freed from the dominion of the parent and the duty of support and education enforced. *A parent or guardian of a child has the right to give the child medicine prescribed for the child, and exercise of the right is not an abuse of parental authority.*"

Section 2. Section 41-3-102, MCA, is amended to read:

"**41-3-102. Definitions.** As used in this chapter, the following definitions apply:

(1) "A person responsible for a child's welfare" means the child's parent, guardian, or foster parent; a staff person providing care in a day-care facility; an employee of a public or private residential institution, facility, home, or agency; or any other person legally responsible for the child's welfare in a residential setting.

(2) "Abused or neglected" means the state or condition of a child who has suffered child abuse or neglect.

(3) (a) "Adequate health care" means any medical care, including the prevention of the withholding of medically indicated treatment or medically indicated psychological care permitted or authorized under state law.

(b) ~~Nothing in this~~ *This* chapter may *not* be construed to require or justify a finding of child abuse or neglect for the sole reason that a parent, due to religious beliefs, does not provide medical care for a child. However, nothing in this chapter may be construed to limit the administrative or judicial authority of the state to ensure that medical care is provided to the child when there is imminent or substantial risk of harm to the child.

(4) "Child" or "youth" means any person under 18 years of age.

(5) (a) "Child abuse or neglect" means:

(i) harm to a child's health or welfare, as defined in subsection (8); or

(ii) threatened harm to a child's health or welfare, as defined in subsection (15).

HeinOnline -- 1995 vol. III 2680 1995

(b) The term includes harm or threatened harm to a child's health or welfare by the acts or omissions of a person responsible for the child's welfare.

(c) The term does not include self defense, defense of others, or action taken to prevent the child from self harm that does not constitute harm to a child's health or welfare.

(6) "Department" means the department of family services provided for in 2-15-2401.

(7) "Dependent youth" means a youth:

(a) who is abandoned;

(b) who is without parents or guardian or not under the care and supervision of a suitable adult;

(c) who has no proper guidance to provide for necessary physical, moral, and emotional well-being;

(e) who is dependent upon the public for support; or

(f) whose parent or parents have voluntarily relinquished custody and whose legal custody has been transferred to a licensed agency.

(a) inflicts or allows to be inflicted upon the child physical or mental injury;

(b) commits or allows to be committed sexual abuse or exploitation of the child;

(c) causes failure to thrive or otherwise fails to supply the child with adequate food or fails to supply clothing, shelter, education, or adequate health care, though financially able to do so or offered financial or other reasonable means to do so;

(d) abandons the child by leaving the child under circumstances that make reasonable the belief that the parent or other person does not intend to resume care of the child in the future or by willfully surrendering physical custody for a period of 6 months and during that period does not manifest te the child and the person having physical custody of the child a firm intention to resume physical custody or to make permanent legal arrangements for the care of the child; or

(e) is unknown and has been unknown for a period of 90 days and reasonable efforts to identify and locate the parents have failed.

(9) "Limited emancipation" means a status conferred on a dependent youth by a court after a dispositional hearing in accordance with 41-3-406 under which the youth is entitled to exercise some but not all of the rights and responsibilities of a person who is 18 years of age or older.

HeinOnline -- 1995 vol. III 2681 1995

(10) "Mental injury" means an identifiable and substantial impairment of the child's intellectual or psychological functioning.

However, the term does not include the failure to provide treatment (other than appropriate nutrition, hydration, or medication), to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(a) the infant is chronically and irreversibly comatose;

(b) the provision of treatment would:

(i) merely prolong dying;

(ii) not be effective in ameliorating or correcting all of the infant's life-threatening conditions; or

(iii) otherwise be futile in terms of the survival of the infant; or

(c) the provision of treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane. For purposes of this subsection, "infant" means an infant less than 1 year of age or an infant 1 year of age or older who bas been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference to less than 1 year of age may not be construed to imply tbat treatment should be changed or discontinued when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws regarding medical neglect of children over 1 year of age.

(c) ability of ~~the parents or legal guardian~~ *the parents, legal guardian, or persons contributing to the youth's delinquency or need for supervision* to pay;

As soon as practical thereafter, the department shall send to each agency liquor store a statement for the total price of the inventery, payable in 16 even monthly payments. The price must be

calculated in the same manner as the price for liquor purchased by an agency liquor store under the provisions of 16-2-101. The first payment is due 60 days from the date on which the department mails the statement, and each subsequent payment is due on the last day of the month for each month thereafter. At any time after payment of the first payment, an agent who is purchasing the initial inventory may pay in full the amount due or may increase the amount of each monthly payment. The payment of increased payments does not waive the making of a monthly payment until the initial purchase price is fully paid.

(2) Any shortages due the state as of June 30, 1995, must be offset from the final commission payment. If the shortage exceeds the calculated commission payment, the agent shall make payment within 30 days of notice of the amount due.

As soon as practical thereafter, the department shall send to the agency liquor store a statement for the total price of the inventory and trade fixtures, payable in 16 even monthly payments. The price of liquor must be calculated in the same manner as the price for liquor purchased by an agency liquor store under the provisions of 16-2-101. Trade fixtures must be valued by the department as the amount, if any, in excess of the fixtures' depreciated value. The first payment is due 60 days from the date on which the department mails the statement, and each subsequent payment is due on the last day of the month for each month thereafter. HeinOnline -- 1995 vol. III 2715 1995

(b)(i) The department shall supply from the state liquor warehouse to agency liquor stores the various classes, varieties, and brands of liquor for resale at the state posted price to persons who hold liquor licenses and to all other persons at the retail price established by the agent.

(ii)(A) According to the ordering and delivery schedule set by the department, an agency liquor store may place a liquor order with the department at its state liquor warehouse in the manner to be established by the department.

(B) The agency liquor store's purchase price is the department's posted price less the agency liquor store's commission rate in the state agency franchise agreement and less the agency liquor store's weighed average discount ratio. For purposes of this subsection (2)(b)(ii)(B), for agency liquor stores or employee-operated state liquor stores that were operating June 30, 1994, the weighted average discount ratio is the ratio between an agency liquor store's or the employee-operated state liquor store's full case discount sales divided by the agency liquor store's or employee-operated state liquor store's gross sales, based on fiscal year 1994 reported sales, times the state discount rate for case lot sales, as provided in 16-2-201, divided by the state discount rate for full case lot sales in effect on June 30, 1994. For all other stores that are placed in service after June 30, 1994, the weighted average discount ratio is the average ratio in fiscal year 1994 for similar sized stores for 1 year of operation. Thereafter, the weighted discount ratio must be computed on the store's first 12 months of operation.

(C) All liquor purchased from the state liquor warehouse by an agency liquor store must be paid for within 60 days of the date on which the department invoices the liquor to the agency liquor store.

(c) An agency liquor store may sell table wine at retail for off-premises consumption.

(3) ~~(a) State liquor stores must be considered for closure, conversion, or sale only when a store lease expires. Prior to the expiration of a lease, the department may conduct a financial profitability analysis using the criteria in subsection (1)(c)(i). In computing profit levels of state-operated stores, the costs of the licensing bureau and the legal and enforcement division, other than inspection costs directly attributable to liquor stores, may not be included as expenses. The revenue oversight committee must be informed of all plans for conversion, sale, or closure of state liquor stores.~~

~~(b)~~ Agency *liquor* stores may not be located in or adjacent to grocery stores in communities with populations over 3,000. ~~This provision is applicable only to agency agreements entered into after May 11, 1987.~~

(4) ~~Agency~~ *Agency* stores must receive commissions ~~based on adjusted gross sales~~ *payable* as follows:

(a) a ~~10% commission~~ *10% commission* for agencies in communities with less than 3,000 in population, *unless adjusted pursuant to subsection (6) or (8)*;

(b) a commission established by competitive bidding *unless adjusted pursuant to subsection (6) or (8)* for agencies in communities with 3,000 or more in population.

(5) An agency franchise agreement must:

(a) be effective for a 10-year period and may be renewed every 10 years if the requirements of the agency franchise agreement have been satisfactorily performed;

(b) require the agent to maintain comprehensive general liability insurance and liquor liability insurance throughout the torm of the agency franchise agreement in an amount established by the department of administration. The insurance policy must:

(i) declare the department as an additional insured; and

(ii) hold the state harmless and agree to defend and indemnify the state in a cause of action arising from or in connection with the agent's negligent acts or activities in the execution and performance of the agency franchise agreement.*;*

(c) ~~require the agent to provide performance security in an amount equal to the average monthly value of inventory at cost based on the most recent 12-month period of inventory value at the agency store location or, if a 12-month history is not available, the department's estimate of the average value~~ *provide that upon termination by the department for cause or upon mutual termination, the agent is liable for any outstanding liquor purchase invoices. If payment is not made within the appropriate time, the department may immediately repossess all liquor inventory, wherever located*~~; and~~.

(d) specify the reasonable service and space requirements that the agent will provide throughout the term of the agency franchise agreement.

(6)*(a)* The commission percentage that the department pays the agent under an agency franchise agreement may be reviewed *on July 1, 1998, and* every ~~5~~ *3* years *thereafter* at tbe request of either party. If the agent concurs, the department may adjust the commission percentage to be paid during the remaining torm of the agency franchise agreement *or until the next time the commission percentage is reviewed, if that is sooner than the term of the agency franchise agreement,* to a commission percentage that is equal to the average commission percentage being paid agents with similar sales volumes if:

~~(a)~~*(i)* the agent's commission percentage is less than the average; and

~~(b)~~*(ii)* all the requirements of the agency franchise agreement have been satisfactorily performed.

(b) The adjusted commission percentage determined under subsection (6)(a) may be greater than the average commission paid agents with similar sales volume:

(i) if the agent demonstrates that:

(A) the agent has experienced cost increases that are beyond the agent's control, including but not limited to increases in the federally established minimum wage or escalation in prevailing rent; and

(B) the average commission percentage is insufficient to yield net income commensurate with net income experienced before the cost increases occurred; and

(ii) if the department demonstrates that it is unable to indicate adjustments in the requirements specified in the agent's franchise agreement that will eliminate the impact of cost increases.

(7) The liability insurance ~~and performance security requirements~~ *requirement* may be reviewed every ~~5~~ *3* years *after July 1, 1995,* at the request of either the agent or the department. If the agent concurs, the department may adjust the requirements to be effective during the remaining term of the agency franchise agreement if the adjustments adequately protect the state from risks associated with the ~~loss of state assets or from the~~ agent's negligent acts or activities in the execution and performance of the agency franchise agreement. The amount of *liability* insurance coverage may not be less than the minimum requirements of the department of administration.

(8) (a) Except as provided in subsection (8)(b), an agency franchise agreement must be renewed for additional 10-year periods if the agent has satisfactorily performed all the requirements of the agency franchise agreement. Except for establishing the new term and except for a commission percentage that may be negotiated as provided in subsection (8)(b), changes in the agency franchise agreement as a result of a renewal may not he made unless the agent and the department mutually agree.

(b) If at least 90 days prior to the expiration of a 10-year agency franchise agreement, the department determines that an adjustment of the commission percentage paid to the agent is in the best interests of the state, the department shall notify the agent of that determination.

(c) If the agent does not concur with the department's commission percentage adjustment, the department shall advertise for bids for the agency franchise at the adjusted commission percentage, subject to the provisions of this chapter. If bids from persons who meet the criteria provided in this chapter are received by the department for the agency franchise at the adjusted commission percentage, the agent under the existing franchise agreement has a preference right to renew the franchise agreement by concurring in the adjusted commission percentage.

(d) If the agent under the existing franchise agreement declines to exercise the preference right under subsection (8)(c), the department shall enter inte an agency franchise agreement as provided in this chapter with a person who accepted the adjusted commission percentage.

(e) If the agent exercises the preference right and believes the adjusted commission percentage te be inadequate or not in the best interests of the state, the agent may request an administrative hearing. The request must contain a statement of reasons why the agent believes the commission percentage to be inadequate or not in the state's best interests. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the adjusted commission percentage is inadequate or not in the state's best interests. The department may, after the hearing, adjust the commission percentage if the agent shows that the commission percentage is inadequate or not in the best interests of the state. If the department increases the commission percentage rate, the department shall set forth its findings and conclusions in writing and inform the agent and the other persons who offered to enter into an agency agreement at the adjusted commission rate.

HeinOnline -- 1995 vol. III 2718 1995

(b) The department shall give an agent 30 days' notice of its intent to terminate the agency franchise agreement for cause and specify the unmet requirements. The agent may contest the termination and request a hearing within 30 days of the date of notice. If a hearing is requested, the department shall suspend its termination order until after a final decision has been made pursuant to the Montana Administrative Procedure Act.

~~(a)~~ *(c)* ~~Except in~~ *In* the case of *failure to make timely payments to the department for liquor purchased* ~~suspected theft or unauthorized use of state assets, the department shall give an agent 30 days' notice of its intent to terminate the agency franchise agreement for cause and specify the unmet requirements. The agent may contest the agency franchise agreement termination and request a hearing within 30 days. If a hearing is requested, the department shall suspend its termination order until after a final decision has been made pursuant to the Montana Administrative Procedure Act.~~

~~(b) If an agent is suspected of theft or unauthorized use of state assets~~, the department may terminate the agency franchise agreement and ~~retrieve its assets~~ immediately *repossess any liquor purchased and in the possession of the agent*. The agency store shall remain closed until a final decision has been reached following a hearing held pursuant to the Montana Administrative Procedure Act.

(10) An agency franchise agreement may be terminated upon mutual agreement by the agent and the department.
